### SCHEDULING INFORMATION (SEE PAGE 3 FOR CONFIRMATION INFORMATION)

Date Scheduled: \_\_\_\_\_

Name of Scheduler: \_\_\_\_\_

Date of Examination: \_\_\_\_\_

Time of Examination: \_\_\_\_\_

Test Center Location: \_\_\_\_\_

## PURPOSE

The *California Supplemental Examination (CSE) Handbook* is designed to provide a candidate with important information regarding examination procedures, processes, and content. The CSE is the final examination requirement for obtaining an architect license in California.

The California Architects Board (Board) strongly recommends that candidates thoroughly review the *CSE Handbook*, the CSE Test Plan, and the recommended CSE Reference Materials (available at [www.cab.ca.gov](http://www.cab.ca.gov)) to prepare for the examination. The *CSE Handbook* describes in detail what to expect upon arrival at the test center. It also provides other recommendations on how to prepare for the examination, information on the format of the examination, the CSE Test Plan content, and information on receiving examination results.

## OBJECTIVE OF THE CALIFORNIA ARCHITECTS BOARD

The Board is mandated to protect the public's health, safety, and welfare. The CSE assesses whether candidates for licensure demonstrate minimum standards of competency necessary to meet the requirements of current architectural practice in California.

As in other states with unique needs and regulatory requirements, California requires a supplemental examination in addition to the Architect Registration Examination (ARE). The CSE ensures that candidates are able to demonstrate that they have the necessary architectural knowledge and skills to respond to the unique conditions present in California.

The setting for architectural practice in California is distinct from that of other states in terms of the breadth, magnitude, and complexity of the individual conditions that create its unusually demanding context, including its large physical size, large and diverse population, varied landscape and climate, high seismicity, regulations and entitlements, and massive economy. Additionally, the varying interplay of these conditions for specific projects gives rise to even more complicated settings for the conduct of architectural practice in the state.

Please use the *CSE Handbook* as a study guide, as well as a resource, to understand the administrative procedures and processes for the CSE. Candidates who have questions may refer to the contact information available in this handbook.

## EXAMINATIONS BY PSI

The Board, through the California Department of Consumer Affairs (DCA), contracts with PSI to administer the CSE. PSI provides examinations through a network of 17 computer test centers in California and 22 additional nationwide sites.

All questions regarding the scheduling and administration of examinations should be directed to:

PSI licensure:certification  
3210 E. Tropicana Avenue  
Las Vegas, NV 89121

(877) 392-6422 • FAX (702) 932-2666 • TTY (800) 735-2929  
<https://test-takers.psiexams.com/caarb>

All other questions about examinations, examination content, and licensing should be directed to:

California Architects Board  
2420 Del Paso Road, Suite 105  
Sacramento, CA 95834  
(916) 574-7220  
[www.cab.ca.gov](http://www.cab.ca.gov) • email [cab@dca.ca.gov](mailto:cab@dca.ca.gov)

## TESTING ACCOMMODATIONS AVAILABLE

All test centers are physically accessible to individuals with disabilities. Scheduling services are also available via PSI Telecommunications Device for the Deaf (TDD) by calling (800) 735-2929.

The Board and PSI recognize their responsibilities under the Federal Americans with Disabilities Act and the California Fair Employment and Housing Act by providing testing accommodations or auxiliary aids or services for candidates who substantiate the need due to a physical or mental disability or qualified medical condition.

Testing accommodations are available for candidates who speak English as a second language (ESL). Candidates who verify the need for ESL accommodations will be provided a 45-minute time extension and will be allowed the use of a candidate supplied word-to-word translation dictionary. Please contact the board by email at [cab@dca.ca.gov](mailto:cab@dca.ca.gov) for more information regarding ESL accommodations.

**Testing accommodations will not be provided at the test center unless prior approval by the Board has been granted.** Reasonable, appropriate, and effective testing accommodations may be requested by submitting a Reasonable Accommodations Request form for CSE to the Board. This form is available at [www.cab.ca.gov](http://www.cab.ca.gov).

**Requests for testing accommodations must be received a minimum of 90 days prior to the desired test date to allow for processing.** Testing accommodations that fundamentally alter the measurement of the skills or knowledge the examination is intended to test will not be granted.

**Do not schedule an examination with PSI until written notification has been received from the Board regarding a request for testing accommodations.**

## EXAMINATION SCHEDULING PROCEDURES

Once a candidate has established eligibility for the CSE by the Board, the candidate becomes responsible for contacting PSI to schedule an appointment to take the examination. A candidate may do so via the internet at <https://test-takers.psiexams.com/caarb> or by telephone at (877) 392-6422.

**Current policy allows one examination attempt per application. If a candidate does not pass the examination, the candidate must reapply to the Board. Please register an**

account or login to your [CAB Connect](#) user dashboard to complete and submit your CSE application online.

The PSI test centers are open for testing during normal working hours of 8:00 a.m. to 5:00 p.m., Monday through Friday, and operating hours on Saturday, except for the following major holidays:

Memorial Day	Closed May 27, 2024
Independence Day	Closed July 4, 2024
Labor Day	Closed September 2, 2024
Thanksgiving Day	Closed November 27-28, 2024
Christmas Day	Closed December 25-26, 2024
New Year Day	Closed January 1, 2025
Martin Luther King Jr.	Closed January 20, 2025

### INTERNET SCHEDULING

A candidate may schedule an examination by completing the online Test Registration Form available at <https://test-takers.psiexams.com/caarb>. Scheduling an examination may be made via the internet 24 hours a day.

Log onto PSI's website and select Sign in / Create Account. Select Create Account. You are now ready to pay and schedule for the examination. Enter your zip code, and a list of the test centers closest to you will appear. Once you select the desired test center, available dates will appear.

### TELEPHONE SCHEDULING

To schedule an examination appointment, you may call PSI registrars at (877) 392-6422, Monday through Friday between 4:30 a.m. and 7:00 p.m., and Saturday, between 8:00 a.m. and 2:00 p.m., Pacific Time. A telecommunications Device for the Deaf (TDD) is available at (800) 735-2929.

### CANCELING AN EXAMINATION APPOINTMENT

A candidate may cancel and reschedule an examination appointment without forfeiting the fee ***IF A CANCELLATION NOTICE IS RECEIVED TWO (2) DAYS PRIOR TO THE SCHEDULED EXAMINATION DATE.*** For example, for a 9:00 a.m. Monday appointment, the cancellation notice would need to be received before 9:00 a.m. on the previous Saturday. A candidate may call PSI at (877) 392-6422 or use the PSI website.

**Note:** A voicemail or email message is not an acceptable form of cancellation. Please use the PSI website or call PSI and speak directly to a Customer Service Representative.

### MISSED APPOINTMENT OR LATE CANCELLATION

A candidate who misses their appointment will not be able to take the examination as scheduled. Further, the examination fee is forfeited if a candidate:

- Does not cancel their appointment two (2) days before the scheduled examination date;
- Does not appear for their examination appointment;
- Arrives after their examination start time; or
- Does not present proper identification to the proctor at the test center (see page 8).

### REEXAMINATION

A candidate who fails the CSE may not schedule or retake the examination for at least 90 days from the date they last took an examination. See Examination Results in this handbook for additional information regarding reexamination.

### TEST CENTER CLOSING FOR AN EMERGENCY

In the event that severe weather or another emergency forces the closure of a test center on a scheduled examination date, the examination will be rescheduled. PSI personnel will attempt to contact candidates in this situation. However, candidates may check the status of an examination appointment by calling (877) 392-6422. Every effort will be made to reschedule a candidate's examination at a convenient time as soon as possible. Candidates will not be penalized. They will be rescheduled at no additional charge.

## **CONFIRMATION OF EXAMINATION APPOINTMENT**

The Board recommends that candidates confirm their examination appointment the day of their examination with PSI prior to traveling to a test center. An examination appointment can be confirmed by calling (877) 392-6422 or by logging onto their online PSI account.

## CALIFORNIA TEST CENTER LOCATIONS

The CSE is administered at the following PSI test centers in California:

### **AGOURA HILLS**

30851 AGOURA RD SUITE 302  
AGOURA HILLS, CA 91301  
(818) 851-9266

#### **NASHVILLE**

THE OAKS

1102 KERMIT DRIVE, SUITE 101  
NASHVILLE, TN 37217

FROM I-40 EAST: TAKE EXIT ONTO I-24 (EXIT 213-A). TAKE MURFREESBORO ROAD AT THE FIRST EXIT (EXIT 52). STAY IN THE RIGHT LANE ON THE RAMP, AS THE EXIT APPEARS WHILE YOU ARE STILL IN THE CURVE. ON MURFREESBORO, STAY IN THE LEFT LANE. YOU WILL PASS DAYS INN AND SUPER GIGANTE GROCERY ON YOUR RIGHT. TURN LEFT ONTO KERMIT DRIVE WHEN THERE IS A MCDONALDS ON YOUR RIGHT. PSI IS IN THE FIRST BUILDING ON YOUR LEFT.

FROM I-40 WEST: TAKE EXIT ONTO BRILEY PARKWAY, TURN LEFT ONTO BRILEY PWY. EXIT ONTO MURFREESBORO RD. STAY IN THE RIGHT LANE. TURN RIGHT ONTO KERMIT DRIVE. PSI IS IN THE FIRST BUILDING ON YOUR LEFT.

#### **OLATHE**

18000 W. 105TH ST.  
CORPORATE RIDGE OFFICE PARK  
OLATHE, KS 66061

FROM EAST - TAKE I-435 W TO K-10/LAWRENCE EXIT 1B. FROM K-10, EXIT AT RIDGEVIEW RD AND TURN LEFT. TAKE FIRST LEFT INTO OFFICE PARK. THE PSI OFFICE IS ON LEFT.

FROM NORTH - TAKE I-35 S TO I-435 W EXIT 222B, THEN TAKE K-10/LAWRENCE EXIT 1B. FROM K-10, EXIT AT RIDGEVIEW RD AND TURN LEFT. TAKE FIRST LEFT INTO OFFICE PARK. THE PSI OFFICE IS ON LEFT.  
FROM WEST OF I-35, TAKE I-435 S, THEN TAKE K-10/LAWRENCE EXIT 1B. FROM K-10, EXIT AT RIDGEVIEW RD AND TURN LEFT. TAKE FIRST LEFT INTO OFFICE PARK. THE PSI OFFICE IS ON LEFT.

FROM SOUTH - TAKE I-35 N TO I-435 W EXIT 222B, THEN TAKE K-10/LAWRENCE EXIT 1B. FROM K-10, EXIT AT RIDGEVIEW RD AND TURN LEFT. TAKE FIRST LEFT INTO OFFICE PARK. THE PSI OFFICE IS ON LEFT.  
FROM WEST - TAKE K-10/LAWRENCE EXIT 1B. FROM K-10, EXIT AT RIDGEVIEW RD AND TURN RIGHT. TAKE FIRST LEFT INTO OFFICE PARK. THE PSI OFFICE IS ON LEFT. PLEASE PARK IN THE SPOTS DESIGNATED FOR VISITORS/TESTERS AT THE FRONT OF THE BUILDING.

#### **PHILADELPHIA**

ONE BALA AVENUE, SUITE 310  
BALA CYNWYD, PA 19004

FROM I-76 EXIT CITY LINE AVENUE. FOLLOW CITY LINE AVENUE SOUTH. THE BUILDING IS ON THE CORNER OF BALA AVENUE AND CITY LINE (NEXT TO THE BALA CYNWYD RAILROAD STATION). THIS IS NOT BALA PLAZA.

## RICHMOND

MOOREFIELD VI BUILDING  
620 MOOREFIELD PARK DRIVE  
SUITE 205  
RICHMOND, VA 23236

FROM I-64E, TAKE THE PARHAM RD EXIT AND TURN RIGHT. N PARHAM RD/VA-73 S BECOMES VA-150 S/CHIPPENHAM PKWY. MERGE ONTO VA-76 S/POWHITE PKWY. MERGE ONTO MIDLOTHIAN TURNPIKE WEST. TURN LEFT ON MOOREFIELD PARK DR.

## SOUTHFIELD (DETROIT AREA)

2640 LAHSER ROAD, SUITE 150  
SOUTHFIELD, MI 48033

FROM I-96 E MERGE ONTO I-696 E. THEN MERGE ONTO MI-10 S. TAKE THE LAHSER ROAD EXIT. KEEP LEFT AT THE FORK IN THE RAMP. TURN LEFT ONTO NORTHWESTERN HWY. TURN RIGHT ONTO LAHSER ROAD. YOU MAY ACCESS THE BUILDING FROM THE BACK USING THE NW DOOR.

## SPRINGFIELD

1111 ELM STREET, SUITE 32A  
WEST SPRINGFIELD, MA 01089

TAKE MASS PIKE (RT. 90). EXIT 4-WEST SPRINGFIELD/HOLYOKE. TURN RIGHT ON WEST SPRINGFIELD/RT. 5 SOUTH. CONTINUE ON RT. 5 APPROXIMATELY TWO MILES. TURN RIGHT ON ELM ST.-IMMEDIATELY AFTER SHOWCASE CINEMAS. OFFICE IS APPROXIMATELY 1/4 MILE ON THE RIGHT.

## TULSA

2840 E. 51ST STREET  
BRITTANY SQUARE OFFICE PARK, SUITE 215  
TULSA, OK 74105

FROM I-44 EAST - TAKE EXIT NUMBER 228 (HARVARD), STAY TO THE RIGHT WHICH WILL BE WESTBOUND ON 51ST ST. IN ROUGHLY 1/2 MILE, TURN LEFT ON DELAWARE CT. THE TEST CENTER IS IN THE FIRST BUILDING ON THE LEFT MARKED "BRITTANY SQUARE OFFICE PARK".

FROM I-44 WEST - TAKE EXIT 228 TOWARDS HARVARD AVE. MERGE ONTO E SKELLY DR. USE THE 2ND FROM THE LEFT LANE TO TURN LEFT ONTO S HARVARD AVE. TURN RIGHT ONTO E 51ST ST/EAST 51ST STREET SOUTH. GO ABOUT 1/2 MILE THEN TURN LEFT ONTO DELAWARE CT. THE TEST CENTER IS IN THE FIRST BUILDING ON THE LEFT MARKED "BRITTANY SQUARE OFFICE PARK".

ONCE INSIDE THE BUILDING, PROCEED TO THE 2ND FLOOR. THE TEST CENTER IS IN SUITE 215.

## WEST DES MOINES

1001 OFFICE PARK ROAD, SUITE 315  
WEST DES MOINES, IA 50265

FROM I-235, EXIT 8TH ST/73<sup>RD</sup> ST AND PROCEED SOUTH. TURN RIGHT ON OFFICE PARK ROAD. TURN RIGHT INTO THE DRIVEWAY.

## WEST HARTFORD

1245 FARMINGTON AVENUE, SUITE 203  
WEST HARTFORD CT.

FROM I-84 WEST, TAKE EXIT 40 TOWARD CT-71/NEW BRITAIN AVE/CORBINS CORNER. TURN RIGHT ONTO RIDGEWOOD RD. TURN LEFT ONTO WOOD PONT RD. TURN LEFT ONTO TUNXIS RD. TURN RIGHT ONTO BROOKMOOR RD. TURN RIGHT ONTO BUENA VISTA RD. TURN LEFT ONTO EVERETT AVE. TURN RIGHT ONTO FARMINGTON AVE. DESTINATION IS ON THE RIGHT.

## WILSONVILLE

25195 SW PARKWAY AVENUE, SUITE 105  
WILSONVILLE, OR 97070

GOING SOUTH: OFF I5, TAKE EXIT 286 (ELLINGENS/BOONES FERRY RD). TURN LEFT AND CROSS BACK OVER THE FREEWAY. TURN LEFT AT 2<sup>ND</sup> SIGNAL LIGHT (PARKWAY AVE.) TURN INTO PARKWAY PLAZA PARKING LOT (ACROSS THE STREET FROM SHRINER'S). WE ARE LOCATED IN THE MAIN ENTRANCE FIRST DOOR ON THE RIGHT.

## WHEATRIDGE

4891 INDEPENDENCE ST #220

WHEAT RIDGE, CO 80033

From I-70W, Merge onto Kipling St/CO-391N. Turn right onto W 49th Ave. Take the 1st right onto Independence St.

## PREPARING FOR THE EXAMINATION

To prepare for the CSE, the Board recommends the following:

- **Thoroughly read the *CSE Handbook*.** The *CSE Handbook* contains valuable information, including examination procedures and administrative processes. Candidates should take time to read all available materials and contact the Board well in advance of their examination appointment if they have questions.
- **Study the CSE Test Plan.** The CSE Test Plan is made up of five areas of tasks and knowledge statements and was used by the Board to develop the examination questions. No questions will be asked that are not based upon the material found in the CSE Test Plan. Candidates may find it helpful to compare their experience and knowledge with each area of the CSE Test Plan.
- **Use the CSE Reference Materials.** The Board provides a list of reference materials on its website at [www.cab.ca.gov](http://www.cab.ca.gov). It is strongly recommended that candidates thoroughly review these materials and **check the list regularly, as it is updated when necessary.** The list details the resources with which to be familiar and knowledgeable, and how they may be obtained. Some of the materials are available for a nominal cost and others are free. Candidates should check with the source agency of each publication for availability and current pricing.
- **Engage in self-directed study.** For areas of the CSE Test Plan in which candidates may have limited experience or knowledge, they should engage in self-directed study (e.g., Architectural Experience Program training areas, continuing education, The American Institute of Architects *Handbook of Professional Practice*).

### EXAMINATION SEMINARS AND STUDY GUIDES

The *CSE Handbook* is the **only** official examination preparation publication for the CSE. The Board does not contribute to nor endorse any examination seminars or study guides for the CSE. Licensed architects who serve the Board as subject matter experts (SMEs) may not contribute to or participate in any examination seminars or study guides. In addition, individuals and organizations that offer examination seminars or study guides are not given any information beyond what is available or referenced on the Board's website or in the *CSE Handbook*.

*Per Civil Code section 1798.61(b), individuals and organizations that provide educational information regarding examinations are provided with a list of the Board's candidates' names and addresses upon request (unless a candidate indicates on the examination application that they do not want to have this information shared).*

## REPORTING TO THE TEST CENTER

On the day of the examination, candidates must arrive at least 30 minutes prior to a scheduled appointment time. This allows time for check-in and identification verification and provides time for the candidates to familiarize themselves with the examination process. Candidates who arrive late may not be admitted to the examination site, and they may forfeit the examination registration fee. Even though candidates will have an image of their thumbprint taken, they are still required to comply with any identification requirements established by the Board.

### REQUIRED IDENTIFICATION AT THE TEST CENTER

A candidate must provide one of the following valid and current forms of government issued identification with photograph in order to test:

- Driver's license issued by a state, territory, or province of the U.S. or Canada
- Identification card issued by a state, territory, or province of the U.S. or Canada
- Passport issued by the U.S. or Canada
- U.S. Government-issued Passport Card
- U.S. military identification card

*All identification photographs must be recognizable as the person to whom the identification card was issued, and the name on a candidate's identification card must match the name on their application submitted to the Board. If a candidate has recently changed their name with the Board, they may want to contact PSI to verify that PSI has the correct name on file.*

**If a candidate cannot provide the required identification, the candidate should cancel their appointment to avoid forfeit of the examination registration fee. Failure to provide the required identification at the time of the examination without notifying PSI is considered a missed appointment, and a candidate will not be able to take the examination.**

### CALIFORNIA LAW SECURITY PROCEDURES

California Business and Professions Code section 123 states: It is a misdemeanor for any person to engage in any conduct which subverts or attempts to subvert any licensing examination or the administration of an examination, including, but not limited to:

- Conduct which violates the security of the examination materials;
- Removing from the examination room any examination materials without authorization;
- The unauthorized reproduction by any means of any portion of the actual licensing examination;
- Aiding by any means the unauthorized reproduction of any portion of the actual licensing examination;
- Paying or using professional or paid examination-takers for the purpose of reconstructing any portion of the licensing examination;
- Obtaining examination questions or other examination material, except by specific authorization either before, during, or after an examination;

- Using or purporting to use any examination questions or materials which were improperly removed or taken from any examination for the purpose of instructing or preparing any applicant for examination;
- Selling, distributing, buying, receiving, or having unauthorized possession of any portion of a future, current, or previously administered licensing examination;
- Communicating with any other examinee during the administration of a licensing examination;
- Copying answers from another examinee or permitting one's answers to be copied by another examinee;
- Having in one's possession during the administration of the licensing examination any books, equipment, notes, written or printed materials, or data of any kind, other than the examination materials distributed, or otherwise authorized to be in one's possession during the examination; or
- Impersonating any examinee or having an impersonator take the licensing examination on one's behalf.

Nothing in section 123 precludes prosecution under authority provided for in any other provision of law. In addition to any other penalties, a person found guilty of violating section 123, is liable for the actual damages sustained by the agency administering the examination not to exceed ten thousand dollars (\$10,000) and the costs of litigation.

Additionally, section 496 states:

"A board may deny, suspend, revoke, or otherwise restrict a license on the ground that an applicant or licensee has violated Section 123 pertaining to subversion of licensing examinations."

### PSI SECURITY PROCEDURES

No guests, visitors, or family members are allowed in the testing or reception areas. Failure to follow these procedures may result in disqualification of the candidate's examination.

*Note: Each candidate will be provided with notepaper and a pencil at the test center so that notes can be taken during the examination. This notepaper will be retrieved by the proctor after the examination.*

### IMPORTANT INFORMATION ABOUT TAKING AN EXAMINATION

1. All candidates will have an image of their thumbprint taken during examination check-in. The thumbprint must be matched after candidates return from a restroom break and any time the candidate leaves and returns to the test center after check-in.
2. The temperature in the testing room is maintained at a moderate level. Candidates are advised to layer clothing. Acceptable layered clothing includes lightweight shirts, sweaters, and pullovers without pockets or hoods. These items must be worn upon check-in, while you wait to enter the testing room, and during your initial seating for the examination. If the layered item is removed during the examination, you will be required to store it in the lobby while time continues to count down on your examination. Outerwear (coats, heavy jackets, vests, shawls, scarves, etc.) is not allowed in the testing rooms.
3. There are timing mechanisms available in the testing room and on the computer console to help candidates keep track of time during the test administration. Candidates

are not permitted to bring watches or other timekeeping devices into the testing rooms.

- Only one candidate at a time will be allowed to take a restroom break. Candidates are required to sign out when leaving and returning to the testing room. If a candidate's restroom break takes longer than 5 (five) minutes, a proctor will check on the candidate and will notify the applicable regulatory entity of the occurrence. The regulatory entity will investigate and take appropriate action.
- The following is a non-exhaustive list of personal items that are not permitted in the testing rooms:

Purses	Briefcases/daypacks/luggage
Cellular phones	Pagers
Drinks (including water)	Food/candy/snacks/gum
Good luck items	Luggage
Calculators	Reading materials
Textbooks	Notes
Any recording device	Smart devices
Electronic devices	Headphones or earphones/earbuds
Personal pens or pencils	Therapeutic items
Cameras	Over-the-counter medication
Weapons	Fashion scarves
Hats/baseball caps/visors*	Sunglasses**
Bulky, large, or noisy jewelry***	Prescription drugs****

\*Headwear worn for religious purposes is subject to inspection.

\*\*Prescription and non-prescription eyeglasses may not be worn for the photo. Eyeglasses are subject to inspection.

\*\*\*Jewelry that is allowed into the examination room is subject to inspection.

\*\*\*\*Drugs that are medically necessary during the pendency of the examination may be brought into the examination site, in a container bearing a proper prescription label with the name of the candidate and of the drug; any such medication is subject to examination by a proctor upon check-in.

Examination proctors will have considerable discretion to refuse permission of clothing and/or items that compromise the integrity or security of the examination.

During the check-in process, all candidates will be asked if they possess any of the prohibited items, and all candidates will be asked to empty their pockets. If prohibited items are found during check-in, candidates must return these items to their vehicle or other place of safekeeping. Neither PSI nor the DCA will be responsible for the items. Any candidate possessing prohibited items in the testing room will have their examination results invalidated, and PSI will notify the appropriate regulatory entity of the occurrence.

- Shoes must be worn at all times, and feet are not permitted on the chairs. Feet must remain on the floor during the examination.
- Copying any portion of the examination content by any means or communicating examination content for the purpose of aiding its unauthorized reproduction, whether

before, during, or after the examination, is a violation of PSI security policy and existing law. Either one may result in the disqualification or invalidation of examination results, the denial of your license, and criminal prosecution.

- If a candidate is asked by a proctor to step into the lobby during your examination, the proctor will suspend the candidate's examination so all remaining test time will be retained.

Only candidates, and those individuals with prior regulatory entity approval, are allowed to be present in the test center.

If candidates require that an exception be made to ANY of the abovementioned security procedures, candidates must contact their regulatory entity PRIOR to the date of their examination. The regulatory entity must provide the exception to PSI. NO EXCEPTIONS WILL BE MADE ON THE DAY OF THE EXAMINATION.

## TAKING THE EXAMINATION BY COMPUTER

The examination will be administered via computer. You will be using a mouse and computer keyboard.

### IDENTIFICATION SCREEN

You will be directed to a semiprivate testing station to take the examination. When you are seated at the testing station, you will be prompted to confirm your name, identification number, and the examination for which you are registered.

### TUTORIAL

Before you start your examination, an introductory tutorial is provided on the computer screen. The time you spend on this tutorial, up to 15 minutes, DOES NOT count as part of your examination time. Sample questions are included following the tutorial so that you may practice answering questions and reviewing your answers.

### TEST QUESTION SCREEN

The "function bar" at the top of the sample question provides mouse-click access to the features available while taking the examination.

One question at a time appears on the screen. During the examination, minutes remaining will be displayed at the top of the screen and updated as you record your answers.

**IMPORTANT:** After you have entered your responses, you will later be able to return to any question(s) and change your response, provided the examination time has not run out.

## EXAMINATION ITEMS

The CSE consists of 100 scorable multiple-choice items. The examination may also contain an additional number of items for the purpose of pretesting (non-scorable items). Pretesting allows performance data to be gathered and evaluated before the items are scorable in a future examination. These pretest items, distributed throughout the examination, are not identified or used in calculating the examination score.

All items in the CSE have been written and reviewed by multiple panels of California-licensed architects. The items are based on the tasks and knowledge statements contained in the CSE Test Plan and are written at a level to assess minimum standards of competency necessary for practice in California. Items are supported by reference materials and have been pretested to ensure that they meet statistical performance standards.

There is only **one correct answer** for each item. The "incorrect" answers are typically common errors and misconceptions, true but not relevant statements, or incorrect statements. There are no "trick" questions in the examination. Scores are based on the number of correct answers. It is to the candidate's advantage to answer every question.

The CSE consists of multiple-choice items pertaining to the content within the CSE Test Plan and applicable tasks and knowledge statements. The examination will have a designated time limit displayed on the computer monitor. Candidates will have approximately 3.5 hours to take this examination.

A candidate who needs to take a restroom break during the examination will not receive additional time to complete the examination.

## EXAMINATION RESULTS

Examination results will be given to a candidate at the test center after completing the examination.

The score report that is provided to the candidate at the test center will include information indicating the candidate's next steps. If a candidate does not receive their results after completing the examination, they should immediately contact the Board's office.

Candidates must submit a new application and payment to the Board for each CSE attempt. Candidates must register an account or login to their [CAB Connect](#) user dashboards to submit a new CSE application. A candidate cannot schedule or retake the examination for **at least 90 days** from the date they last took the examination. Applications may be submitted during the wait period; however, the Board cannot process the application until it has concluded.

A candidate who does not pass the CSE and alleges they were **significantly** disadvantaged due to a **significant** procedural error or adverse environmental conditions during the examination may request a review of their administration. A request for review and all supporting documentation must be submitted in writing to the Board within 30 days from the date on which the examination result was released to the candidate. The Board may take such action as it deems appropriate; however, in **no instance** will the review result in

the reversal of a score. Due to examination security, candidates will not be permitted to see their examinations.

## EXAMINATION EVALUATION

PSI, in cooperation with the Board, will be continually evaluating the examinations that are administered to ensure that they accurately measure competency in the required knowledge areas. Candidates may enter comments using the computer keyboard during the examination. Comments regarding the questions and the examination are welcomed and will be analyzed by PSI examination development staff. Although PSI does not respond to individuals regarding these comments, all substantive comments are reviewed. If a discrepancy is found during the comment review, PSI and the Board may reevaluate candidates' results and adjust them accordingly.

## AFTER PASSING THE EXAMINATION

Candidates are eligible to apply for licensure as an architect in California after passing the CSE. To apply, candidates must submit an Application for Licensure and the required fee to the Board. The Board is required to begin collecting fingerprints from all applicants for licensure effective January 1, 2021 (see fingerprint section below).

Candidates may submit their license application and fee online through the Board's online licensing system, [CAB Connect](#). Allow 30 days for processing of an Application for Licensure and fee after all eligibility requirements are verified as completed by the Board and approximately 6–8 weeks for issuance of the license.

## FINGERPRINT REQUIREMENT

**ALL APPLICANTS FOR LICENSURE  
MUST BE FINGERPRINTED.  
EFFECTIVE JANUARY 1, 2021, A  
LICENSE CANNOT BE ISSUED  
UNTIL AN APPLICANT'S  
FINGERPRINT RESULTS ARE  
RECEIVED FROM THE  
DEPARTMENT OF JUSTICE AND  
THE APPLICANT IS CLEARED FOR  
LICENSURE BY THE BOARD'S  
ENFORCEMENT UNIT. VISIT THE  
BOARD'S WEBSITE AT  
[WWW.CAB.CA.GOV](http://WWW.CAB.CA.GOV) FOR MORE  
INFORMATION. DEVELOPMENT OF  
CSE TEST PLAN**

The CSE Test Plan specifies the content in the examination. The process to develop the plan must follow a specific methodology and comply with psychometric and legal standards. To commence development, the Office of

Professional Examination Services (OPES), a division of DCA, conducted an occupational analysis (OA) of architectural practice in California. The purpose of an OA is to define architectural practice in terms of actual tasks that entry-level architects must be able to safely and competently perform.

OPES began developing the OA by researching the profession and conducting telephone interviews with licensed architects working in locations throughout California.

The purpose of the research and interviews was to identify the tasks performed by newly licensed architects and the knowledge required to perform those tasks in a safe and competent manner. The interviews were also used to inform the development of a preliminary list of tasks and knowledge statements.

After the interviews, OPES convened two workshops of SMEs to review and refine the tasks and knowledge statements, and created new statements where needed. During the workshops, the SMEs also developed the OA questionnaire.

The Board sent invitations to approximately 21,000 architects requesting completion of the OA questionnaire. The final sample size was 7%.

OPES performed data analyses on the task and knowledge rating responses and combined the task ratings to derive an overall criticality index for each task. The mean importance rating was used as the criticality index for each knowledge statement.

After the data was analyzed, two additional workshops were conducted with SMEs. The purpose of these workshops was to evaluate the criticality indices and to determine whether any tasks or knowledge statements should be eliminated. The SMEs also established the linkage between tasks and knowledge statements, organized the tasks and knowledge statements into content areas, and defined those areas. In addition, the SMEs evaluated and confirmed the content area weights.

## EXAMINATION DEVELOPMENT

The CSE is developed and maintained by OPES. OPES staff consists of test validation and development specialists trained to develop and analyze occupational licensure examinations.

Architects who participate in examination development and review workshops are referred to as subject matter experts (SMEs). SMEs write and review multiple-choice items for examinations. SMEs are trained by OPES in established examination development processes and measurement methodologies. The cooperative efforts among these members of the architectural profession, OPES, and the Board are necessary to achieve both the measurement and content standards for examination construction.

## ESTABLISHING THE PASSING SCORE

The CSE measures the skills and knowledge required for safe and competent entry-level architectural practice in California.

To establish pass/fail standards for the CSE, a criterion-referenced passing score methodology is used. The intent of this methodology is to differentiate between a qualified and an

unqualified licensure candidate. The passing score is based on minimum competence criteria that are defined in terms of the actual behaviors that qualified architects would perform if they possessed the knowledge necessary to perform those activities.

During a criterion-referenced passing score workshop, SMEs also consider other factors that would contribute to minimum acceptable competence, such as prerequisite qualifications (e.g., education, training, experience), the difficulty of the issues addressed in each multiple-choice item, and public health and safety issues. By adopting a criterion-referenced passing score, the Board applies the same minimum competence standards to all licensure candidates.

## CSE TEST PLAN CONTENT

The CSE Test Plan is structured into five content areas weighted by criticality relative to the other content areas. The weights of the content areas are shown in the table below. The CSE Test Plan specifies the tasks and knowledge specific to California practice that a California-licensed architect is expected to have mastered at the time of licensure.

Content Areas	Weights*
I. Contract Development / Project Planning	25%
II. Schematic Design / Discretionary Approvals	30%
III. Design Development	15%
IV. Construction Documents / Permitting	10%
V. Project Bidding and Construction	20%
	<b>100%</b>
*The percentage of examination content listed above is approximate.	

While not every knowledge statement will be addressed, candidates should be prepared to respond to questions related to any of the test plan content.

The final CSE Test Plan is provided below.

**TEST PLAN: CALIFORNIA SUPPLEMENTAL EXAMINATION**

1. Contract Development/ Project Planning (25%)

This area assesses the candidate's knowledge related to professional responsibility across various project types, planning requirements, and construction contract arrangements, including knowledge of tools and techniques to coordinate, oversee, and execute a project to mitigate risk and achieve its objectives.

<i>Tasks</i>	<i>Knowledge Statements</i>
<p>T1. Advertise and solicit services in compliance with professional and legal practice requirements.</p> <p>T2. Assess project budget, funding sources, schedule, constraints, and contractual risks.</p> <p>T3. Develop owner-architect contracts with clients by collaborating on contract language in compliance with professional and legal practice requirements.</p> <p>T4. Identify local, state, and federal regulatory jurisdictions impacting projects.</p> <p>T5. Contract with consultants (e.g., systems, engineering) to complete scope of projects.</p> <p>T6. Implement strategies for managing project and contractual risk to limit architect and client liability.</p> <p>T7. Submit contractual milestone deliverables to clients for approval to demonstrate project phase completions according to schedules.</p>	<p>K1. Knowledge of Architects Practice Act and California Code of Regulations related to architect business and professional requirements.</p> <p>K2. Knowledge of various agency impacts to project scopes and schedules.</p> <p>K3. Knowledge of architect and project team contractual roles and responsibilities.</p> <p>K4. Knowledge of methods for evaluating project requirements, constraints, resources, and contractual risks.</p> <p>K5. Knowledge of types of contracts and their application to scope of work and project service requirements.</p> <p>K6. Knowledge of methods for determining regulatory agencies having jurisdiction over projects and their specific requirements.</p> <p>K7. Knowledge of different types of consultants and services provided, and how they relate to meeting project requirements.</p> <p>K8. Knowledge of types of project funding sources, their impact on project scopes, and additional requirements.</p> <p>K9. Knowledge of strategies for managing project and contractual risk.</p> <p>K10. Knowledge of architect and project team roles and responsibilities in all phases of projects.</p> <p>K11. Knowledge of methods for coordinating with owner-contracted consultants.</p> <p>K12. Knowledge of standards and procedures for documenting approvals and submitting contractual milestones.</p> <p>K13. Knowledge of conflict resolution principles and techniques.</p> <p>K14. Knowledge of methods for project scheduling in all phases of projects.</p>

2. Schematic Design/Discretionary and Approvals (30%)

This area assesses the candidate’s knowledge related to identifying and evaluating site project opportunities and constraints through developing design concepts that incorporate the stakeholders’ needs, as well as integrating regulatory requirements and approvals.

<i>Tasks</i>	<i>Knowledge Statements</i>
<p>T8. Conduct site feasibility studies to clarify and address project requirements.</p> <p>T9. Develop schematic designs based on program requirements and local, state, and federal regulatory jurisdictions.</p> <p>T10. Prepare and present schematic design documents to stakeholders (e.g., community groups) for feedback.</p> <p>T11. Prepare and submit exhibits and application forms to governing agencies for discretionary approvals.</p> <p>T12. Work with agency staff, clients, and consultants to revise project documents for discretionary approval.</p> <p>T13. Incorporate final conditions of discretionary approval into project documents.</p>	<p>K15. Knowledge of methods for developing and evaluating design programs to determine code compliance, feasibility, and conformance to project requirements.</p> <p>K16. Knowledge of methods for developing design solutions with involvement of clients, users, consultants, and stakeholders.</p> <p>K17. Knowledge of procedures for obtaining data about existing conditions and determining project impacts.</p> <p>K18. Knowledge of environmental conditions regulated in California and the impacts/mitigation measures related to design and construction.</p> <p>K19. Knowledge of processes and procedures for obtaining discretionary approvals.</p> <p>K20. Knowledge of procedures for complying with local codes and ordinances related to design and construction.</p> <p>K21. Knowledge of methods and procedures for complying with California Environmental Quality Act (CEQA) as it relates to design and construction.</p> <p>K22. Knowledge of methods and procedures for complying with California Coastal Act as it relates to design and construction.</p> <p>K23. Knowledge of methods and procedures for complying with California Clean Air Act related to design and construction.</p> <p>K24. Knowledge of methods and procedures for complying with state regulatory requirements related to the design and construction of hospitals, public schools, fire/police stations, and other essential services buildings.</p> <p>K25. Knowledge of methods and procedures for complying with California Building Standards Code related to design and construction.</p> <p>K26. Knowledge of methods and procedures for complying with California Health and Safety Code related to design and construction.</p> <p>K27. Knowledge of methods and procedures for complying with California water quality regulations related to design and construction.</p> <p>K28. Knowledge of methods and procedures for complying with California Green Building Standards Code (CALGreen) related to design and construction.</p> <p>K29. Knowledge of methods and procedures for complying with Americans with Disabilities Act (ADA) guidelines related to access compliance.</p> <p>K30. Knowledge of methods and procedures for complying with California Accessibility regulations related to access compliance.</p> <p>K31. Knowledge of contents of design drawings and related documents required for discretionary approvals.</p> <p>K32. Knowledge of architect role and responsibilities in leading project team to obtain discretionary approvals.</p>

3. Design Development (15%)

This area assesses the candidate’s knowledge related to developing detailed design solutions, evaluating building systems and project costs, preparing documents, and performing quality review in conformance with the project requirements and applicable laws and regulations.

<i>Tasks</i>	<i>Knowledge Statements</i>
<p>T14. Prepare design development documents that integrate architectural design and engineering disciplines.</p> <p>T15. Determine, coordinate and design building systems and utilities with design teams and client consultants.</p> <p>T16. Select and evaluate materials and equipment.</p> <p>T17. Incorporate regulatory requirements into design development documents.</p> <p>T18. Perform value engineering and life cycle cost analyses to advise clients about alternatives for managing project costs.</p>	<p>K33. Knowledge of methods and procedures for evaluating and integrating building systems and utilities into the project design.</p> <p>K34. Knowledge of methods and procedures for evaluating building materials and equipment.</p> <p>K35. Knowledge of methods for identifying and evaluating the implications of special conditions on design and construction (e.g., seismic zones, fire severity zones, flood zones, wind).</p> <p>K36. Knowledge of methods for analyzing initial and life cycle costs to select materials and systems for projects.</p> <p>K37. Knowledge of methods for evaluating and reviewing energy analysis for compliance with California regulations.</p>

4. Construction Documents/ Permitting (10%)

This area assesses the candidate’s knowledge related to managing a project team, producing coordinated and comprehensive construction documents, processing and addressing regulatory agency comments, and obtaining approvals.

<i>Tasks</i>	<i>Knowledge Statements</i>
<p>T19. Compile and coordinate contract documents that meet program requirements, project goals, and contract requirements.</p> <p>T20. Produce contract documents and ensure conformance with discretionary conditions of approvals and applicable codes and regulations.</p> <p>T21. Manage submittal of contract documents to regulatory agencies through initial submittal, addressing comments, providing responses, and obtaining approvals.</p>	<p>K38. Knowledge of methods and procedures for managing distribution and review of documents during construction document and permitting phases.</p> <p>K39. Knowledge of contents of contract documents required for agency approval, bidding, and construction.</p> <p>K40. Knowledge of methods for the detailed integration of building systems and constructability.</p> <p>K41. Knowledge of processes and procedures for working with regulatory agencies having jurisdiction over projects to obtain final approvals.</p> <p>K42. Knowledge of interrelationships between regulatory agencies and their impact on the approval process (e.g., sequence of approvals, hierarchy of jurisdictions).</p> <p>K43. Knowledge of architect role in resolving conflicts between agencies regarding conflicting codes, regulations, and standards.</p>

5. Project Bidding and Construction (20%)

This area assesses the candidate’s knowledge related to the bidding process and construction administration, from assisting with initial contractor selection to post-construction services.

<i>Tasks</i>	<i>Knowledge Statements</i>
<p>T22. Assist clients with bidding process.</p> <p>T23. Prepare bid documents according to the selected delivery method.</p> <p>T24. Review, coordinate, and process deferred submittals for agency approval.</p> <p>T25. Participate in pre-construction and pre-installation meetings with contractors as required by the contract documents.</p> <p>T26. Review testing and inspection reports for conformance with contract documents.</p> <p>T27. Review shop drawings, submittals, and samples during construction for design intent and conformance with contract documents.</p> <p>T28. Conduct periodic site observations.</p> <p>T29. Manage project close-out procedures in accordance with contracts.</p> <p>T30. Conduct post-construction services in accordance with contracts.</p>	<p>K44. Knowledge of methods and procedures for preparing bidding documents based on project funding source and delivery method.</p> <p>K45. Knowledge of provisions of California Public Contract Code related to bidding and contracting for publicly funded projects.</p> <p>K46. Knowledge of California laws related to liens and implications for architect and client responsibilities.</p> <p>K47. Knowledge of methods and procedures for implementing changes during construction.</p> <p>K48. Knowledge of methods and procedures for the preparation and submittal of construction change documents for regulatory approval.</p> <p>K49. Knowledge of methods and procedures for processing deferred submittals for agency approval.</p> <p>K50. Knowledge of protocols for contractor application for payment.</p> <p>K51. Knowledge of procedures for performing project close-out.</p> <p>K52. Knowledge of California law related to minimum construction warranty periods.</p> <p>K53. Knowledge of code-required special inspections and testing.</p> <p>K54. Knowledge of state inspection, testing, reporting, and documentation requirements for construction of hospitals, public schools, and essential services buildings.</p> <p>K55. Knowledge of construction manager impact on construction administration services.</p> <p>K56. Knowledge of procedures for reviewing shop drawings, submittals, and samples.</p> <p>K57. Knowledge of post-construction services in accordance with contracts.</p> <p>K58. Knowledge of construction industry standards and detailing.</p>

# PRACTICE QUESTIONS

1. After completion of a new bank card processing facility, the contractor gives the drawings to the client. The client then requests that the architect provide the record drawings based on the contractor as-built drawings, which was not part of the contract. Which of the following actions should the architect take in response to this request?
  - A. Instruct the contractor to provide the record drawings
  - B. Decline the request because of the risk of incurring additional liability
  - C. Request written authorization from the client for additional services before proceeding
  - D. Proceed with creating the record drawings on a time and materials basis
  
2. When building in a heavily wooded area, which of the following strategies will mitigate the danger of wildfire destruction to the building?
  - A. Provide exterior hose bibs and maintain a defensible space
  - B. Use noncombustible exterior finishes and maintain a defensible space
  - C. Submit a fire access plan to the State Fire Marshal for review and approval
  - D. Use noncombustible exterior finishes and locate the building near a fire access road
  
3. A historic building with an existing heating system must be retrofitted with a cooling system for a new use. The architect will discuss system options with the mechanical engineer to select the appropriate type of HVAC system. During the discussion, the architect should consult which of the following resources?
  - A. California State Historical Building Code, local historic preservation and design guidelines, and owner's program documents
  - B. California State Historical Building Code, local historic preservation and design guidelines, and local energy code
  - C. California Energy Code, California Mechanical Code, and local zoning ordinance
  - D. California Energy Code, CALGreen Code, and owner's program documents

4. An architect is designing an office building project with 15 parking spaces. The architect receives a plan check comment regarding the lack of (EVSE) electrical vehicle supply equipment spaces. What action should the architect take?
- A. Provide two EVSE spaces
  - B. Provide the infrastructure for the EVSE spaces
  - C. Inform the electrical engineer that an electrical panel should be added to the parking lot
  - D. Inform the plan reviewer that the EVSE spaces are not required
5. An architect has designed a 2-story fire station located on a State-owned parcel. During the construction process, which of the following actions is the architect's responsibility as defined by the Division of the State Architect (DSA)?
- A. Observe the construction work and submissions of required reports
  - B. Stop work if the project deviates from the approved documents
  - C. Direct the project inspector to submit daily reports as required
  - D. Document that all CALGreen energy requirements have been fulfilled

#### Answer Key

- 1. C
- 2. B
- 3. A
- 4. B
- 5. A

**CALIFORNIA ARCHITECTS BOARD  
NOTICE OF CSE ELIGIBILITY**

---

The *CSE Handbook* provides important information regarding CSE procedures, processes, and content. To schedule an examination, please refer to the instructions in this handbook.

Upon passing the CSE, a candidate is eligible to apply for an architect license in California. Information about applying for a license is included in this handbook.
