Pennsylvania state laws stipulate that a person may not act as a real estate salesperson, builder/owner salesperson, rental listing referral agent, cemetery broker, or broker without first obtaining a license issued by the Department of State. To be licensed, you must pass an examination to confirm that you have attained at least a minimum level of knowledge regarding the principles, practices, statutes, and regulations relating to real estate.

The Pennsylvania Real Estate Commission has contracted with PSI licensure:certification (PSI) to conduct its examination program. PSI provides examinations through a network of computer examination centers in Pennsylvania. PSI works closely with the State to be certain that examinations meet local as well as national requirements in basic principles and examination development standards.

The following are the Pennsylvania real estate licensing examinations offered by PSI:
- Real Estate Broker
- Real Estate Salesperson
  - Cemetery Broker
  - Rental Listing Referral Agent
  - Builder/Owner Salesperson

This Candidate Information Bulletin provides you with information about the examination and application process to become a real estate licensee in the State of Pennsylvania.

If you hold a real estate license in a jurisdiction in which Pennsylvania has a signed reciprocal license agreement with and you plan on keeping that licensee active, you are exempt from taking the examination. Please look on the Commission’s website (www.dos.pa.gov/estate) for details.

TAKING THE EXAMINATION BY COMPUTER

The examination will be administered via computer. You will be using a mouse and computer keyboard.

IDENTIFICATION SCREEN

You will be directed to a semiprivate testing station to take the examination. When you are seated at the testing station, you will be prompted to confirm your name, identification number, and the examination for which you are registered.

TUTORIAL

Before you start your examination, an introductory tutorial is provided on the computer screen. The time you spend on this tutorial, up to 15 minutes, DOES NOT count as part of your examination time. Sample questions are included following the tutorial so that you may practice answering questions and reviewing your answers.

TEST QUESTION SCREEN

The “Function Bar” at the top of the test question provides mouse-click access to the features available while taking the examination.
One question appears on the screen at a time. During the examination, minutes remaining will be displayed at the top of the screen and updated as you record your answers.

IMPORTANT: After you have entered your responses, you will later be able to return to any question(s) and change your response, provided the examination time has not run out.

EXAMINATION REVIEW

PSI, in cooperation with the Pennsylvania Real Estate Commission, will be consistently evaluating the examinations being administered to ensure that the examinations accurately measure competency in the required knowledge areas. Comments may be entered by clicking the Comments link on the function bar of the test question screen.

Your comments regarding the questions and the examinations are welcomed. Comments will be analyzed by PSI examination development staff. While PSI does not respond to individuals regarding these comments, all substantive comments are reviewed. If a discrepancy is found during the comment review, PSI and the department may re-evaluate candidates’ results and adjust them accordingly. This is the only review of examination materials available to candidates.

TIPS FOR PREPARING FOR YOUR LICENSE EXAMINATION

The following suggestions will help you prepare for your examination.

- Planned preparation increases your likelihood of passing.
- Start with a current copy of this Candidate Information Bulletin and use the examination content outline as the basis of your study.
- Read study materials that cover all the topics in the content outline.
- Take notes on what you study. Putting information in writing helps you commit it to memory and it is also an excellent business practice. Underline or highlight key ideas that will help with a later review.
- Discuss new terms or concepts as frequently as you can with colleagues. This will test your understanding and reinforce ideas.
- Your studies will be most effective if you study frequently, for periods of about 45 to 60 minutes. Concentration tends to wander when you study for longer periods of time.

Now you can take the practice exam online at www.psiexams.com to prepare for your Pennsylvania Real Estate Broker or Salesperson Examination.

Please note that practice exams are intended only to help testing candidates become familiar with the general types of questions that will appear on a licensing examination. They ARE NOT a substitute for proper education and study. Furthermore, scoring well on the practice exam does not guarantee a positive outcome on an actual licensing examination. Note: You may take the practice exam an unlimited number of times; you will need to pay each time.

The following is a list of possible study materials for the real estate examinations. The list is given to identify resources and does not constitute an endorsement by PSI or by the Pennsylvania Real Estate Commission. Use the latest edition available.

EXPERIMENTAL QUESTIONS

A small number of “experimental” questions (i.e., 5 to 10) may be administered to candidates during the examinations. These questions will not be scored, and the time taken to answer them will not count against testing time. The administration of such unscored, experimental questions is an essential step in developing future licensing exams.

CONTENT OUTLINES

The examination content outlines have been prepared and are periodically updated by committees of professionals who are subject matter experts in real estate practice, real estate instruction, and regulatory issues. The examination content outlines these professionals have prepared identify areas of importance to licensees in order for them to perform their duties to the public in a competent and legally responsible manner.

Use the outline as a guide for pre-examination review of course material. The outlines list the topics that are on the examination and the number of questions for each topic. Do not schedule your examination until you are familiar with the topics in the outline.
