INTRODUCTION

To advance from student of landscape architecture to landscape architect, a commitment to gaining status as a licensed professional is necessary. The Landscape Architects Technical Committee (LATC) recognizes the dedication required to achieve this goal.

This guide will assist individuals at their final stage of the examination process. Contents include information on examination eligibility and scheduling, an overview of the examination content, and general examination policies and procedures.

The LATC’s website is another informational source for candidates, in particular for current updates and changes to the law that may affect licensure and the practice of landscape architecture. Staff are always available to assist with more specific questions. Listed below are examples of the information and forms available on the website:

- Examination applications and supporting forms
- Examination fees and locations
- Frequently asked questions related to licensure and examinations
- Landscape Architects Practice Act

PURPOSE

The purpose of this Candidate Guide is to provide candidates with specific information about the California Supplemental Examination (CSE) process and an overview of content areas in which candidates will be examined.

OBJECTIVE OF THE LANDSCAPE ARCHITECTS TECHNICAL COMMITTEE

State licensing boards are mandated to protect the public by developing licensing examinations that test for minimum competency for those who wish to provide professional services to the public. These examinations require candidates to demonstrate that they possess the minimum knowledge, skills, and abilities (KSAs) that are necessary to perform safely and effectively in independent practice without supervision.

Section 5615 of the Business and Professions Code defines the practice of landscape architecture as:

“A person who practices landscape architecture within the meaning and intent of this article is a person who offers or performs professional services, for the purpose of landscape preservation, development and enhancement, such as consultation, investigation, reconnaissance, research, planning, design, preparation of drawings, construction documents and specifications, and responsible construction observation.”

Examinations administered by the LATC test candidates with regard to the KSAs necessary to perform each job task safely and competently. The CSE is designed to assess the candidate’s knowledge as applied to job activities of in the practice of landscape architecture in California including California laws, regulations, and other areas of practice that are either unique or more prevalent in California and not covered in the Landscape Architect Registration Examination (LARE).

EXAMINATIONS BY PSI

The Department of Consumer Affairs, LATC, has contracted with PSI to administer the CSE. PSI provides examinations through a network of computer examination centers in California and nationwide.

All questions regarding the scheduling and administration of examinations should be directed to PSI.

EXAMINATION SCHEDULING PROCEDURES

Once a candidate has established eligibility for the CSE by the LATC, the candidate becomes responsible for contacting PSI to schedule an appointment to take the CSE. A candidate may schedule via the Internet at www.psiexams.com, or over the telephone at (877) 392-6422.

Current policy allows one test attempt per application. If a candidate does not pass the examination, the candidate must reapply to the LATC.

The PSI testing centers are open for testing during normal working hours of 8:00 a.m. to 5:00 p.m. Monday through Friday, and operating hours on Saturday, except for the following major holidays:

INTERNET SCHEDULING

A candidate may schedule an examination by completing the online Test Registration Form available at www.psiexams.com. Scheduling an examination via the Internet is available 24 hours a day.

1. Complete the registration form online and submit to PSI via the Internet.
2. Upon completion of the online registration form, a candidate will be given the available dates for scheduling an examination.
3. A candidate will need to choose a date to complete their registration.
4. Upon successful registration, a candidate will receive a traceable confirmation number.

TELEPHONE SCHEDULING

To schedule with a live operator, call PSI at (877) 392-6422 PSI Monday through Friday between 4:30 a.m. and 7:00 p.m. and Saturday, between 8:00 a.m. and 2:00 p.m., Pacific Time. Scheduling services are also available via a PSI Telecommunications Device for the Deaf (TDD) by calling (800) 735-2929.

CANCELING AN EXAMINATION APPOINTMENT

A candidate may cancel and reschedule an examination appointment without forfeiting the fee IF A CANCELLATION NOTICE IS RECEIVED TWO (2) DAYS PRIOR TO THE SCHEDULED EXAMINATION DATE. For example, for a 9:00 a.m. Monday appointment, the cancellation notice would need to be received before 9:00 a.m. on the previous Saturday. A candidate may call PSI at (877) 392-6422.

Note: A voicemail or email message is not an acceptable form of cancellation. Please use the PSI website or call PSI and speak to a Customer Service Representative.

MISSED APPOINTMENT OR LATE CANCELLATION

A candidate who misses their appointment will not be able to take the examination as scheduled, further the examination fee is forfeited if a candidate:
- Does not cancel their appointment two (2) days before the scheduled examination date;
- Does not appear for their examination appointment;
- Arrives after examination start time; or
- Does not present proper identification to the proctor at the examination site.

RE-EXAMINATION

Candidates who fail the CSE are eligible to retake the examination 90 days from the notification of failed examination. Candidates will be given an application to re-take the CSE at the testing center or may obtain it on the LATC website at www.latc.ca.gov or by calling (916) 575-7230.

The CSE application and fee must be submitted directly to the LATC. Candidates will receive a Notice of Eligibility from PSI after the LATC receives and processes the CSE application and fee. The process takes approximately four weeks to complete.

EXAMINATION SITE CLOSING FOR AN EMERGENCY

In the event that severe weather or another emergency forces the closure of an examination site on a scheduled examination date, the examination will be rescheduled. PSI personnel will attempt to contact candidates in this situation. However, candidates may check the status of an examination appointment by calling (877) 392-6422. Every effort will be made to reschedule a candidate’s examination at a convenient time as soon as possible. Candidates will not be penalized. They will be rescheduled at no additional charge.

CONFIRMATION OF EXAMINATION APPOINTMENT

The LATC recommends that candidates confirm their examination appointment with PSI prior to traveling to an examination site. An examination appointment can be confirmed by calling (877) 392-6422.

REASONABLE ACCOMMODATIONS AVAILABLE

All examination sites are physically accessible to individuals with disabilities. Scheduling services are also available via our Telecommunications Device for the Deaf (TDD) by calling (800) 735-2929.

The LATC and PSI recognize their responsibilities under the Federal Americans with Disabilities Act and the California Fair Employment and Housing Act by providing testing accommodations or auxiliary aids or services for candidates who substantiate the need due to a physical or mental disability or qualified medical condition.

Accommodations will not be provided at the examination site unless prior approval by the LATC has been granted. Reasonable, appropriate, and effective accommodations may be requested by submitting a “Reasonable Accommodation Request for CSE” form to the LATC. This form is available at http://www.latc.ca.gov/forms_pubs/reasonaccom.pdf.

Requests for accommodation must be received a minimum of 90 days prior to the desired test date to allow for processing. Accommodations that fundamentally alter the measurement of the skills or knowledge the examination is intended to test will not be granted.

Do not schedule your examination with PSI until you have received written notification from the LATC regarding your request for accommodation.

REPORTING TO THE EXAMINATION SITE

On the day of the examination, candidates must arrive at least 30 minutes prior to a scheduled appointment time. This allows time for check-in and identification verification and provides time for the candidates to familiarize themselves with the examination process. Candidates who arrive late may not be admitted to the examination site, and they may forfeit the examination registration fee. Even though candidates will be thumb printed, they are still required to comply with any identification requirements established by the appropriate regulatory entity.

REQUIRED IDENTIFICATION AT EXAMINATION SITE

A candidate must provide one of the following valid and current forms of government issued identification in order to examine:

- State-issued Driver License
- State-issued Identification Card
- U.S. Military-issued Identification Card
- U.S. Government-issued Passport
- U.S. Government-issued Passport Card

All identification photographs must be recognizable as the person to whom the identification card was issued. The name on the application must match the photographic I.D. card.

If a candidate cannot provide the required identification, the candidate must call (877) 392-6422 at least 3 weeks prior to their scheduled appointment to arrange a way to meet this security requirement. Failure to provide all of the required identification at the time of the examination without notifying PSI is considered a missed appointment, and the candidate will not be able to take the examination.

CALIFORNIA LAW SECURITY PROCEDURES

Section 123 of the California Business and Professions Code states: It is a misdemeanor for any person to engage in any conduct which subverts or attempts to subvert any licensing examination or the administration of an examination, including, but not limited to:

- Conduct which violates the security of the examination materials;
- Removing from the examination room any examination materials without authorization;
- The unauthorized reproduction by any means of any portion of the actual licensing examination;
- Aiding by any means the unauthorized reproduction of any portion of the licensing examination;
- Paying or using professional or paid examination-takers for the purpose of reconstructing any portion of the licensing examination;
- Obtaining examination questions or other examination material, except by specific authorization either before, during, or after an examination; or
- Selling, distributing, buying, receiving, or having unauthorized possession of any portion of a future, current, or previously administered licensing examination.

Additionally, section 496 states: A board may deny, suspend, revoke, or otherwise restrict a license on the ground that an applicant or licensee has violated s

### IMPORTANT INFORMATION ABOUT TAKING AN EXAMINATION

1. All candidates will have their thumbprint taken during examination check-in. The thumbprint must be matched after candidates return from a restroom break and any time the candidate leaves and returns to the test site after check-in.

2. The temperature in the testing room is maintained at a moderate level. Candidates are advised to layer clothing. Acceptable layered clothing includes lightweight shirts, sweaters, and pullovers without pockets or hoods. These items must be worn upon check-in, while you wait to enter the testing room, and during your initial seating for the examination. If the layered item is removed during the examination, you will be required to store it in the lobby while time continues to count down on your examination. Outerwear (coats, heavy jackets, vests, shawls, scarves, etc.) is not allowed in the testing rooms.

3. There are timing mechanisms available in the testing room and on the computer console to help candidates keep track of time during the test administration. Candidates are not permitted to bring watches or other timekeeping devices into the testing rooms.

4. Only one candidate will be allowed to take a restroom break at a time. Candidates are required to sign out when leaving and returning to the testing room. If a candidate’s restroom break takes longer than 5 (five) minutes, a proctor will check on the candidate and will notify the applicable regulatory entity of the occurrence. The regulatory entity will investigate and take appropriate action.

5. The following is a non-exhaustive list of personal items that are not permitted in the testing rooms:

</tbody>
</table>

*Headwear worn for religious purposes is subject to inspection.
**Prescription and non-prescription eyeglasses may not be worn for the photo. Eyeglasses subject to inspection.
***Jewelry that is allowed into the examination room is subject to inspection.
****Drugs that are medically necessary during the pendency of the examination may be brought into the examination site, in a container bearing a proper prescription label with the name of the candidate and of the drug; any such medication is subject to examination by a proctor upon check-in.

Examination proctors will have considerable discretion to refuse permission of clothing and/or items that compromise the integrity or security of the examination.

During the check-in process, all candidates will be asked if they possess any of the prohibited items and all candidates will be asked to empty their pockets. If prohibited items are found during check-in, candidates must return these items to their vehicle or other place of safekeeping. Neither PSI nor the Department of Consumer Affairs will be responsible for the items. Any candidate possessing prohibited items in the testing room will have his or her examination results invalidated, and PSI will notify the appropriate regulatory entity of the occurrence.

6. Shoes must be worn at all times and feet are not permitted on the chairs. Feet must remain on the floor during examinations.

7. Copying any portion of the examination content by any means, or communicating examination content for the purpose of aiding its unauthorized reproduction, whether before, during, or after the examination, is a violation of PSI security policy and existing law. Either one may result in the disqualification or invalidation of examination results, the denial of your license, and may result in criminal prosecution.

8. If a candidate is asked by a proctor to step into the lobby during your examination, the proctor will suspend the candidate’s examination, so all remaining test time will be retained.
Only candidates, and those individuals with prior regulatory entity approval, are allowed to be present in the testing sites.

If candidates require that an exception be made to ANY of the abovementioned security procedures, candidates must contact their regulatory entity PRIOR to the date of their examination. The regulatory entity must provide the exception to PSI. NO EXCEPTIONS WILL BE MADE ON THE DAY OF THE EXAMINATION.

### TAKING THE EXAMINATION BY COMPUTER

The examination will be administered via computer. You will be using a mouse and computer keyboard.

**IDENTIFICATION SCREEN**

You will be directed to a semiprivate testing station to take the examination. When you are seated at the testing station, you will be prompted to confirm your name, identification number, and the examination for which you are registered.

**TUTORIAL**

Before you start your examination, an introductory tutorial is provided on the computer screen. The time you spend on this tutorial, up to 15 minutes, DOES NOT count as part of your examination time. Sample questions are included following the tutorial so that you may practice answering questions, and reviewing your answers.

**TEST QUESTION SCREEN**

The “function bar” at the top of the test question screen provides mouse-click access to the features available while taking the examination.

One question appears on the screen at a time. During the examination, minutes remaining will be displayed at the top of the screen and updated as you record your answers.

### EXAMINATION REVIEW

Examination development and testing specialists in conjunction with the LATC, will continually evaluate the examinations being administered to ensure that the examination accurately measures competency in the required knowledge areas.

### EXAMINATION DEVELOPMENT

The LATC CSE is developed and maintained by OPES, a division of the Department of Consumer Affairs. OPES staff consists of test validation and development specialists trained to develop and analyze occupational licensing examinations.

California licensed landscape architects are trained by these testing specialists and participate in workshops where examinations are developed. The licensed landscape architects are referred to as “Subject Matter Experts” (SMEs). These SMEs write and review multiple-choice questions based specifically on the examination plan, which is a result of the most recent occupational analysis.

The cooperative efforts among the members of the landscape architecture profession, the OPES, and the LATC are necessary to achieve both the measurement and content standards for examination construction.

### ESTABLISHING THE PASSING STANDARDS

The CSE measures knowledge and skills required for landscape architectural practice in California, and represents a standard of performance that landscape architect SMEs agree is the minimum acceptable level for licensing in the profession.

To establish pass/fail standards for the CSE, a criterion-referenced passing score methodology is used. The intent of this methodology is to differentiate between a qualified and unqualified licensure candidate. The passing score is based on minimum competence criterion that are defined in terms of the actual behaviors that qualified architects would perform if they possessed the knowledge necessary to perform job activities.

During a criterion-referenced passing score procedure, a panel of landscape architect SMEs also consider other factors that would contribute to minimum acceptable competence, such as prerequisite qualifications (e.g., education, training and experience); the difficulty of the issues addressed in each multiple-choice item; and public health and safety issues. By adopting a criterion-referenced passing score, the LATC applies the same minimum competence standards to all licensure candidates.

### EXAMINATION RESULTS

After completing the CSE, a candidate will receive a printed Score Report indicating whether they have passed or failed.

Candidates who pass the CSE are eligible for licensure. The LATC will provide information on obtaining licensure to eligible candidates.

Candidates who fail the CSE are eligible to retake the examination 90 days from the notification of failed examination. Candidates who are unsuccessful will be given an application to re-take the CSE at the testing center or they may obtain it on the LATC website at www.latc.ca.gov or by calling (916) 575-7230.
There is no provision for an appeal of a candidate's failed examination score.

Submittal of a new application and payment to the LATC is required in order to retake the CSE; however, a candidate cannot schedule or retake the examination for at least 90 days from the date he or she took the examination they failed. If the new application and payment are received by the LATC within the 90-day wait time, a new notice of eligibility (CSE Candidate Guide) will be sent to the candidate (from PSI) near the end of that waiting period. If the application and payment are received any time after that waiting period, they will be processed within normal processing times by the LATC, PSI will be notified of the candidate's renewed eligibility, and a new notice of eligibility will be sent to the candidate (from PSI).
LANDSCAPE ARCHITECT CSE TEST PLAN CONTENT

The CSE is designed to assess a candidate's knowledge and experience as applied to job activities of landscape architects. The CSE is structured into weighted content areas.

The examination plan represents job tasks and knowledge, skills, and abilities that licensees are expected to know and perform at the time of licensure. Examination questions are developed directly from specific tasks and the KSAs associated with those tasks in the examination plan.

The CSE consists of multiple-choice items and may contain additional items for the purpose of pre-testing (non-scoreable items). Pre-testing allows performance data to be gathered and evaluated before the items are scoreable in a future examination. These pre-test items, distributed throughout the examination, are not identified or used in calculating the examination score.

All of the scoreable items in the CSE have been written and reviewed by California-licensed landscape architects, are based on the knowledge statements contained in the CSE Examination Plan, are written at a level to assess minimum standards of competency necessary for practice in California, and have been pre-tested to ensure statistical performance standards are met.

There is only one correct answer for each item. The “incorrect” answers are typically common errors and misconceptions, true but not relevant statements, or incorrect statements. There are no “trick” questions in the examination. Candidates will have approximately TWO AND A HALF (2.5) hours to complete the examination.

Business & Professions Code Sections Regarding Examination Security

123. It is a misdemeanor for any person to engage in any conduct which subverts or attempts to subvert any licensing examination or the administration of an examination, including, but not limited to:
(a) Conduct which violates the security of the examination materials; removing from the examination room any examination materials without authorization; the unauthorized reproduction by any means of any portion of the actual licensing examination; aiding by any means the unauthorized reproduction of any portion of the actual licensing examination; paying or using professional or paid examination-takers for the purpose of reconstructing any portion of the licensing examination; obtaining examination questions or other examination material, except by specific authorization either before, during, or after an examination; or using or purporting to use any examination questions or materials which were improperly removed or taken from any examination for the purpose of instructing or preparing any applicant for examination; or selling, distributing, buying, receiving, or having unauthorized possession of any portion of a future, current, or previously administered licensing examination.
(b) Communicating with any other examinee during the administration of a licensing examination; copying answers from another examinee or permitting one's answers to be copied by another examinee; having in one's possession during the administration of the licensing examination any books, equipment, notes, written or printed materials, or data of any kind, other than the examination materials distributed, or otherwise authorized to be in one's possession during the examination; or impersonating any examinee or having an impersonator take the licensing examination on one's behalf.

Nothing in this section shall preclude prosecution under the authority provided for in any other provision of law. In addition to any other penalties, a person found guilty of violating this section, shall be liable for the actual damages sustained by the agency administering the examination not to exceed ten thousand dollars ($10,000) and the costs of litigation.

(c) If any provision of this section or the application thereof to any person or circumstances is held invalid, that invalidity shall not affect other provisions or applications of the section that can be given effect without the invalid provision or application, and to this end the provisions of this section are severable.

123.5. Whenever any person has engaged, or is about to engage, in any acts or practices which constitute, or will constitute, a violation of Section 123, the superior court in and for the county wherein the acts or practices take place, or are about to take place, may issue an injunction, or other appropriate order, restraining such conduct on application of a board, the Attorney General or the district attorney of the county.

The proceedings under this section shall be governed by Chapter 3 (commencing with Section 525) of Title 7 of Part 2 of the Code of Civil Procedure.

The remedy provided for by this section shall be in addition to, and not a limitation on, the authority provided for in any other provision of law.

496. A board may deny, suspend, revoke, or otherwise restrict a license on the ground that an applicant or licensee has violated Section 123 pertaining to subversion of licensing examination.
