EXAMINATIONS BY PSI SERVICES LLC

This Candidate Information Bulletin provides you with information about the processes for taking an examination and obtaining an insurance license in the State of Washington. The Washington Office of the Insurance Commissioner has contracted with PSI Services LLC (PSI) to conduct the examination program. PSI works closely with the State to ensure examinations meet the state and nationally established technical and professional standards for examination development and administration. PSI provides these examinations through a network of computer examination centers in Washington.

UNDERSTANDING LICENSING REQUIREMENTS

Washington state residents desiring any type of insurance license must:

- be eighteen (18) years of age;
- be trustworthy and competent;

In addition, the following qualifications for specific license types are required:

Producers: Pre-license education is required to take the examinations for a full-line license. The candidate must pass the examination for each line of authority needed. The limited lines examinations for Surety and Credit Insurance do not require pre-license education.

Adjusters: Experience or special education or training with reference to the handling of loss claims under insurance contracts of sufficient duration and extent to reasonably make the candidate competent to fulfill the responsibilities of an adjuster. The candidate must pass the examination.

Crop Adjusters: For private market crop insurance claims no, pre-licensing is required. The candidate must pass the examination. For a candidate that has completed the Crop Adjuster Proficiency Certification (CAPP) the examination is not required. The CAPP is required to adjust Federal Crop Insurance claims.

Surplus Line Broker: The candidate for a resident surplus line broker's license must pass the examination have a producer license. The examination will test an applicant's qualifications and competence in surplus line insurance including an understanding of property and casualty insurance.

A Surplus Line Broker must obtain two bonds after their license is issued. See RCW 48-17-250 for the bond requirements.

The commissioner deems that a non-resident person holding a surplus line broker's license, or the equivalent, in the applicant's home state is qualified, competent and trustworthy and, therefore, meets the minimum standards of this state for holding a surplus line broker's license. For that reason, the commissioner will waive the Washington surplus line broker's examination for a person who has and maintains a current resident surplus line broker's license, or the equivalent, in the applicant's home state.

For more information on licensing, please contact:

RENEWALS

All individual licenses will expire on the **last day of the** individual's next birth **month** plus one year, and every two years thereafter. A renewal notice will be sent to the licensee's last email address of record approximately two (2) months prior to the license expiration date. However, it is the licensee's obligation to renew prior to the expiration date, even if the renewal notice is not received.

The business entity should affiliate the individual. The insurer or business entity will assist you with an appointment or affiliation after you are licensed.

TIPS FOR PREPARING FOR YOUR LICENSE EXAMINATION

The following suggestions will help you prepare for your examination.

- Only consider the actual information given in the question, do not read into the question by considering any possibilities or exceptions.
- Planned preparation increases your likelihood of passing.
- Start with a current copy of this Candidate Information Bulletin and use the examination content outline as the basis of your study.
- Read study materials that cover all the topics in the content outline.
- Take notes on what you study. Putting information in writing helps you commit it to memory, and it is also an excellent business practice.
- Discuss new terms or concepts as frequently as you can with colleagues. This will test your understanding and reinforce ideas.
- Your studies will be most effective if you study frequently, for periods of about 45 to 60 minutes. Concentration tends to wander when you study for longer periods of time.

You can take a practice exam online at <https://test-takers.psiexams.com/waolic> to prepare for your Washington Insurance Examination.

Please note that practice exams are intended only to help testing candidates become familiar with the general types of questions that will appear on a licensing examination, and do not contain actual questions that are asked on the exam. Practice exams ARE NOT a substitute for proper education and study. Scoring well on the practice exam does not guarantee that you will pass an actual licensing examination.

Note: You may take the practice exams an unlimited number of times; however, you will need to pay each time.

EXAMINATION CONTENT OUTLINES

NON-SCORED QUESTIONS

Your examination contains non-scored questions. The use of such questions is an essential step in developing accurate future examinations. These questions will NOT be scored and time to answer them has been added to the time allowed. The exam content outlines indicate the number of scored questions on each exam.

STUDY MATERIALS

Neither the Washington Office of the Insurance Commissioner nor PSI specifically endorses any particular study materials. However, actual state insurance laws and regulations provide an invaluable source of information in preparation for the state-specific portion of the major line examinations, and current insurance textbooks and policy forms provide the basis for preparation for the national portion of the major line examinations. The WA OIC has approved several providers to offer pre-license education courses. A list of the providers can be found at: www.insurance.wa.gov

When candidates complete the examination, they will receive a score report, via email, marked “pass” or “fail” along with diagnostic information. Candidates may use the diagnostic report as a guide for studying before their next test administration.

EXAMINATION CONTENT OUTLINES

Individual examination content outlines are available from PSI for each examination. Content outlines indicate the examination time limit, minimum score required to pass, subject area and the number of items in each area.
