Tips for Examination Preparation

The following suggestions will help you prepare for your
examination. Planned preparation, in addition to the
required classroom hours, increases your likelihood of
passing.
- Use the examination content outline provided in this
Candidate Information Bulletin as the basis of your study.
The outline itself is a study tool because it can
familiarize you with real estate terms.
- Learn the major points associated with each outline
topic.
- Select study materials that cover all the topics in the
content outline.
- Take notes on what you study. Putting information in
writing helps you commit it to memory. Underline or
highlight key ideas that will help with a later review.
- Read the study materials, making sure you understand
each idea before going on to another.
- Check each topic off the outline when you feel you have
an adequate understanding. Plan to take your
examination when all topics have been checked.
- Discuss new terms or concepts as frequently as you can
with colleagues. This will test your understanding and
reinforce ideas.
- Your studies will be most effective if you study
frequently, for about 45 to 60 minutes. Concentration
tends to wander when you study for longer periods of
time.

Description of Examinations and
Examination Content Outlines

The Examination Content Outlines have been approved by the
Maryland Real Estate Commission. These outlines reflect the
minimum knowledge required by real estate professionals to
perform their duties to the public in a competent and
responsible manner. Changes in the examination content will
be preceded by changes in these published examination
content outlines.

Use the outlines as the basis of your study. The outlines list
all of the topics that are on the examination and the number of
items for each topic. Do not schedule your examination
until you are familiar with all topics in the outlines.

The Examination Summary Table below shows the number of
questions and the time allowed for each examination portion.

Experimental Questions

A small number of “experimental” questions (i.e., 5 to 10)
may be administered to candidates during the examinations.
These questions will not be scored and the time taken to
answer them will not count against testing time. The
administration of such unscored, experimental questions is an
essential step in developing future licensing exams.
The following is a list of possible study materials for the National Portion of the Real Estate examination. The list is given to identify resources and does not constitute an endorsement by PSI or by the State Real Estate Commission. Use the latest edition available.

Many of these reference materials are available for purchase at www.psionlinestore.com or by calling the PSI Online Store, toll-free, at (866) 589-3088.

Titles currently in stock are listed on the order form near the end of this candidate information bulletin.
