EXAMINATION PAYMENT AND SCHEDULING PROCEDURES

Upon TDLR approval of eligibility, you will receive an email confirmation with instructions for scheduling an appointment to take the examination. (If you have not provided an email address, you will receive a postcard via U.S. Mail with this information).

You must pass the written examination before you can sit for the practical examination. Examination eligibilities are good for 5 years and you may test an unlimited number of times during this period. However, you are encouraged to study between examination attempts and to sit for your examination as soon as possible after attending cosmetology school. A separate fee is required for each examination attempt.

NOTE: FEES ARE NOT REFUNDABLE OR TRANSFERABLE. YOUR EXAMINATION FEE WILL BE FORFEITED IF YOU DO NOT TEST WITHIN 1 YEAR OF THE DATE YOUR EXAMINATION FEE IS RECEIVED BY PSI.

INTERNET SCHEDULING

For the fastest and most convenient test scheduling process, PSI recommends that candidates schedule for their examinations using the Internet. To schedule over the Internet, candidates will need to have a valid credit card (Visa, MasterCard, American Express or Discover). Candidates schedule online by accessing PSI’s website at www.psiexams.com. Internet scheduling is available 24 hours a day. To schedule over the Internet, complete the steps below. See the following page for detailed instructions.

1. Log onto PSI’s website and create an account. Please enter your email address and first and last name. This information must match exactly with the information TDLR has on file. Be sure to check the box next to “Check here to attempt to locate existing records for you in the system”

2. You will be asked to select the examination and enter the ID# that TDLR provided to you. Your record will be found and you will now be ready to pay and schedule for the exam. Enter your zip code and a list of the testing sites closest to you will appear. Once you select the desired test site, available dates will appear. If you have problems contact PSI at (833) 333-4741 for help.

TELEPHONE SCHEDULING

For telephone registration, you will need a valid credit card (Visa, MasterCard, American Express or Discover).

PSI registrars are available at (800) 733-9267, Monday through Friday between 6:30 am and 9:00 pm, and Saturday-Sunday between 8:00 am and 4:30 pm, Central Time, to receive your payment and schedule your appointment for the examination.

FAX REGISTRATION

If you prefer, you may fax the Examination Registration Form (found at the end of this Candidate Information Bulletin). Complete the Examination Registration Form, including your credit card number and expiration date. Fax the completed form to PSI (702) 932-2666. Registration by fax is accepted 24 hours a day. Please allow 4 business days to process before contacting PSI to schedule.

STANDARD MAIL REGISTRATION

If you prefer, you may mail the Examination Registration Form (found at the end of this Candidate Information Bulletin). Mail the completed Examination Registration Form to PSI with the appropriate examination fee. Payment of fees may be made by credit card (VISA, MasterCard, American Express or Discover), money order, company check or cashier’s check. Make your money order or check payable to PSI, with your student permit number noted on it to ensure that your fees are properly assigned. CASH AND PERSONAL CHECKS ARE NOT ACCEPTED. Please allow 7 business days to process before contacting PSI to schedule.
1. Go to www.psiexams.com and select “Create an Account”. If you have already created an account, type in your email address and password.

2. VERY IMPORTANT STEP. You must put in your email address and the spelling of your name EXACTLY as it was submitted to TDLR.

3. Be sure to check the box “Check here to attempt to locate existing records for you in the system” and select Submit.

4. Select the organization, state, account, and classification (as seen below). Enter your Student Permit # (in the TDLR_ID_Number field).

5. The system will find your imported record. You are now ready to pay and schedule for the examination. Select “Pay for a test.”
6. Type in your credit card information and select Submit.

7. Enter your zip code or the city where you live and select Search. You will get a list of the testing sites closest to you. Select the desired Test center and select Continue.

   ![](image)

8. You will now see the availability. Click on the date and time of your choice and select Schedule.

   ![](image)

9. A confirmation will appear that you can print out, and you will receive an email confirmation.

RESCHEDULING AN EXAMINATION APPOINTMENT

You may cancel and reschedule an examination appointment without forfeiting your fee if your cancellation notice is received 2 days before the scheduled examination date. For example, for a Monday appointment, the cancellation notice would need to be received on the previous Saturday. Please use the PSI Website or call PSI at (800) 733-9267.

Note: A voice mail message is not an acceptable form of cancellation. Please use the PSI Website or call PSI to speak directly to a Customer Service Representative.

LOSE YOUR EXAMINATION FEE

Your registration will be invalid, you will not be able to take the examination as scheduled, and you will forfeit your examination fee, if you:

▪ Do not reschedule your appointment at least 2 days before the scheduled examination date.
▪ Do not appear for your examination appointment.
▪ Arrive after the examination start time.
▪ Do not present proper identification when you arrive for the examination.
▪ Are not dressed appropriately for the Practical Examination.

EXAM ACCOMMODATIONS

All examination centers are equipped to provide access in accordance with the Americans with Disabilities Act (ADA) of 1990, and exam accommodations will be made in meeting a candidate’s needs. Applicants with disabilities or those who would otherwise have difficulty taking the examination must fill out the form at the end of this Candidate Information Bulletin and fax to PSI (702) 932-2666. This form also includes out-of-state testing requests.

FOREIGN LANGUAGES

Examinations are administered in English. However, some examinations are available in Spanish or Vietnamese for no additional cost. To take one of these examinations you must indicate your language preference when you schedule your examination.

For languages other than English, Spanish or Vietnamese, you may request to have the examination translated by contacting PSI and paying an additional cost for each translation. You will be advised of the cost once PSI receives the quote for the translation. This fee will be paid by the candidate. Please fill out the form at the end of this Candidate Information Bulletin.

Candidates may also bring a bound Word-to-Word translation dictionary. The dictionary cannot contain pictures or definitions. Candidates are not permitted to bring in any additional papers (loose or attached) with their dictionary. Highlighting, underlining, indexing or marking in the dictionary prior to or during the examination is prohibited. Any candidate caught writing, highlighting, underlining, and or indexing in the dictionary during the examination will be subject to forfeiting their dictionary, termination of their examination and reporting the incident to the Texas Department of Licensing and Regulation.

EXAMINATION SITE CLOSING FOR AN EMERGENCY

In the event that severe weather or an emergency forces the closure of an examination site on a scheduled examination date, your examination will be rescheduled. PSI personnel will attempt to contact you in this situation. However, you may check the status of your examination schedule by calling (800) 733-9267. Every effort will be made to reschedule your examination at a convenient time as soon as possible.

DUPLICATE SCORE REPORTS

You may request a duplicate score report after your examination by emailing scorereport@psionline.com or by calling 800-733-9267.

EXAMINATION REVIEW

PSI, in cooperation with TDLR, will be regularly evaluating the examinations being administered to ensure that the examinations accurately measure competency in the required knowledge areas. While taking the examination, examinees will have the opportunity to provide comments on any questions, by clicking the Comments link on the function bar of the test question screen.

These comments will be analyzed by PSI examination development staff. Although PSI does not respond to individuals regarding these comments, all substantive comments are reviewed. If a discrepancy is found during the comment review, PSI and the department may re-evaluate candidate results and adjust them accordingly. This is the only review of the written examination available to candidates. There is NO review of the Practical examination.

REPORTING TO THE EXAMINATION SITE
On the day of the examination, you should arrive 30 minutes prior to your scheduled appointment time. This allows time for sign-in and identification verification and provides time to familiarize yourself with the examination process. NO conversing or any other form of communication is permitted once you enter the examination area. You must wear closed-toe shoes. If you arrive late or do not appear in the appropriate attire, you will not be admitted to the examination site and you will forfeit your examination registration fee.

REQUIRED IDENTIFICATION AT EXAMINATION SITE
You must provide 1 form of identification (ID). The identification must be a VALID form of government-issued ID, such as a driver’s license*, state ID, or passport book**. The identification must contain all of the following biographical information:

(1) printed name  
(2) photograph  
(3) signature  
(4) date of birth  
(5) expiration date

*An expired driver’s license will be accepted only if accompanied by a VALID Texas Department of Public Safety temporary permit.

**Passport cards do not contain all required information and are not acceptable.

Current public high school***, community college and junior college IDs are also VALID government-issued IDs and require only your printed name, photograph and date of birth.

***If you have graduated from high school, your ID is only valid until August 31 of that year.

PSI does not accept temporary licenses or IDs unless accompanied by either the expired/invalid license; a W-2 form; a private school ID card; or an official school transcript.

Identification provided must match all information provided by TDLR to PSI upon eligibility. A digital copy of your ID documentation will be taken upon check in, and stored with your personal data.

If you cannot provide the required identification, you must call (833) 333-4741 at least 3 weeks prior to your scheduled appointment to arrange a way to meet this security requirement.

Failure to provide the required identification at the time of the examination without notifying PSI is considered a missed appointment, and you will not be able to take the examination and will forfeit your examination fee.

SECURITY PROCEDURES
The following security procedures will apply during the examination:

- Candidates may take only approved items into the examination room.
- All personal belongings of candidates, with the exception of close-fitting jackets or sweatshirts, should be placed in the secure storage provided at each site prior to entering the examination room. Personal belongings include, but are not limited to, the following items:
  - Electronic devices of any type, including cellular / mobile phones, recording devices, electronic watches, cameras, pagers, laptop computers, tablet computers (e.g., iPads), music players (e.g., iPods), smart watches, radios, or electronic games.
  - Bulky or loose clothing or coats that could be used to conceal recording devices or notes, including coats, shawls, hooded clothing, heavy jackets, or overcoats.
  - Hats or headgear not worn for religious reasons or as religious apparel, including hats, baseball caps, or visors.
  - Other personal items, including purses, notebooks, reference or reading material, briefcases, backpacks, wallets, pens, pencils, other writing devices, food, drinks, and good luck items.
- Person(s) accompanying an examination candidate may not wait in the examination center, inside the building or on the building’s property. This applies to guests of any nature, including drivers, children, friends, family, colleagues or instructors.
- No smoking, eating, or drinking is allowed in the examination center.
- During the check-in process, all candidates will be asked if they possess any prohibited items. Candidates may also be asked to empty their pockets and turn them out for the proctor to ensure they are empty. The proctor may also ask candidates to lift up the ends of their sleeves and the bottoms of their pant legs to ensure that notes or recording devices are not being hidden there.
- Proctors will also carefully inspect eyeglass frames, tie tacks, or any other apparel that could be used to harbor a recording device. Proctors will ask to inspect any such items in candidates’ pockets.
- If prohibited items are found during check-in, candidates shall put them in the provided secure storage or return these items to their vehicle. PSI will not be responsible for the security of any personal belongings or prohibited items.
- Any candidate possessing prohibited items in the examination room shall immediately have his or her test results invalidated, and PSI shall notify the examination sponsor of the occurrence.
- Any candidate seen giving or receiving assistance on an examination, found with unauthorized materials, or who
violates any security regulations will be asked to surrender all examination materials and to leave the examination center. All such instances will be reported to the examination sponsor.

- Copying or communicating examination content is violation of a candidate’s contract with PSI, and federal and state law. Either may result in the disqualification of examination results and may lead to legal action.
- Once candidates have been seated and the examination begins, they may leave the examination room only to use the restroom, and only after obtaining permission from the proctor. Candidate will not receive extra time to complete the examination.

**COMPUTER-BASED WRITTEN EXAM**

The examination will be administered via computer. You will be using a mouse and computer keyboard.

**IDENTIFICATION SCREEN**

You will be directed to a semiprivate testing station to take the examination. When you are seated at the testing station, you will be prompted to confirm your name, identification number, and the examination for which you are registered.

**TUTORIAL**

Before you start your examination, an introductory tutorial is provided on the computer screen. The time you spend on this tutorial, up to 15 minutes, DOES NOT count as part of your examination time. Sample questions are included following the tutorial so that you may practice answering questions, and reviewing your answers.

**TEST QUESTION SCREEN**

The “function bar” at the top of the test question provides mouse-click access to the features available while taking the examination.

One question appears on the screen at a time. During the examination, minutes remaining will be displayed at the top of the screen and updated as you record your answers.

**REFERENCE LIST**

This examination is CLOSED BOOK.

The reference listed below is used to prepare the questions for this examination.

SCORE REPORTING

Your score will be given to you immediately following completion of the examination. The following summary describes the score reporting process:

- **On screen** - your results will appear immediately on the computer screen. This will happen automatically at the end of the time allowed for the examination; if you are using review features, you will be able to obtain your score immediately when you indicate that you have finished and would like to see your results.
  - If you **pass**, you will immediately receive a successful notification.
  - If you **do not pass**, you will immediately receive an unsuccessful notification on the screen along with a diagnostic report indicating your strengths and weaknesses.
- **On paper** - an official score report will be printed at the examination site.

NON-SCORED ITEMS

Your examination contains non-scored questions. The use of such questions is an essential step in developing accurate future examinations. These questions will NOT be scored and time to answer them has been added to the time allowed.

<th>PRACTICAL EXAMINATION</th>
</tr>
</thead>
</table>

For practical examination questions or concerns, please email cosmetology@psionline.com.

Read the following instructions carefully so that you will be properly prepared for the examination.

- The Cosmetology instructor practical examination is designed to assess your teaching skills as well as your mastery of technical cosmetology skills. You may choose a topic, from the list in the section “Examination Topics for Presentation” below. You will be required to create a lesson plan, following the guidelines below, and a handout.
- During your presentation, your teaching skills will be assessed based upon the 20 criteria listed under “Presentation” below. During the presentation, your mastery of cosmetology skills will be assessed upon the 20 criteria listed under your topic. Your presentation must include each of the 20 criteria listed under your topic area. Failure to include any of the 20 criteria during your presentation will result in a loss of points.
- Your lesson plan and cover sheet must be prepared in advance on the form or in the format prescribed by the TDLR, which will be made available on the TDLR website as a Word document that you can download and adjust so that your lesson plan fits in the space provided. The lesson plan MUST BE TYPED, not handwritten. Lesson plans presented in any other format will not be accepted and you will NOT receive any points for that portion of the examination which involves the examiner’s evaluation for the lesson plan. No time will be allowed for preparation or modification of your lesson plan at the test site; you will be expected to hand in your lesson plan and handout upon arrival.

- You will be required to furnish all equipment and supplies needed for your presentation, including a mannequin if one is needed. You may not use a live model. See below for a list of the equipment that will be provided at the test site. It is your responsibility to develop a presentation that can be performed in this limited setting. All supplies must be clean, sanitary, unstained, and labeled in ENGLISH ONLY (manufacturer labels are acceptable).
- After you have turned in your lesson plan and handout at the start of the examination, you will have 10 minutes to prepare the room for your presentation. You will then have to give a presentation, lasting from 20 to 60 minutes, on your topic. Test site personnel (a proctor) will be monitoring the time during the examination. Candidates must conduct their presentation for at least 20 minutes, not to exceed 60 minutes. The proctor will stop any candidate at 60 minutes and no further material presented will be rated. Candidates will fail the examination if their presentation does not last at least 20 minutes.
- Your presentation must include each of the 20 criteria listed for your topic
- During your presentation, you must follow all appropriate rules for client protection that will ensure the health, safety, and welfare of the public.
- Only mock chemicals may be used in the presentation, and no hairspray may be used. Items left behind will be discarded. Please check for, and remove, all personal items at the end of the exam.

IMPORTANT NOTICE

A PSI practical examination rater (examiner) may not evaluate the practical examination of a candidate who is the rater’s current student, current employee, employer or co-worker, or is related to the rater by family, personal or financial interest or other relationship. If you feel the rater that is assigned to you falls into one or more of these categories, you must notify the rater immediately. If it is found that a rater has evaluated a candidate and violated this policy, the candidate’s examination results may be voided.

Raters are NOT allowed to converse with candidates; and therefore, are NOT permitted to instruct or discuss exam results in any way. Please direct all questions and/or concerns to PSI Customer Service.
SUPPLIES AND EQUIPMENT

You are responsible for bringing your own supplies. Required supplies include the following items:

▪ Lesson plan for presentation (1 copy to examiner, 1 copy for candidate)
▪ Handout for presentation (1 copy to examiner, 1 copy for candidate)
▪ All tools and supplies needed for presentation, including mannequin if needed
▪ Mannequin stand or tripod if desired
▪ Dry-erase markers if whiteboard will be used

ITEMS SUPPLIED BY EXAMINATION VENDOR

▪ Table/Workstation for setup. Any table available in examination area may be used for exam.
▪ Tripod mannequin holder (Note: mannequin holder MAY NOT work with all mannequins. It is suggested that you bring your own mannequin holder as well. A table will be provided. )
▪ Chairs for examiner and proctor
▪ Hot & cold water (shampoo bowls)
▪ Covered trash can
▪ Mounted Wall clock
▪ Whiteboard (2’x3’)

   a. Lesson plan must include description of handout (#2 below) and sample questions for Q&A with correct answers indicated
2. Turn in 1 copy of handout for students and any other prepared visual aids for presentation (at the beginning of the examination)
3. Prepare for presentation (10 minutes)
4. Lesson Presentation (at least 20 minutes; not to exceed 60 minutes)
   b. Your lesson presentation will be rated for mastery of teaching skills and for mastery of technical cosmetology skills.

LESSON PLAN FOR PRESENTATION (10 total points)
(Handed in at the beginning of the examination)

Rating criteria (1 point each):

1. Cover page includes all required information, including list of references
2. Cover page lists appropriate instructional materials, equipment, and supplies
3. Greeting (introduction) includes subject, topic, and objectives
4. Objective clearly state what student will be able to do as a result of the lesson
5. Includes description of motivation for learning
6. Lists major topics to be presented
7. Lists key points to be presented
8. Includes a summary and review
9. Includes 5 questions relevant to the topic (with answers) to be used in oral evaluation
10. Identifies follow-up assignment(s) for students to complete

HANDOUT FOR PRESENTATION (2 Total points)

Rating criteria (1 point each)

1. Adds to or reinforces the lesson presentation
2. Assists learner in recognizing key points

PRE-EXAM SET UP AND DISINFECTION (4 total points)

Time Allowed (10 minutes)
Rating criteria (1 point each)

1. Implements/supplies are clean and bags are labeled as pre-sanitized in English only
2. Disinfects work surfaces with approved EPA-registered disinfectant
3. Sanitizes own hands using hand sanitizer
4. Kit must remain closed

PRESENTATION (24 total points)

Open:
1. Greeting includes subject, topic, and learning objectives (1)
2. Motivation creates interest in subject/topic (1)
3. Speaks clearly with varying tone using professional terminology and can be heard (1)
4. Is well-groomed and professionally attired (need not wear smock/apron for instructor exam (1)

Present:
5. Describes procedures as they are demonstrated (2)

EXAMINATION TOPICS FOR PRESENTATION

Cosmetology Instructor Operator Topics

Topic 1: Virgin Haircoloring and Hair Color Retouch

Teach students how to perform a virgin hair color application on the left front quadrant and a color retouch application on the right quadrant, including sectioning hair and applying color, on an already draped mannequin.

Technical Rating Criteria (1 point for each).
1. Explain the color wheel
2. Explain the color level system
3. Explain the purpose of a client consultation
4. Explain the effect of ammonia on hair
5. Explain the layers of the hair that are affected by the coloring process
6. Explain what the addition of color to hair refers to
7. Explain what the subtraction of color from hair refers to
8. List the safety precautions to use for the patron’s benefit when applying color
9. Explain the use of temporary color
10. Explain the use of semi-permanent color
11. Explain the use of permanent color
12. Demonstrate and explain the proper technique for sectioning hair and the importance of sectioning
13. Explain the correct area of the hair to start an application
14. Demonstrate and explain the different types of applications: virgin and regrowth
15. Demonstrate how to apply the product with a tint bottle
16. Demonstrate how to apply the product with a tint brush
17. Explain the purpose of a patch test
18. Explain the purpose of a test strand
19. Explain how the color may be removed
20. Explain the purpose of conditioning of the hair

Topic 2: Chemical Texture Services (Relaxing)

Teach students how to section hair, and apply relaxer on virgin hair of a mannequin.

Technical Rating Criteria (1 point for each).
1. Explain safety precautions to take when relaxing hair
2. Describe thio relaxers
3. Describe hydroxide relaxers
4. Describe how to select the most appropriate relaxer product, thio or hydroxide for a given client
5. Describe how to assemble materials needed for relaxer procedure
6. Demonstrate and explain proper draping procedures
7. Demonstrate and explain proper application of protective base
8. Demonstrate and explain proper sectioning of hair
9. Demonstrate and explain how to apply relaxer with tint brush to virgin hair
10. Demonstrate and explain how to apply relaxer with tint brush to regrowth
11. Demonstrate and explain how to apply relaxer with comb to virgin hair
12. Demonstrate and explain how to apply relaxer with a comb to regrowth
13. Describe and explain how to ensure chemical does not come into contact with skin
14. Describe what to do if chemical does come into contact with skin
15. Describe how to do a strand test, and the purpose of strand test
16. Describe the proper removal of relaxer from hair
17. Describe how to condition hair after the relaxer treatment
18. Explain the proper removal of the drape
19. Demonstrate and explain how to properly discard materials and towels
20. Explain why it is necessary to clean and disinfect tint brush or comb

**Topic 3: 90 Degree Hair Cut**

*Teach student how to perform a 90 degree haircut using shears on a mannequin.*

**Technical Rating Criteria (1 point for each).**
1. Explain the tools and equipment needed for this demonstration
2. Explain decontamination Method 1 and Method 2
3. Explain what is meant by multiuse and single-use items
4. Explain the importance of hand washing when serving clients
5. Explain the factors involved in a successful client consultation
6. Explain why a stylist should study haircutting
7. Explain the importance of “reference points” on the head
8. Explain one of the standard reference points
9. Demonstrate and explain the correct draping procedure
10. Demonstrate and explain palming the shears
11. Demonstrate and explain handling the comb
12. Demonstrate and explain safety in haircutting
13. Demonstrate and explain the difference between a stationary guideline and a traveling guideline
14. Demonstrate and explain how to safely hold shears and comb while sectioning
15. Demonstrate and explain how to transfer the comb
16. Demonstrate and explain how to establish a guideline for the haircut
17. Demonstrate and explain sectioning and cutting for 90-degree haircut
18. Demonstrate and explain how to cross check the haircut for blending
19. Demonstrate and explain procedures when an exposure incident occurs
20. Explain sanitizing implements and cleanup of workstation
Topic 4: Hairstyling

Teach students correct technique for blow-drying hair with a comb and/or brush AND teach proper technique for off-base and on-base curls using a curling iron.

Technical Rating Criteria (1 point for each):
1. Demonstrate and explain proper method for directing air to roots
2. Explain importance of keeping dryer from getting too close scalp
3. Demonstrate and explain position of the brush and/or comb as it will be used in forming the direction of the hair
4. Demonstrate and explain how the forming of the hair will give distinguishable changes to the appearance
5. Point out the importance of a styling agent while blow drying the hair
6. Explain the importance of heat in blow drying
7. Discuss at least one attachment and its use on a blow dryer
8. Explain importance of checking on working condition of electrical appliances (i.e., cords not frayed, air intake not clogged)
9. Explain the types of brushes that can be used
10. Demonstrate and explain effects of at least two different brushes
11. Explain how hair should be dried if a curling iron is to be used on the hair
12. Demonstrate and explain how to create an off-base curl with a curling iron
13. Demonstrate and explain how to create on-base curls with a curling iron
14. Demonstrate and explain how to determine if a curling iron is at the proper temperature to use on the hair
15. Explain how to protect the scalp from the curling iron
16. Explain the importance of using a styling agent when using a curling iron on the hair
17. Explain additional services or products that could be recommended to be used by someone who uses a thermal iron on a daily basis
18. Demonstrate and explain how to correctly remove a drape
19. Demonstrate and explain how to dispose of waste materials
20. Demonstrate and explain how to clean and disinfect curling iron

Topic 5: Chemical Texture Services (Permanent Wave)

Teach students proper procedures for Permanent Wave and processing using a Basic Permanent Wrap.

Technical Rating Criteria (1 point for each):
1. Explain the tools and equipment needed for this demonstration
2. Explain how to disinfect the tools and equipment used in the demonstration
3. Explain decontamination Method 1 and Method 2
4. Explain what is meant by multiuse and single-use items
5. Explain the factors involved in a successful client consultation
6. Explain the structure of each of the hair’s layers
7. Explain the purpose of each of the hair’s layers
8. Demonstrate and explain draping for chemical service
9. Explain the base direction during the wrapping procedure
10. Explain end papers and their importance
11. Demonstrate and explain sectioning hair in base sections that are equal to the length and width of the rod
12. Demonstrate and explain proper use of end papers
13. Explain the importance of protective barrier cream/cotton around hairline
14. Explain the importance of wearing gloves when applying solution
15. Demonstrate and explain how to apply solution
16. Demonstrate and explain the importance of completely saturating the rods
17. Demonstrate and explain the proper test curl and timing
18. Explain rinsing the permanent wave solution from the hair
19. Demonstrate and explain applying neutralizer
20. Explain sanitizing implements and cleanup of workstation
Topic 6: Basic Facial

*Teach students how to perform a basic facial to include draping, cleansing, steaming, applying a mask and basic facial massage manipulations using a mannequin.*

**Technical Rating Criteria (1 point for each).**
1. Explain the tools and equipment needed for this demonstration
2. Explain decontamination Method 1 and Method 2
3. Explain what is meant by multiuse and single-use items
4. Explain the importance of hand washing when serving clients
5. Explain the factors involved in a successful client consultation
6. Explain how to prepare for the treatment room
7. Demonstrate and explain draping the hair
8. Explain the sanitary procedures when removing products from containers
9. Demonstrate and explain cleansing the face
10. Demonstrate and explain removing the cleanser
11. Explain how to determine skin type
12. Explain steaming the face procedure using face steamer or towels
13. Explain health problems or skin conditions in which a client should not have a facial massage included in the service
14. Demonstrate and explain effleurage manipulation
15. Demonstrate and explain petrissage manipulation
16. Demonstrate and explain tapotement manipulation
17. Demonstrate and explain applying a clay mask
18. Demonstrate and explain removing the mask product
19. Demonstrate and explain applying the toner product
20. Explain sanitizing implements and cleanup of workstation

Topic 7: Tweezing and Soft Wax on the Eyebrows

*Teach students how to perform tweezing the eyebrows on one eye and using soft wax for removing eyebrow hairs on the other eye using a pre-draped mannequin.*

**Technical Rating Criteria (1 point for each).**
1. Explain the tools and equipment needed for this demonstration
2. Explain decontamination Method 1 and Method 2
3. Explain what is meant by multiuse and single-use items
4. Explain the importance of hand washing when serving clients
5. Explain the factors involved in a successful client consultation
6. Explain draping the client for the service
7. Explain the importance of wearing gloves when performing an eyebrow tweeze or waxing
8. Demonstrate and explain using a mild antiseptic before tweezing
9. Demonstrate and explain brushing the eyebrow into place
10. Demonstrate and explain stretching the skin taut before tweezing or waxing the eyebrow area
11. Demonstrate and explain removing hairs from below the eyebrow line
12. Demonstrate and explain applying a nonirritating antiseptic lotion to tweezed area
13. Demonstrate and explain how to test the temperature of mock soft wax product
14. Demonstrate and explain applying the soft wax
15. Explain the importance of NOT double dipping
16. Demonstrate and explain applying a fabric strip
17. Demonstrate and explain removing the fabric strip
18. Demonstrate and explain removing any excess wax residue
19. Demonstrate and explain cleansing the treated area
20. Explain sanitizing implements and cleanup of workstation
Topic 8: Performing a Skin Analysis

Teach students how to perform and understand a Skin Analysis using a pre-draped mannequin.

Technical Rating Criteria (1 point for each).
1. Explain the tools and equipment needed for this demonstration
2. Explain decontamination Method 1 and Method 2
3. Explain what is meant by multiuse and single-use items
4. Explain the importance of hand washing when serving clients
5. Explain the factors involved in a successful client consultation
6. Explain how to prepare the bed and the room for a skin analysis
7. Explain draping the client for a service
8. Explain the most common skin conditions estheticians see
9. Explain any three of the five different skin types
10. Explain the definition of contraindications
11. Demonstrate and explain looking briefly at your client’s skin with naked eye
12. Explain the sanitary procedures when removing products from containers
13. Demonstrate and explain cleansing the face
14. Demonstrate and explain removing the cleanser
15. Explain the importance of safely using the magnifying light when analyzing the clients facial skin
16. Explain what to look for when using the magnifying light to examine the skin
17. Demonstrate and explain questions to be asked during the analysis
18. Explain how to recommend products and a home care routine
19. Explain the importance of noting the client’s record chart
20. Explain sanitizing implements and cleanup of workstation

Topic 9: Basic Manicure

Teach students how to perform a basic manicure using a mannequin hand.

Technical Rating Criteria (1 point for each).
1. Explain the supplies and implements needed for this demonstration
2. Explain decontamination Method 1 and Method 2
3. Explain what is meant by multiuse and single-use items
4. Explain the importance of hand washing when serving clients
5. Explain the factors involved in a successful client consultation
6. Explain what you should keep in mind before conducting a manicure service
7. Demonstrate and explain the procedure for setting up the manicure table

9. Explain the proper procedures for filing natural nails
10. Explain why nails should be filed before they are soaked
11. Demonstrate and explain the purpose of soaking the nails in a fingerbowl
12. Demonstrate and explain drying the client’s hand
13. Demonstrate and explain applying cuticle remover on each nail plate
14. Demonstrate and explain pushing and lifting cuticle tissue off each nail plate
15. Demonstrate and explain proper use of nippers to remove any loosely hanging tags of dead skin
16. Demonstrate and explain buffing the nail
17. Demonstrate and explain applying nail oil to the nails
18. Demonstrate filing the rough edges on the free edges
19. Explain steps to polishing the nail
20. Explain sanitizing implements and cleanup of workstation
Topic 10: Nail Tip Application and Removal

Teach students how to perform a nail tip application and Removal using a mannequin hand.

Technical Rating Criteria (1 point for each).

1. Explain the supplies and implements needed for this demonstration
2. Explain decontamination Method 1 and Method 2
3. Explain what is meant by multiuse and single-use items
4. Explain the importance of hand washing when serving clients
5. Explain the factors involved in a successful client consultation
6. Demonstrate and explain the procedure for setting up the manicure table
7. Demonstrate and explain removing the old polish
8. Demonstrate and explain pushing and lifting cuticle tissue off each nail plate
9. Explain the proper procedures for filing natural nails
10. Demonstrate and explain buffing lightly over the nail plate
11. Demonstrate and explain the importance of using a nail dehydrator
12. Demonstrate and explain what to do if freshly prepped nail becomes contaminated
13. Demonstrate and explain choosing properly sized tips for your client’s nail plate
14. Demonstrate and explain applying nail adhesive on the nail plate
15. Demonstrate and explain applying the nail tip to the natural nail
16. Demonstrate and explain using the tip cutter
17. Demonstrate and explain blending the tip to the natural nail
18. Explain why you should never nip off the nail tip
19. Explain why you should never nip off the nail tip
20. Explain sanitizing implements and cleanup of workstation

Topic 11: Acrylic Nail Enhancement Application

Teach students how to perform an acrylic nail enhancement application using a mannequin hand.

Technical Rating Criteria (1 point for each).

1. Explain the supplies and implements needed for this demonstration
2. Explain decontamination Method 1 and Method 2
3. Explain what is meant by multiuse and single-use items
4. Explain the importance of hand washing when serving clients
5. Explain the factors involved in a successful client consultation
6. Demonstrate and explain the procedure for setting up the manicure table
7. Demonstrate and explain removing the old polish
8. Demonstrate and explain pushing and lifting cuticle tissue off each nail plate
9. Explain why the client should wash and dry hands at this point
10. Demonstrate and explain the proper procedures for filing natural nails
11. Demonstrate buffing lightly over the nail plate
12. Explain what happens if you touch the surface of the natural nail with your fingers
13. Demonstrate and explain application of the nail dehydrator
14. Explain applying tips at this point of the service
15. Demonstrate and explain application of nail primer
16. Demonstrate and explain what to do to avoid the primer becoming contaminated
17. Demonstrate and explain dipping the brush into the monomer and polymer powder
18. Demonstrate and explain placement of product
19. Demonstrate and explain filing the enhancement
20. Explain sanitizing implements and cleanup of workstation
Topic 12: Eyelash Extension Application

Teach students how to perform Eyelash Extension services using a mannequin.

Technical Rating Criteria (1 point for each):

1. Explain the supplies and implements needed for this demonstration
2. Explain decontamination Method 1 and Method 2
3. Explain what is meant by multiuse and single use items
4. Explain the importance of hand washing when serving clients
5. Explain the factors involved in a successful client consultation
6. Explain how to prepare the treatment room
7. Demonstrate and explain draping for the Eyelash Extension application
8. Explain the sanitary procedures when removing products from containers
9. Demonstrate and explain cleansing the eye area for application
10. Explain two forms of eye health that would prevent a client from receiving an eyelash extension service
11. Demonstrate and explain applying under-eye sticker/tape
12. Demonstrate and explain anchoring your hands while holding tweezers
13. Demonstrate and explain isolating natural lash
14. Demonstrate and explain dipping the extension in the adhesive
15. Demonstrate and explain adhering extension to natural lash
16. Demonstrate and explain adhesive drying methods
17. Demonstrate and explain eyelash extension separation
18. Demonstrate and explain eyelash extension removal using adhesive remover
19. Explain after care recommendations for eyelash service
20. Explain disinfecting implements and cleanup of workstation
