## INTRODUCTION

To advance from student of landscape architecture to landscape architect, a commitment to gaining status as a licensed professional is necessary. The Landscape Architects Technical Committee (LATC) recognizes the dedication required to achieve this goal.

This guide will assist individuals at their final stage of the examination process. Contents include information on examination eligibility and scheduling, an overview of the examination content, and general examination policies and procedures.

The LATC's website is another informational source for candidates, in particular for current updates and changes to the law that may affect licensure and the practice of landscape architecture. Staff are always available to assist with more specific questions. Listed below are examples of the information and forms available on the website:

- Examination applications and supporting forms
- Examination fees and locations
- Frequently asked questions related to licensure and examinations
- Landscape Architects Practice Act

## PURPOSE

The purpose of this Candidate Guide is to provide candidates with specific information about the California Supplemental Examination (CSE) process and an overview of content areas in which candidates will be examined.

## OBJECTIVE OF THE LANDSCAPE ARCHITECTS TECHNICAL COMMITTEE

State licensing boards are mandated to protect the public by developing licensing examinations that test for minimum competency for those who wish to provide professional services to the public. These examinations require candidates to demonstrate that they possess the minimum knowledge, skills, and abilities (KSAs) that are necessary to perform safely and effectively in independent practice without supervision.

Section 5615 of the Business and Professions Code defines the practice of landscape architecture as:

“A person who practices landscape architecture within the meaning and intent of this article is a person who offers or performs professional services, for the purpose of landscape preservation, development and enhancement, such as consultation, investigation, reconnaissance, research, planning, design, preparation of drawings, construction documents and specifications, and responsible construction observation.”

Examinations administered by the LATC test candidates with regard to the KSAs necessary to perform each job task safely and competently. The CSE is designed to assess the candidate's knowledge as *applied* to job activities of *in the*

*practice of landscape architecture in California* including California laws, regulations, and other areas of practice that are either unique or more prevalent in California and not covered in the Landscape Architect Registration Examination (LARE).

## EXAMINATIONS BY PSI

The Department of Consumer Affairs, LATC, has contracted with PSI to administer the CSE. PSI provides examinations through a network of computer examination centers in California and nationwide.

All questions regarding the scheduling and administration of examinations should be directed to PSI.

### PSI licensure: certification

3210 E Tropicana

Las Vegas, NV 89121

(877) 392-6422 • Fax (702) 932-2666 • TTY (800) 735-2929

<https://test-takers.psiexams.com/calatc>

All other questions about examinations, examination content, and licensing should be directed to the LATC.

### Landscape Architects Technical Committee

2420 Del Paso Road, Suite 105

Sacramento, CA 95834

(916) 575-7230

[www.latc.ca.gov](http://www.latc.ca.gov)

## EXAMINATION SCHEDULING PROCEDURES

Once a candidate has established eligibility for the CSE by the LATC, the candidate becomes responsible for contacting PSI to schedule an appointment to take the CSE. A candidate may schedule via the Internet at <https://test-takers.psiexams.com/calatc>, or over the telephone at (877) 392-6422.

**Current policy allows one test attempt per application. If a candidate does not pass the examination, the candidate must reapply to the LATC.**

The PSI testing centers are open for testing during normal working hours of 8:00 a.m. to 5:00 p.m. Monday through Friday, and operating hours on Saturday, except for the following major holidays:

Memorial Day	Closed May 29, 2023
Independence Day	Closed July 4, 2023
Labor Day	Closed September 4, 2023
Thanksgiving Day	Closed November 23-24, 2023
Christmas Day	Closed December 25-26, 2023
New Years Day	Closed January 1, 2024
Martin Luther King Jr.	Closed January 17, 2024

### INTERNET SCHEDULING

A candidate may schedule an examination by completing the online Test Registration Form available at <https://test-takers.psiexams.com/calatc>. Scheduling an examination via the Internet is available 24 hours a day.

Log onto PSI's website and select Sign in / Create Account. Select Create Account. You are now ready to pay and schedule for the exam. Enter your zip code and a list of the testing sites closest to you will appear. Once you select the desired test site, available dates will appear.

### TELEPHONE SCHEDULING

To schedule with a live operator, call PSI at (877) 392-6422 PSI Monday through Friday between 4:30 a.m. and 7:00 p.m. and Saturday, between 8:00 a.m. and 2:00 p.m., Pacific Time. Scheduling services are also available via a PSI Telecommunications Device for the Deaf (TDD) by calling (800) 735-2929.

### CANCELING AN EXAMINATION APPOINTMENT

A candidate may cancel and reschedule an examination appointment without forfeiting the fee ***IF A CANCELLATION NOTICE IS RECEIVED TWO (2) DAYS PRIOR TO THE SCHEDULED EXAMINATION DATE.*** For example, for a 9:00 a.m. Monday appointment, the cancellation notice would need to be received before 9:00 a.m. on the previous Saturday. A candidate may call PSI at (877) 392-6422.

**Note:** A voicemail or email message is not an acceptable form of cancellation. Please use the PSI website or call PSI and speak to a Customer Service Representative.

### MISSED APPOINTMENT OR LATE CANCELLATION

A candidate who misses their appointment will not be able to take the examination as scheduled, further the examination fee is forfeited if a candidate:

- Does not cancel their appointment two (2) days before the scheduled examination date;
- Does not appear for their examination appointment;
- Arrives after examination start time; or
- Does not present proper identification to the proctor at the examination site.

### RE-EXAMINATION

Candidates who fail the CSE are eligible to retake the examination 90 days from the notification of failed examination.

Candidates will be given an application to re-take the CSE at the testing center or may obtain it on the LATC website at [www.latc.ca.gov](http://www.latc.ca.gov) or by calling (916) 575-7230.

The CSE application and fee must be submitted directly to the LATC. Candidates will receive a Notice of Eligibility from PSI after the LATC receives and processes the CSE application and fee. The process takes approximately **four** weeks to complete.

### EXAMINATION SITE CLOSING FOR AN EMERGENCY

In the event that severe weather or another emergency forces the closure of an examination site on a scheduled examination date, the examination will be rescheduled. PSI personnel will attempt to contact candidates in this situation. However, candidates may check the status of an examination appointment by calling (877) 392-6422. Every effort will be made to reschedule a candidate's examination at a convenient time as soon as possible. Candidates will not be penalized. They will be rescheduled at no additional charge.

## CONFIRMATION OF EXAMINATION APPOINTMENT

The LATC recommends that candidates confirm their examination appointment with PSI prior to traveling to an examination site. An examination appointment can be confirmed by calling (877) 392-6422.

## REASONABLE ACCOMMODATIONS AVAILABLE

All examination sites are physically accessible to individuals with disabilities. Scheduling services are also available via our Telecommunications Device for the Deaf (TDD) by calling (800) 735-2929.

The LATC and PSI recognize their responsibilities under the Federal Americans with Disabilities Act and the California Fair Employment and Housing Act by providing testing accommodations or auxiliary aids or services for candidates who substantiate the need due to a physical or mental disability or qualified medical condition.

**Accommodations will not be provided at the examination site unless prior approval by the LATC has been granted.** Reasonable, appropriate, and effective accommodations may be requested by submitting a "Reasonable Accommodation Request for CSE" form to the LATC. This form is available at [http://www.latc.ca.gov/forms\\_pubs/reasonaccom.pdf](http://www.latc.ca.gov/forms_pubs/reasonaccom.pdf).

**Requests for accommodation must be received a minimum of 90 days prior to the desired test date to allow for processing.** Accommodations that fundamentally alter the measurement of the skills or knowledge the examination is intended to test will not be granted.

Do not schedule your examination with PSI until you have received written notification from the LATC regarding your request for accommodation.

CORPORATE RIDGE OFFICE PARK  
OLATHE, KS 66061

FROM EAST - TAKE I-435 W TO K-10/LAWRENCE EXIT 1B. FROM K-10, EXIT AT RIDGEVIEW RD AND TURN LEFT. TAKE FIRST LEFT INTO OFFICE PARK. THE PSI OFFICE IS ON LEFT.

FROM NORTH - TAKE I-35 S TO I-435 W EXIT 222B, THEN TAKE K-10/LAWRENCE EXIT 1B. FROM K-10, EXIT AT RIDGEVIEW RD AND TURN LEFT. TAKE FIRST LEFT INTO OFFICE PARK. THE PSI OFFICE IS ON LEFT.

FROM WEST OF I-35, TAKE I-435 S, THEN TAKE K-10/LAWRENCE EXIT 1B. FROM K-10, EXIT AT RIDGEVIEW RD AND TURN LEFT. TAKE FIRST LEFT INTO OFFICE PARK. THE PSI OFFICE IS ON LEFT.

FROM SOUTH - TAKE I-35 N TO I-435 W EXIT 222B, THEN TAKE K-10/LAWRENCE EXIT 1B. FROM K-10, EXIT AT RIDGEVIEW RD AND TURN LEFT. TAKE FIRST LEFT INTO OFFICE PARK. THE PSI OFFICE IS ON LEFT.

FROM WEST - TAKE K-10/LAWRENCE EXIT 1B. FROM K-10, EXIT AT RIDGEVIEW RD AND TURN RIGHT. TAKE FIRST LEFT INTO OFFICE PARK. THE PSI OFFICE IS ON LEFT. PLEASE PARK IN THE SPOTS DESIGNATED FOR VISITORS/TESTERS AT THE FRONT OF THE BUILDING.

#### **PHIDELPHIA**

ONE BALA AVENUE, SUITE 310  
BALA CYNWYD, PA 19004

FROM I-76 EXIT CITY LINE AVENUE. FOLLOW CITY LINE AVENUE SOUTH. THE BUILDING IS ON THE CORNER OF BALA AVENUE AND CITY LINE (NEXT TO THE BALA CYNWYD RAILROAD STATION). THIS IS NOT BALA PLAZA.

**RICHMOND**  
MOOREFIELD VI BUILDING  
620 MOOREFIELD PARK DRIVE  
SUITE 205

RICHMOND, VA 23236  
FROM I-64E, TAKE THE PARHAM RD EXIT AND TURN RIGHT. N PARHAM RD/VA-73 S BECOMES VA-150 S/CHIPPENHAM PKWY. MERGE ONTO VA-76 S/POWHITE PKWY. MERGE ONTO MIDLOTHIAN TURNPIKE WEST. TURN LEFT ON MOOREFIELD PARK DR.

**SOUTHFIELD (DETROIT AREA)**

2640 LAHSER ROAD, SUITE 150  
SOUTHFIELD, MI 48033

FROM I-96 E MERGE ONTO I-696 E. THEN MERGE ONTO MI-10 S. TAKE THE LAHSER ROAD EXIT. KEEP LEFT AT THE FORK IN THE RAMP. TURN LEFT ONTO NORTHWESTERN HWY. TURN RIGHT ONTO LAHSER ROAD. YOU MAY ACCESS THE BUILDING FROM THE BACK USING THE NW DOOR.

**SPRINGFIELD**

1111 ELM STREET, SUITE 32A  
WEST SPRINGFIELD, MA 01089

TAKE MASS PIKE (RT. 90). EXIT 4-WEST SPRINGFIELD/HOLYOKE. TURN RIGHT ON WEST SPRINGFIELD/RT. 5 SOUTH. CONTINUE ON RT. 5 APPROXIMATELY TWO MILES. TURN RIGHT ON ELM ST.-IMMEDIATELY AFTER SHOWCASE CINEMAS. OFFICE IS APPROXIMATELY 1/4 MILE ON THE RIGHT.

**TULSA**

2840 E. 51ST STREET  
BRITTANY SQUARE OFFICE PARK, SUITE 215  
TULSA, OK 74105

FROM I-44 EAST - TAKE EXIT NUMBER 228 (HARVARD), STAY TO THE RIGHT WHICH WILL BE WESTBOUND ON 51ST ST. IN ROUGHLY 1/2 MILE, TURN LEFT ON DELAWARE CT. THE TEST CENTER IS IN THE FIRST BUILDING ON THE LEFT MARKED "BRITTANY SQUARE OFFICE PARK".

FROM I-44 WEST - TAKE EXIT 228 TOWARDS HARVARD AVE. MERGE ONTO E SKELLY DR. USE THE 2ND FROM THE LEFT LANE TO TURN LEFT ONTO S HARVARD AVE. TURN RIGHT ONTO E 51ST ST/EAST 51ST STREET SOUTH. GO ABOUT 1/2 MILE THEN TURN LEFT ONTO DELAWARE CT. THE TEST CENTER IS IN THE FIRST BUILDING ON THE LEFT MARKED "BRITTANY SQUARE OFFICE PARK".

ONCE INSIDE THE BUILDING, PROCEED TO THE 2ND FLOOR. THE TEST CENTER IS IN SUITE 215.

**WEST DES MOINES**

1001 OFFICE PARK ROAD, SUITE 315  
WEST DES MOINES, IA 50265

FROM I-235, EXIT 8TH ST/73<sup>RD</sup> ST AND PROCEED SOUTH. TURN RIGHT ON OFFICE PARK ROAD. TURN RIGHT INTO THE DRIVEWAY.

**WEST HARTFORD**

1245 FARMINGTON AVENUE, SUITE 203  
WEST HARTFORD CT.

FROM I-84 WEST, TAKE EXIT 40 TOWARD CT-71/NEW BRITAIN AVE/CORBINS CORNER. TURN RIGHT ONTO RIDGEWOOD RD. TURN LEFT ONTO WOOD POINT RD. TURN LEFT ONTO TUNXIS RD. TURN RIGHT ONTO BROOKMOOR RD. TURN RIGHT ONTO BUENA VISTA RD. TURN LEFT ONTO EVERETT AVE. TURN RIGHT ONTO FARMINGTON AVE. DESTINATION IS ON THE RIGHT.

**WILSONVILLE**

25195 SW PARKWAY AVENUE, SUITE 105  
WILSONVILLE, OR 97070

GOING SOUTH: OFF I5, TAKE EXIT 286 (ELLINGENS/BOONES FERRY RD). TURN LEFT AND CROSS BACK OVER THE FREEWAY. TURN LEFT AT 2<sup>ND</sup> SIGNAL LIGHT (PARKWAY AVE.) TURN INTO PARKWAY PLAZA PARKING

LOT (ACROSS THE STREET FROM SHRINER'S). WE ARE LOCATED IN THE MAIN ENTRANCE FIRST DOOR ON THE RIGHT.

**WHEATRIDGE**

4891 INDEPENDENCE ST #220  
WHEAT RIDGE, CO 80033

From I-70W, Merge onto Kipling St/CO-391N. Turn right onto W 49th Ave. Take the 1st right onto Independence St.

## REPORTING TO THE EXAMINATION SITE

On the day of the examination, candidates must arrive at least 30 minutes prior to a scheduled appointment time. This allows time for check-in and identification verification and provides time for the candidates to familiarize themselves with the examination process. Candidates who arrive late may not be admitted to the examination site, and they may forfeit the examination registration fee. Even though candidates will be thumb printed, they are still required to comply with any identification requirements established by the appropriate regulatory entity.

### REQUIRED IDENTIFICATION AT EXAMINATION SITE

A candidate must provide one of the following valid and current forms of government issued identification in order to examine:

- State-issued Driver License
- State-issued Identification Card
- U.S. Military-issued Identification Card
- U.S. Government-issued Passport
- U.S. Government-issued Passport Card

All identification photographs must be recognizable as the person to whom the identification card was issued. The name on the application must match the photographic I.D. card.

If a candidate cannot provide the required identification, the candidate must call (877) 392-6422 at least 3 weeks prior to their scheduled appointment to arrange a way to meet this security requirement. Failure to provide all of the required identification at the time of the examination without notifying PSI is considered a missed appointment, and the candidate will not be able to take the examination.

### CALIFORNIA LAW SECURITY PROCEDURES

Section 123 of the California Business and Professions Code states: It is a misdemeanor for any person to engage in any conduct which subverts or attempts to subvert any licensing examination or the administration of an examination, including, but not limited to:

- Conduct which violates the security of the examination materials;
- Removing from the examination room any examination materials without authorization;
- The unauthorized reproduction by any means of any portion of the actual licensing examination;
- Aiding by any means the unauthorized reproduction of any portion of the licensing examination;

- Paying or using professional or paid examination-takers for the purpose of reconstructing any portion of the licensing examination;
- Obtaining examination questions or other examination material, except by specific authorization either before, during, or after an examination; or
- Selling, distributing, buying, receiving, or having unauthorized possession of any portion of a future, current, or previously administered licensing examination.
- Communicating with any other examinee during the administration of a licensing examination.
- Copying answers from another examinee or permitting one's answers to be copied by another examinee.
- Having in one's possession during the administration of the licensing examination any books, equipment, notes, written or printed materials, or data of any kind, other than the examination materials distributed, or otherwise authorized to be in one's possession during the examination.
- Impersonating any examinee or having an impersonator take the licensing examination on one's behalf.

Nothing in this section shall preclude prosecution under authority provided for in any other provision of law. In addition to any other penalties, a person found guilty of violating this section, shall be liable for the actual damages sustained by the agency administering the examination not to exceed ten thousand dollars (\$10,000) and the costs of litigation.

Additionally, section 496 states: A board may deny, suspend, revoke, or otherwise restrict a license on the ground that an applicant or licensee has violated section 123 pertaining to subversion of licensing examinations.

### IMPORTANT INFORMATION ABOUT TAKING AN EXAMINATION

1. All candidates will have their thumbprint taken during examination check-in. The thumb print must be matched after candidates return from a restroom break and any time the candidate leaves and returns to the test site after check-in.
2. The temperature in the testing room is maintained at a moderate level. Candidates are advised to layer clothing. Acceptable layered clothing includes lightweight shirts, sweaters, and pullovers without pockets or hoods. These items must be worn upon check-in, while you wait to enter the testing room, and during your initial seating for the examination. If the layered item is removed during the examination, you will be required to store it in the lobby while time continues to count down on your examination. Outerwear (coats, heavy jackets, vests, shawls, scarves, etc.) is not allowed in the testing rooms.
3. There are timing mechanisms available in the testing room and on the computer console to help candidates keep track of time during the test administration. Candidates are not permitted to bring watches or other timekeeping devices into the testing rooms.
4. Only one candidate will be allowed to take a restroom break at a time. Candidates are required to sign out when leaving and returning to the testing room. If a candidate's restroom break takes longer than 5 (five) minutes, a

proctor will check on the candidate and will notify the applicable regulatory entity of the occurrence. The regulatory entity will investigate and take appropriate action.

5. The following is a non-exhaustive list of personal items that are not permitted in the testing rooms:

Purses	Briefcases/daypacks/luggage
Cellular phones	Pagers
Drinks (including water)	Food/candy/snacks/gum
Good luck items	Luggage
Calculators	Reading materials
Textbooks	Notes
Any recording device	Smart devices
Electronic devices	Headphones or earphones/earbuds
Personal pens or pencils	Therapeutic items
Cameras	Over-the-counter medication
Weapons	Fashion scarves
Hats/baseball caps/visors*	Sunglasses**
Bulky, large or noisy jewelry***	Prescription drugs****

*\*Headwear worn for religious purposes is subject to inspection.*

*\*\*Prescription and non-prescription eyeglasses may not be worn for the photo. Eyeglasses subject to inspection.*

*\*\*\*Jewelry that is allowed into the examination room is subject to inspection.*

*\*\*\*\*Drugs that are medically necessary during the pendency of the examination may be brought into the examination site, in a container bearing a proper prescription label with the name of the candidate and of the drug; any such medication is subject to examination by a proctor upon check-in.*

Examination proctors will have considerable discretion to refuse permission of clothing and/or items that compromise the integrity or security of the examination.

During the check-in process, all candidates will be asked if they possess any of the prohibited items and all candidates will be asked to empty their pockets. If prohibited items are found during check-in, candidates must return these items to their vehicle or other place of safekeeping. Neither PSI nor the Department of Consumer Affairs will be responsible for the items. Any candidate possessing prohibited items in the testing room will have his or her examination results invalidated, and PSI will notify the appropriate regulatory entity of the occurrence.

6. Shoes must be worn at all times and feet are not permitted on the chairs. Feet must remain on the floor during examinations.
7. Copying any portion of the examination content by any means or communicating examination content for the purpose of aiding its unauthorized reproduction, whether before, during, or after the examination, is a violation of PSI security policy and existing law. Either one may result in the disqualification or invalidation of examination results, the denial of your license, and may result in criminal prosecution.

8. If a candidate is asked by a proctor to step into the lobby during your examination, the proctor will suspend the candidate's examination, so all remaining test time will be retained.

Only candidates, and those individuals with prior regulatory entity approval, are allowed to be present in the testing sites.

If candidates require that an exception be made to ANY of the abovementioned security procedures, candidates must contact their regulatory entity PRIOR to the date of their examination. The regulatory entity must provide the exception to PSI. **NO EXCEPTIONS WILL BE MADE ON THE DAY OF THE EXAMINATION.**

## TAKING THE EXAMINATION BY COMPUTER

The examination will be administered via computer. You will be using a mouse and computer keyboard.

### IDENTIFICATION SCREEN

You will be directed to a semiprivate testing station to take the examination. When you are seated at the testing station, you will be prompted to confirm your name, identification number, and the examination for which you are registered.

### TUTORIAL

Before you start your examination, an introductory tutorial is provided on the computer screen. The time you spend on this tutorial, up to 15 minutes, DOES NOT count as part of your examination time. Sample questions are included following the tutorial so that you may practice answering questions and reviewing your answers.

### TEST QUESTION SCREEN

The "function bar" at the top of the test question screen provides mouse-click access to the features available while taking the examination.

One question appears on the screen at a time. During the examination, minutes remaining will be displayed at the top of the screen and updated as you record your answers.

### EXAMINATION REVIEW

Examination development and testing specialists in conjunction with the LATC, will continually evaluate the examinations

being administered to ensure that the examination accurately measures competency in the required knowledge areas.

## EXAMINATION DEVELOPMENT

The LATC CSE is developed and maintained by OPES, a division of the Department of Consumer Affairs. OPES staff consists of test validation and development specialists trained to develop and analyze occupational licensing examinations.

California licensed landscape architects are trained by these testing specialists and participate in workshops where examinations are developed. The licensed landscape architects are referred to as "Subject Matter Experts" (SMEs). These SMEs write and review multiple-choice questions based specifically on the examination plan, which is a result of the most recent occupational analysis.

The cooperative efforts among the members of the landscape architecture profession, the OPES, and the LATC are necessary to achieve both the measurement and content standards for examination construction.

## ESTABLISHING THE PASSING STANDARDS

The CSE measures knowledge and skills required for landscape architectural practice in California and represents a standard of performance that landscape architect SMEs agree is the minimum acceptable level for licensing in the profession.

To establish pass/fail standards for the CSE, a criterion-referenced passing score methodology is used. The intent of this methodology is to differentiate between a qualified and unqualified licensure candidate. The passing score is based on minimum competence criterion that are defined in terms of the actual behaviors that qualified architects would perform if they possessed the knowledge necessary to perform job activities.

During a criterion-referenced passing score procedure, a panel of landscape architect SMEs also consider other factors that would contribute to minimum acceptable competence, such as prerequisite qualifications (e.g., education, training and experience); the difficulty of the issues addressed in each multiple-choice item; and public health and safety issues. By adopting a criterion-referenced passing score, the LATC applies the same minimum competence standards to all licensure candidates.

## EXAMINATION RESULTS

After completing the CSE, a candidate will receive a printed Score Report indicating whether they have passed or failed.

Candidates who pass the CSE are eligible for licensure. The LATC will provide information on obtaining licensure to eligible candidates.

Candidates who fail the CSE are eligible to retake the examination 90 days from the notification of failed examination. Candidates who are unsuccessful will be given an application to re-take the CSE at the testing center or

they may obtain it on the LATC website at [www.latc.ca.gov](http://www.latc.ca.gov) or by calling (916) 575-7230.

There is no provision for an appeal of a candidate's failed examination score.

Submittal of a new application and payment to the LATC is required in order to retake the CSE; however, a candidate cannot schedule or retake the examination for at least 90 days from the date he or she took the examination they failed. If the new application and payment are received by

the LATC within the 90-day wait time, a new notice of eligibility (CSE Candidate Guide) will be sent to the candidate (from PSI) near the end of that waiting period. If the application and payment are received any time after that waiting period, they will be processed within normal processing times by the LATC, PSI will be notified of the candidate's renewed eligibility, and a new notice of eligibility will be sent to the candidate (from PSI).

## LANDSCAPE ARCHITECT CSE TEST PLAN CONTENT

The CSE is designed to assess a candidate's knowledge and experience as *applied* to job activities of landscape architects. The CSE is structured into **weighted** content areas.

The examination plan represents job tasks and knowledge, skills, and abilities that licensees are expected to know and perform at the time of licensure. Examination questions are developed directly from specific tasks and the KSAs associated with those tasks in the examination plan.

The CSE consists of multiple-choice items and may contain additional items for the purpose of pre-testing (non-scoreable items). Pre-testing allows performance data to be gathered and evaluated before the items are scoreable in a future examination. These pre-test items, distributed throughout the examination, are not identified or used in calculating the examination score.

All of the scoreable items in the CSE have been written and reviewed by California-licensed landscape architects, are based on the knowledge statements contained in the CSE Examination Plan, are written at a level to assess minimum standards of competency necessary for practice in California and have been pre-tested to ensure statistical performance standards are met.

There is only one correct answer for each item. The "incorrect" answers are typically common errors and misconceptions, true but not relevant statements, or incorrect statements. There are no "trick" questions in the examination. Candidates will have approximately TWO AND A HALF (2.5) hours to complete the examination.

CONTENT AREA 1: SCOPE OF PROJECT (20%)

Section	Task	Associated Knowledge Statements
1A: Inventory and Analysis (15%)	T1. Conduct site visit to Identify on- and off-site conditions that could impact project development.	K1. K of methods for evaluating the impact of site conditions on project development. K2. K of methods for identifying the impact of site resources on project development.
	T2. Evaluate site topography and geology to determine the implications of landform on project development.	K3. K of methods for performing topographical analyses. K4. K of methods for interpreting information from geotechnical or geological reports. K5. K of the effects of topographic, geotechnical, and geologic characteristics on landscape design. K6. K of topographic, geologic, and geotechnical conditions that present a risk or constraint to project development.
	T3. Assess hydrologic conditions to determine implications of water storage and movement on project development.	K7. K of methods for conducting hydrologic analyses. K8. K of methods for interpreting information from hydrologic reports. K9. K of the effects of surface and subsurface hydrologic characteristics on landscape design. K10. K of hydrologic conditions that present a risk to landscape structure or design.
	T4. Evaluate soil characteristics to determine the effects of composition, condition, or contamination on project development.	K11. K of methods for obtaining soil analyses. K12. K of methods for interpreting information from soil analysis reports. K13. K of the effects of soil conditions on landscape design. K14. K of the relationship between soil, hydrology, and vegetation. K15. K of the relationship between environment, climate, and soil conditions or contamination.
	T5. Analyze environmental factors to identify conditions that influence site.	K16. K of methods for evaluating the impact of climate and microclimate conditions. K17. K of methods for evaluating site ecology and habitats. K18. K of methods for interpreting the results of environmental studies. K19. K of the effects of climate and environmental factors on landscape design.

CONTENT AREA 1: SCOPE OF PROJECT (20%), CONTINUED

Section	Task	Associated Knowledge Statements
1A: Inventory and Analysis (15%), continued	T6. Perform a vegetation analysis to identify benefits and limitations on the proposed project.	K14. K of the relationship between soil, hydrology, and vegetation. K19. K of the effects of climate and environmental factors on landscape design. K20. K of vegetation species suitable to geographic regions. K21. K of methods for evaluating condition and utility of existing vegetation. K22. K of vegetation conditions that present risks for landscape development.
	T7. Evaluate existing site structures and infrastructure to identify potential benefits and limitations for proposed project.	K23. K of methods for evaluating the impact of easements and setbacks on site development. K24. K of methods for evaluating the impact of utilities on site development. K25. K of methods for evaluating structures and other constructed site features on site development.
	T8. Evaluate potential fire risk or other natural hazards associated with site conditions to determine need for mitigation.	K26. K of methods for identifying fire risk or hazardous conditions that impact project development. K27. K of methods for interpreting information about wildland urban interface zones.
	T9. Evaluate information about social, cultural, and historical factors to determine implications for proposed development.	K28. K of methods for determining social, cultural, and historical factors that influence site development.
	T10. Evaluate impacts of project development to determine effects on surrounding areas or neighboring properties.	K29. K of methods for evaluating the impact of proposed site development on adjacent sites, structures, or facilities.
	T11. Seek consultations to address unique or unexpected findings during site analyses.	K30. K of sources of technical information and expertise for clarifying site findings.
	T12. Engage with stakeholders to obtain information related to proposed program.	K31. K of techniques for engaging stakeholders in the information-gathering process. K32. K of methods for analyzing stakeholder input about proposed development processes.

CONTENT AREA 1: SCOPE OF PROJECT (20%), CONTINUED

Section	Tasks	Associated Knowledge Statements
1B: Regulatory Implications for Project Development (5%)	T13. Develop design services contract to comply with legal requirements for professional practice.	K33. K of laws and regulations pertaining to consumer protections. K34. K of laws and regulations related to development of professional services contracts. K35. K of laws related to California Landscape Architects Practice Act. K36. K of professional and ethical standards related to practice of landscape architecture.
	T14. Identify laws, regulations, and codes related to the project development to comply with statutory requirements.	K37. K of laws, regulations, and codes associated with project site development. K38. K of CEQA requirements for site design and development.
	T15. Identify regulatory agency requirements to comply with permitting and approval processes.	K39. K of regulatory agencies governing phases or processes involved in project development. K40. K of regulatory agency requirements associated with elements of project development. K41. K of laws and regulations associated with permitting processes. K42. K of methods for coordinating with technical consultants regarding regulatory, zoning, or property requirements.
	T16. Identify site features that are legally protected to comply with statutory restrictions or development parameters.	K43. K of laws related to site development and the preservation of heritage, endangered, or protected plant species. K44. K of laws related to the preservation or maintenance of cultural or historical sites. K45. K of laws related to site development and wildlife protections. K46. K of laws related to site development near riparian, coastal, or freshwater bodies. K47. K of laws related to site development subject to stormwater management requirements.

CONTENT AREA 2: PROGRAM DEVELOPMENT (5%)

Section	Task	Associated Knowledge Statements
	T17. Develop feasibility studies to determine the viability of proposed program.	K48. K of factors that impact program feasibility. K49. K of processes involved in evaluating regulatory, site, and cost constraints that impact program feasibility.
	T18. Develop program to meet project requirements of clients and users.	K50. K of methods for integrating information from site analysis into program development. K51. K of methods for determining the program scope and parameters. K52. K of techniques for determining sequence of program components. K53. K of program alternatives for addressing unique site characteristics, budget, or other site considerations.
	T19. Prepare presentation drawings and materials to communicate program information to stakeholders and the public.	K54. K of graphic design and presentation media for conveying information regarding program and alternatives.
	T20. Engage with stakeholders and public regarding program to increase involvement and address potential issues.	K55. K of techniques for stakeholder and public outreach. K56. K of techniques for communicating project concepts to stakeholders and public. K57. K of methods for addressing stakeholder or public feedback regarding program.

CONTENT AREA 3: DESIGN PROCESS (60%)

Section	Task	Associated Knowledge Statements
3A: Site Design (35%)	T21. Design site plan to define the scale and scope of the project.	K58. K of regulatory requirements associated with site development. K59. K of strategies for integrating site analyses and program objectives into site design. K60. K of methods for evaluating design options based on program, cost, and constraints. K61. K of methods for selecting site structures, features, or amenities that conform to program objectives.
	T22. Design vehicular and non-vehicular circulation plan to provide access and accessibility consistent with program objectives.	K62. K of laws and regulations regarding site accessibility design. K63. K of methods for designing vehicular and non-vehicular circulation systems. K64. K of methods for designing for emergency vehicle access. K65. K of strategies for designing multimodal transportation alternatives. K66. K of strategies of designing landscapes for bicycle and vehicle parking areas. K67. K of methods for collaborating with consultants on vehicular and nonvehicular circulation systems.
	T23. Design site grading and drainage plan to address elevation issues and direct the flow of surface water.	K68. K of laws and regulations regarding on-site stormwater management. K69. K of laws and regulations associated with site grading and drainage design. K70. K of strategies for designing grading and drainage systems. K71. K of calculations used in grading and drainage design. K72. K of strategies for collaborating with other consultants in grading and drainage design.
	T24. Design planting plan to identify types and locations of vegetation based on program, suitability, and sustainability.	K73. K of landscape strategies that support California's ecological communities and regions. K74. K of methods for selecting vegetation species consistent with site location. K75. K of methods for selecting vegetation consistent with water management practices. K76. K of methods for addressing geographic and ecological characteristics that impact vegetation. K77. K of strategies for managing invasive or noxious vegetation in landscape design. K78. K of planting strategies that mitigate fire or other site hazards. K79. K of strategies for mitigating or remediating the effects of toxicity on soil. K80. K of planting strategies for use with reclaimed water. K81. K of planting strategies for mitigating risks associated with landscape design.

## BUSINESS & PROFESSIONS CODE SECTIONS REGARDING EXAMINATION SECURITY

123. It is a misdemeanor for any person to engage in any conduct which subverts or attempts to subvert any licensing examination or the administration of an examination, including, but not limited to:

- (a) Conduct which violates the security of the examination materials; removing from the examination room any examination materials without authorization; the unauthorized reproduction by any means of any portion of the actual licensing examination; aiding by any means the unauthorized reproduction of any portion of the actual licensing examination; paying or using professional or paid examination-takers for the purpose of reconstructing any

portion of the licensing examination; obtaining examination questions or other examination material, except by specific authorization either before, during, or after an examination; or using or purporting to use any examination questions or materials which were improperly removed or taken from any examination for the purpose of instructing or preparing any applicant for examination; or selling, distributing, buying, receiving, or having unauthorized possession of any portion of a future, current, or previously administered licensing examination.

- (b) Communicating with any other examinee during the administration of a licensing examination; copying answers from another examinee or permitting one's answers to be copied by another examinee; having in one's possession during the administration of the licensing examination any books, equipment, notes, written or printed materials, or data of any kind, other than the examination materials distributed, or otherwise authorized to be in one's possession during the examination; or impersonating any examinee or having an impersonator take the licensing examination on one's behalf.

Nothing in this section shall preclude prosecution under the authority provided for in any other provision of law.

In addition to any other penalties, a person found guilty of violating this section, shall be liable for the actual damages sustained by the agency administering the examination not to exceed ten thousand dollars (\$10,000) and the costs of litigation.

- (c) If any provision of this section or the application thereof to any person or circumstances is held invalid, that invalidity shall not affect other provisions or applications of the section that can be given effect without the invalid provision or application, and to this end the provisions of this section are severable.

**123.5.** Whenever any person has engaged, or is about to engage, in any acts or practices which constitute, or will constitute, a violation of Section 123, the superior court in and for the county wherein the acts or practices take place, or are about to take place, may issue an injunction, or other appropriate order, restraining such conduct on application of a board, the Attorney General or the district attorney of the county.

The proceedings under this section shall be governed by Chapter 3 (commencing with Section 525) of Title 7 of Part 2 of the Code of Civil Procedure.

The remedy provided for by this section shall be in addition to, and not a limitation on, the authority provided for in any other provision of law.

**496.** A board may deny, suspend, revoke, or otherwise restrict a license on the ground that an applicant or licensee has violated Section 123 pertaining to subversion of licensing examination.

**CALIFORNIA ARCHITECTS BOARD  
LANDSCAPE ARCHITECTS TECHNICAL COMMITTEE  
NOTICE OF CSE ELIGIBILITY**

---

---

Candidates receiving this guide are eligible to take the California Supplemental Examination (CSE). This is the ONLY notice of eligibility a candidate will receive from the LATC for this examination.

This guide provides important information regarding CSE procedures, processes, and content. To schedule an examination, please refer to the instructions in this guide.

Upon passing the CSE, you are eligible to apply for a landscape architect license in California. Information about applying for a license is included in this guide.
