Beginning March 1, 2021, PSI will begin to offer the Cosmetology written examinations online. This new online testing platform utilizes an environment that has a remote proctor using secure technology to observe the test taker using their own desktop, webcam video, and audio to confirm their identity. This allows the candidate to complete the required licensing examination in a controlled environment.

TDLR & PSI have been working diligently to provide a viable alternative method to in-person testing. In addition to the online examination option, PSI will continue to offer the traditional written examination at their 22 exam sites across Texas.

By providing the option to take your written examination at one of our 22 exam sites or utilizing the new online examination platform, we are confident that it will provide some relief of the limited availability, making it faster and more convenient to meet our candidates needs to obtain a license from TDLR.

NOTE: candidates will test individually in a private room. GROUP TESTING IS NOT ALLOWED.

**Click here for a demo of testing from your own personal laptop or computer.**

**EXAMINATION PAYMENT AND SCHEDULING PROCEDURES**

Upon TDLR approval of eligibility, you will receive an email confirmation with instructions for scheduling an appointment to take the examination.

You must pass the written examination before you can sit for the practical examination. Examination eligibilities are good for 5 years and you may test an unlimited number of times during this period. However, you are encouraged to study between examination attempts and to sit for your examination as soon as possible after attending cosmetology school. A separate fee is required for each examination attempt.

IDENTIFICATION SCREEN

You will be directed to a semiprivate testing station to take the examination. When you are seated at the testing station, you will be prompted to confirm your name, identification number, and the examination for which you are registered.

TUTORIAL

Before you start your examination, an introductory tutorial is provided on the computer screen. The time you spend on this tutorial, up to 15 minutes, DOES NOT count as part of your examination time. Sample questions are included following the tutorial so that you may practice answering questions and reviewing your answers.

TEST QUESTION SCREEN

The “function bar” at the top of the test question provides mouse-click access to the features available while taking the examination.

One question appears on the screen at a time. During the examination, minutes remaining will be displayed at the top of the screen and updated as you record your answers.

IMPORTANT: After you have entered your responses, you will later be able to return to any question(s) and change your response, provided the examination time has not run out or you have not ended your examination.

WRITTEN SCORE REPORTING
