APPLICATION AND ELIGIBILITY

Within 7 days of receipt, the CFB will notify the applicant in writing regarding the status of his or her application. If the application is incomplete, the letter will specify what additional information the applicant must provide. Once the application is deemed complete, the CFB will notify PSI that the applicant meets the requirements for candidacy and is eligible to sit for the examination.

ABANDONMENT OF APPLICATION

In accordance with Title 16, California Code of Regulations Section 1254, the CFB considers an application abandoned if a candidate fails to take the examination within 1 year after being notified of eligibility. Failure to appear at a scheduled examination without prior notice is also considered abandonment. In the event of abandonment, a candidate must submit a new application to the CFB with the required fee and meet all requirements at the time of filing. Application fees are not reimbursed when an application is abandoned.

SPECIAL ACCOMMODATIONS AVAILABLE

All examination sites are physically accessible to individuals with disabilities. Scheduling services are also available via our Telecommunications Device for the Deaf (TDD) by calling 800-735-2929.

The CFB and PSI recognize their responsibilities under the Federal Americans with Disabilities Act and the California Fair Employment and Housing Act by providing testing accommodations or auxiliary aids or services for candidates who substantiate the need due to a physical or mental disability or qualified medical condition.

Requests for accommodation must be received with your completed examination application. Accommodations that fundamentally alter the measurement of the skills or knowledge the examinations are intended to test will not be granted.

Accommodations will not be provided at the examination site unless prior approval by the CFB has been granted. Reasonable, appropriate, and effective accommodations may be requested by submitting a “Request for Accommodation” package. This package is available by contacting the CFB or online at www.cfb.ca.gov/formspubs/exam_accommodations.pdf. Do not call PSI to schedule your examination until you have received written notification from the CFB regarding your request for accommodations.

REPORTING TO THE EXAMINATION SITE

On the day of the examination, you must arrive at least 30 minutes prior to your scheduled appointment time. This allows time for check-in and identification verification and provides time to familiarize yourself with the examination process. If you arrive late, you may not be admitted to the examination site and you may forfeit your examination registration fee. Even though candidates will be thumb printed, you are still required to comply with any identification requirements established by the appropriate regulatory entity.

REQUIRED IDENTIFICATION AT EXAMINATION SITE

You must provide one of the following valid forms of government-issued identification before you may examine:

- A photographic Driver’s License (any state)
- State identification card (any state)
- U.S. military identification
- Valid passport - any country (valid foreign passport with valid record of arrival/departure - Form I-94 or processed form I-551 stamped in a valid foreign passport)
- U.S. government-issued passport card

All photographs must be recognizable as the person to whom the identification card was issued. The name on the application must match the photographic I.D. card. If you have recently changed your name with the CFB, you may want to contact PSI to verify that they have the correct same name on file.

If you cannot provide the required identification, you must call (877) 392-6422 at least 3 weeks prior to your scheduled appointment to arrange a way to meet this security requirement. Failure to provide all of the required identification at the time of the examination without notifying PSI is considered a missed appointment, and you will not be able to take the examination and you will forfeit your examination registration fee.

CALIFORNIA LAW SECURITY PROCEDURES

Section 123 of the California Business and Professions Code states: It is a misdemeanor for any person to engage in any conduct which subverts or attempts to subvert any licensing examination or the administration of an examination, including, but not limited to:

- Conduct which violates the security of the examination materials;
- Removing from the examination room any examination materials without authorization;
- The unauthorized reproduction by any means of any portion of the actual licensing examination;
- Aiding by any means the unauthorized reproduction of any portion of the licensing examination;
- Paying or using professional or paid examination-takers for the purpose of reconstructing any portion of the licensing examination;
- Obtaining examination questions or other examination material, except by specific authorization either before, during, or after an examination;
- Selling, distributing, buying, receiving, or having unauthorized possession of any portion of a future, current, or previously administered licensing examination.
- Communicating with any other examinee during the administration of a licensing examination.
- Copying answers from another examinee or permitting one’s answers to be copied by another examinee.
- Having in one’s possession during the administration of the licensing examination any books, equipment, notes, written or printed materials, or data of any kind, other than the examination materials distributed, or otherwise authorized to be in one’s possession during the examination.
- Impersonating any examinee or having an impersonator take the licensing examination on one’s behalf.

Nothing in this section shall preclude prosecution under authority provided for in any other provision of law. In addition to any other penalties, a person found guilty of violating this section, shall be liable for the actual damages sustained by the agency administering the examination not to exceed ten thousand dollars ($10,000) and the costs of litigation. (For the full text of Section 123, please see Appendix A).

IMPORTANT INFORMATION ABOUT TAKING AN EXAMINATION

1. All candidates will have their thumbprint taken during examination check-in. The thumb print must be matched after candidates return from a restroom break and any time the candidate leaves and returns to the test site after check-in.
2. The temperature in the testing room is maintained at a moderate level. Candidates are advised to layer clothing. Acceptable layered clothing includes lightweight shirts, sweaters, and pullovers without pockets or hoods. These items must be worn upon check-in, while you wait to enter the testing room, and during your initial seating for the examination. If the layered item is removed during the examination, you will be required to store it in the lobby while time continues to count down on your examination. Outerwear (coats, heavy jackets, vests, shawls, scarves, etc.) is not allowed in the testing rooms.

3. There are timing mechanisms available in the testing room and on the computer console to help candidates keep track of time during the test administration. Candidates are not permitted to bring watches or other timekeeping devices into the testing rooms.

4. Only one candidate will be allowed to take a restroom break at a time. Candidates are required to sign out when leaving and returning to the testing room. If a candidate’s restroom break takes longer than 5 (five) minutes, a proctor will check on the candidate and will notify the applicable regulatory entity of the occurrence. The regulatory entity will investigate and take appropriate action.

5. The following is a non-exhaustive list of personal items that are not permitted in the testing rooms:

*Headwear worn for religious purposes is subject to inspection.
**Prescription and non-prescription eyeglasses may not be worn for the photo. Eyeglasses subject to inspection.
***Jewelry that is allowed into the examination room is subject to inspection.
****Drugs that are medically necessary during the pendency of the examination may be brought into the examination site, in a container bearing a proper prescription label with the name of the candidate and of the drug; any such medication is subject to examination by a proctor upon check-in.

Examination proctors will have considerable discretion to refuse permission of clothing and/or items that compromise the integrity or security of the examination.

During the check-in process, all candidates will be asked if they possess any of the prohibited items and all candidates will be asked to empty their pockets. If prohibited items are found during check-in, candidates must return these items to their vehicle or other place of safekeeping. Neither PSI nor the Department of Consumer Affairs will be responsible for the items. Any candidate possessing prohibited items in the testing room will have his or her examination results invalidated, and PSI will notify the appropriate regulatory entity of the occurrence.

6. Shoes must be worn at all times and feet are not permitted on the chairs. Feet must remain on the floor during examinations.

7. Copying any portion of the examination content by any means, or communicating examination content for the purpose of aiding its unauthorized reproduction, whether before, during, or after the examination, is a violation of PSI security policy and existing law. Either one may result in the disqualification or invalidation of examination results, the denial of your license, and may result in criminal prosecution.

8. If a candidate is asked by a proctor to step into the lobby during your examination, the proctor will suspend the candidate’s examination, so all remaining test time will be retained.

Only candidates, and those individuals with prior regulatory entity approval, are allowed to be present in the testing sites.

If candidates require that an exception be made to ANY of the abovementioned security procedures, candidates must contact their regulatory entity PRIOR to the date of their examination. The regulatory entity must provide the exception to PSI. NO EXCEPTIONS WILL BE MADE ON THE DAY OF THE EXAMINATION.

**TAKING THE EXAMINATION BY COMPUTER**

The examination will be administered via computer. You will be using a mouse and computer keyboard.

**IDENTIFICATION SCREEN**

You will be directed to a semiprivate testing station to take the examination. When you are seated at the testing station, you will be prompted to confirm your name, identification number, and the examination for which you are registered.

**TUTORIAL**

Before you start your examination, an introductory tutorial is provided on the computer screen. The time you spend on this tutorial, up to 15 minutes, DOES NOT count as part of your examination time. Sample questions are included following the tutorial so that you may practice answering questions, and reviewing your answers.

**TEST QUESTION SCREEN**

The “function bar” at the top of the sample question provides mouse-click access to the features available while taking the examination.
One question appears on the screen at a time. During the examination, minutes remaining will be displayed at the top of the screen and updated as you record your answers.

**EXAMINATION RESULTS**

At the end of your examination, a pass or fail result will be shown on the screen and you will receive a printed score report. Numerical (raw) scores are provided to all candidates. Your examination results are confidential and are released only to you and your state-licensing agency. To protect your privacy and to maintain the confidentiality of examination results, score information is not given over the telephone.

**PASSING SCORE**

Examinations often vary in difficulty depending on the form of the examination administered. For this reason, the passing score is determined using a criterion-referenced method rather than a set score or percentage. Applying the criterion-referenced method, the difficulty of each item on the examination is evaluated relative to the minimum competence standard for safe practice. As a result, the passing score is lower for difficult examinations, and is higher for easier examinations, providing a safeguard to both the candidate and the public.

**FAILING SCORE REPORTS**

The score report will indicate the candidate's overall score and grade, including the number of items answered correctly.

**CHANGE OF ADDRESS**

Applicants and candidates must notify the CFB in writing of any change of address. Allow 30 days for the change of address to be processed.

**EXAMINATION INTRODUCTION**

**PURPOSE OF THE EXAMINATION**

California law requires each candidate for licensure as an embalmer to pass an examination. The purpose of the examination is to determine whether the candidate has the knowledge needed to provide safe and effective services to the public. The examination addresses knowledge of the laws and regulations related to embalming public. The examination addresses knowledge of the laws and regulations related to embalming.

**DESCRIPTION OF PRACTICE**

California Business and Professions Code Section 7640 describes the practice of an embalmer as follows:

An embalmer is one who is duly qualified to disinfect or preserve human remains by the injection or external application of antiseptics, disinfectants or preservative fluids; to prepare human bodies for transportation which are dead of contagious or infectious diseases; and to use derma surgery or plastic art for restoring mutilated features; and who is duly licensed as an embalmer under the laws of the State of California.

**EXAMINATION DEVELOPMENT**

The examination is developed and maintained by the Department of Consumer Affairs, Office of Professional Examination Services (OPES). The individual test items are written by licensed embalmers under the guidance of OPES analysts.

**PREPARATION FOR THE EXAMINATION**

The embalmer law examination is based upon an examination outline developed by licensed embalmers. The examination outline identifies the laws and regulations relevant to the practice of embalming in California. The examination contains 50 multiple-choice items and it has a time limit of 1 hour. The examination may contain additional items for the purpose of pre-testing (up to 10 nonscoreable items). Pre-testing allows performance data to be gathered and evaluated before the items are scoreable in an examination. These pre-test (“experimental”) items, distributed throughout the examination, WILL NOT be counted for or against you in your examination score and will not be identified to you.

**RE-APPLICATION PROCESS**

Candidates who fail the examination must submit a new application to the CFB with the required fee.
