## INTRODUCTION

---

### MARYLAND STATE BOARD OF STATIONARY ENGINEERS

The Maryland State Board of Stationary Engineers is responsible for promulgating and enforcing regulations which define qualifications for examination and certifying/licensing all individuals in the State of Maryland, who desire to become licensed as a Stationary Engineer or those involved in operating and maintaining boilers and other associated equipment.

Individuals who desire licensure as a Stationary Engineer Grade 5, Grade 4, Grade 3, Grade 2, or Grade 1 must first pass an examination.

In order to apply for an examination, an applicant must meet the work experience and license requirements for the license category desired by the applicant and provide the eligibility forms to PSI.

The examination which you will take was developed to meet the evaluation requirements established by the Board of Stationary Engineers. After passing the examination, an application for original licensure will be mailed to you by The Department of Labor, The State Board of Examining Engineers.

### PSI LICENSURE: CERTIFICATION

The Board has contracted with PSI Services LLC (PSI) to conduct its examination program. PSI is a nationally recognized test development and test administration services company headquartered in Burbank, California. For Further information concerning the examinations, call PSI at (855) 898-0715.

### THE STATIONARY ENGINEER EXAMINATIONS

PSI administers the Stationary Engineer licensing examinations Monday through Friday, by appointment, at six test centers in Maryland.

The examination tests the applicant's knowledge of applicable codes, laws, and principles of electrical installation and is constructed to determine the fitness of the applicant for a state license.

All examination items underwent a rigorous review by a content expert panel, psychometricians, and editors. Examination content is based on the outlines approved by the State Board of Stationary Engineers.

Be sure you determine which grade you should apply for:

- **Grade 5** license permits the holder to take charge of **any plant machinery from 30 to 99 horsepower** (in a building not open for public use).
- **Grade 4** license permits the holder to take charge of **any plant machinery from 30 to 99 horsepower** (in any building regardless of use).
- **Grade 3** license permits the holder to take charge of **any plant machinery from one to 299 horse-power** (in any building)
- **Grade 2** license permits the holder to take charge of **any plant machinery from 300 to 499 horse-power** (in any building)
- **Grade 1** license permits the holder to take charge of **any plant machinery from 500 or more horsepower** (in

any building)

It is not necessary to start on a lower grade if an applicant qualifies for a high grade. You may apply for any grade certification as long as you meet the minimum requirements for the grade as stated above or can demonstrate equivalent experience to the Board.

### USING THIS BULLETIN

The policies and procedures for communicating with and submitting your application to PSI during the examination process and, after the exam, with the Board during the licensing process are presented in this bulletin. You will find study information about the examinations and instructions for what to do after you have passed the exam to become licensed as a Stationary Engineer by the State of Maryland. The bulletin is essentially an "application packet." It contains the forms that must be submitted to PSI for exam eligibility determination and registration. The required forms are included at the end of this bulletin).

**READ THIS ENTIRE BULLETIN before** completing the forms. We welcome your calls to our 800 service number; however, **before** calling with questions about the forms or about the examination process please review this bulletin as it may answer your questions for you.

**KEEP THIS BULLETIN FOR REFERENCE.** Not only does it contain the examination content outline which will assist your study, but it will be a handy reference throughout the examination and application process. **PLEASE HAVE THIS BULLETIN WITH YOU** whenever you call about your application.

### EXAMINATION REGISTRATION

To be eligible to **register for the examination**, the applicant shall have satisfactorily completed the required work experience. The instructions and forms are located beginning on page 9 of this bulletin. When completing them, you may make duplicate copies of the blank forms if your information will exceed the space allowed on one sheet. Read the instructions carefully, as detailed information is provided about how to fill out each form along with step-by-step guidance to assist you in making a determination about your own eligibility before you apply.

The completed forms and a money order, cashier's check, certified check, personal check, or a company check must be submitted to PSI. Cash is not accepted. It is your responsibility to make sure that all forms are completed correctly and the correct fee is included.

Mail the forms and fee to:

**PSI Services LLC**  
**Attn: Stationary Engineer Examinations**  
**3210 E Tropicana**  
**Las Vegas, NV 89121**

## MATERIAL REVIEW AT PSI

Please allow approximately 10 business days from the day you mail your registration materials to receive from PSI notification as to your eligibility; a notice of denial of eligibility; or a request for clarification, fee correction, or additional information.

### **Complete Registrations:**

If all information is complete and acceptable and is accompanied by the correct fee, PSI will issue a confirmation notice authorizing you to call to make a test appointment.

### **Incomplete Registrations:**

If any information is missing, incomplete, or in need of clarification, PSI will notify you by phone and/or email so that you can provide the information or fee correction necessary before your registration can be accepted. Any delay in responding to a request for additional material may jeopardize your registration and delay your test. In some cases registrations may need review and approval of the Board.

5. equivalent experience to 1,2 3 or 4 above may be submitted to the Board for consideration and approval. See Business Occupations and Professions Article, Annotated Code of Maryland, § 6.5-303.

## PREPARING FOR THE EXAMINATION

### TIPS FOR EXAMINATION PREPARATION

The following suggestions will help you prepare for your exam. Planned preparation increases your likelihood of passing.

- Use the exam content outline provided in this bulletin as the basis of your study.
- Learn the major points associated with each outline topic.
- Underline or highlight key ideas for later review.
- Review the Code, making sure you understand each idea before going on to another.
- Check each topic off the outline when you feel you have an adequate understanding. Plan to take your test when all topics have been checked.
- Your studies will be most effective if you study frequently, for about 45 to 60 minutes. Concentration tends to wander when you study for longer periods of time.

## EXAMINATION CONTENT OUTLINES AND REFERENCE MATERIALS

If a test question answer could differ because of conflicting information in test reference sources, a legal requirement such as a code, law or regulation overrides any other reference.

If two legal requirements appear to conflict, the state-specific code, law or regulation overrides the national one. Information from sources on the test reference list override information from other sources or persons.

## FEES

---

Payment of the registration fee is valid for one examination only. Examination registration fees are not refundable and are not transferable. **Examination registration fees are valid for 90 days.**

- Stationary Engineer Examination ..... \$65

Payment can be made by money order, certified check, cashier’s check, personal check, or company check made payable to PSI. Cash is not accepted.

Include your name and/or social security number on your check to ensure that your fee is properly assigned.

### SOCIAL SECURITY NUMBER CONFIDENTIALITY

PSI will use your Social Security number only as an identification number in maintaining your records and reporting your grades to the Department. The Department requires all candidates to accurately disclose their Social Security number.

---

## SCHEDULING PROCEDURES

---

### CONFIRMATION NOTICE

Upon approval of your registration materials, PSI will confirm your eligibility to take the examination by mailing you a confirmation notice which authorizes you to call to make a test appointment. If you do not receive a confirmation notice within three weeks of sending your registration materials, call 1-800-733-9267 to confirm your status at PSI.

**Once approved, it is your responsibility to contact PSI to pay and schedule for the examination.**

### ON-LINE

For the fastest and most convenient examination scheduling process, PSI recommends that you register for your examinations using the Internet. You register online by accessing PSI’s registration website at <https://test-takers.psiexams.com/mdse>. Internet registration is available 24 hours a day.

Log onto PSI’s website and select Sign in / Create Account. Select Create Account. You are now ready to pay and schedule for the exam. Enter your zip code and a list of the testing sites closest to you will appear. Once you select the desired test site, available dates will appear.

### TELEPHONE

For telephone registration, you will need a valid credit card (Visa, MasterCard, American Express or Discover).

PSI registrars are available at (800) 733-9267, Monday through Friday between 7:30 am and 10:00 pm, and Saturday-Sunday between 9:00 am and 5:30 pm, Eastern Time, to receive your payment and schedule your appointment for the examination.

### CANCELING OR RESCHEDULING AN APPOINTMENT

You may cancel and reschedule an examination appointment without forfeiting your fee if your cancellation notice is received 2 days before the scheduled examination date. For example, for a Monday appointment, the cancellation notice would need to be received on the previous Saturday. You may reschedule online at <https://test-takers.psiexams.com/mdse> or call PSI at (800) 733-9267.

**Note: A voice mail message is not an acceptable form of cancellation. Please use the PSI Website or call PSI and speak directly to a Customer Service Representative.**

### MISSED APPOINTMENT OR LATE CANCELLATION

Your registration will be invalid, you will not be able to take the test as scheduled, and you will forfeit your examination fee, if you:

- Do not cancel your appointment two days before the scheduled testing date; or
- Do not appear for your examination appointment; or
- Arrive too late to begin your test without disrupting the center’s schedule; or
- Do not present proper identification when you arrive for the examination.

### EXAM ACCOMMODATIONS AND OUT-OF-STATE TESTING

All PSI examination centers are equipped to provide access in accordance with the Americans with Disabilities Act (ADA) of 1990, and exam accommodations will be made in meeting a candidate’s needs. A candidate with a disability or a candidate who would otherwise have difficulty taking the examination should request for alternative arrangements by **Clicking Here**.

Candidates granted accommodation in accordance with the ADA, **MUST** schedule their examination by telephone and speak directly with a PSI registrar.

Applicants who live outside of Maryland and wish to take the Stationary Engineer examination at a location outside of the State should follow the instructions on the out-of-State Testing Request form found at the end of this Candidate Information Bulletin.

### EMERGENCY TEST CENTER CLOSING

In the event that inclement weather or other emergencies force the closure of a test center on an assigned test date, your examination will be rescheduled. You will be notified of the new date and time of the test. Every effort will be made to schedule a convenient time as soon as possible.

---

### REPORTING TO THE TEST CENTER

On the day of the exam, you should arrive at least 30 minutes before your scheduled appointment. This extra time is for sign-in and identification and to familiarize you with the test process.

### REQUIRED IDENTIFICATION

You must provide two (2) forms of identification. One must be a VALID form of government-issued identification (Driver's License, State ID, Passport, Military ID) which bears your signature and has your photograph or a complete physical description. The second ID must have your signature and preprinted legal name. All identification provided must match the name on the registration form and your education certification.

If you cannot provide the required identification, you must call (800) 733-9267 at least 3 weeks prior to your scheduled appointment to arrange a way to meet this security requirement. *Failure to provide all the required identification at the time of the examination without notifying PSI is considered a missed appointment and you will not be able to take the examination at that time.*

### SECURITY PROCEDURES

The following security procedures will apply during the examination:

- Only non-programmable calculators that are silent, battery-operated, do not have paper tape printing capabilities, and do not have a keyboard containing the alphabet will be permitted.
- All personal belongings of candidates should be placed in the secure storage provided at each site prior to entering the examination room. Personal belongings include, but are not limited to, the following items:
  - Electronic devices of any type, including cellular / mobile phones, recording devices, electronic watches, cameras, pagers, laptop computers, tablet computers (e.g., iPads), music players (e.g., iPods), smart watches, radios, or electronic games.

- **Bulky or loose clothing or coats** that could be used to conceal recording devices or notes. For security purposes outerwear such as, but not limited to: open sweaters, cardigans, shawls, scarves, hoodies, vests, jackets and coats are not permitted in the testing room. **In the event you are asked to remove the outerwear, appropriate attire, such as a shirt or blouse should be worn underneath.**
- **Hats or headgear not worn for religious reasons** or as religious apparel, including hats, baseball caps, or visors.
- **Other personal items**, including purses, notebooks, reference or reading material, briefcases, backpacks, wallets, pens, pencils, other writing devices, food, drinks, and good luck items.
- Although secure storage for personal items is provided at the examination site for your convenience, PSI is not responsible for any damage, loss, or theft of any personal belongings or prohibited items brought to, stored at, or left behind at the examination site. PSI assumes no duty of care with respect to such items and makes no representation that the secure storage provided will be effective in protecting such items. If you leave any items at the examination site after your examination and do not claim them within 30 days, they will be disposed of or donated, at PSI's sole discretion.
- Person(s) accompanying an examination candidate may not wait in the examination center, inside the building or on the building's property. This applies to guests of any nature, including drivers, children, friends, family, colleagues or instructors.
- No smoking, eating, or drinking is allowed in the examination center.
- During the check in process, all candidates will be asked if they possess any prohibited items. Candidates may also be asked to empty their pockets and turn them out for the proctor to ensure they are empty. The proctor may also ask candidates to lift up the ends of their sleeves and the bottoms of their pant legs to ensure that notes or recording devices are not being hidden there.
- Proctors will also carefully inspect eyeglass frames, tie tacks, or any other apparel that could be used to harbor a recording device. Proctors will ask to inspect any such items in candidates' pockets.
- If prohibited items are found during check-in, candidates shall put them in the provided secure storage or return these items to their vehicle. PSI will not be responsible for the security of any personal belongings or prohibited items.
- Any candidate possessing prohibited items in the examination room shall immediately have his or her test results invalidated, and PSI shall notify the examination sponsor of the occurrence.
- Any candidate seen giving or receiving assistance on an examination, found with unauthorized materials, or who violates any security regulations will be asked to surrender all examination materials and to leave the examination center. All such instances will be reported to the examination sponsor.
- Copying or communicating examination content is violation of a candidate's contract with PSI, and federal and state law. Either may result in the disqualification of examination results and may lead to legal action.
- Once candidates have been seated and the examination begins, they may leave the examination room only to use the restroom, and only after obtaining permission from

the proctor. Candidate will not receive extra time to complete the examination.

## TAKING THE EXAMINATION

---

The examination will be administered via computer. You will be using a mouse and computer keyboard.

### TUTORIAL

Before you start your examination, an introductory tutorial is provided on the computer screen. The time you spend on this tutorial, up to 15 minutes, DOES NOT count as part of your examination time. Sample questions are included following the tutorial so that you may practice answering questions, and reviewing your answers.

### TEST QUESTION SCREEN

One question appears on the screen at a time. During the examination, minutes remaining will be displayed at the top of the screen and updated as you record your answers.

**IMPORTANT:** After you have entered your responses, you will later be able to return to any question(s) and change your response, provided the examination time has not run out.

### SCORE REPORTING

Your passing or failing indication will appear immediately on the computer screen at the end of your test. Your score is given as an overall pass/fail grade and if you fail, as a set of scores for the major sections of the exam outline. Exam results are confidential and will be revealed only to you and the Board/Department. A passing grade of **70%** is required to qualify for a license as a Stationary Engineer.

Passing candidates will receive a notification from the Board within 7-10 business days.

If you do not pass, you may submit a new examination registration form to PSI with the appropriate fee and schedule a new appointment to retake the exam.

**NOTE:** Applicants who have failed the Stationary Engineer examination must wait for 30 days from their most recent exam before retaking the exam.

### EXPERIMENTAL QUESTIONS

In addition to the number of questions per examination, a small number of five to ten "experimental" questions may be administered to candidates during the examinations. These questions will not be scored and the time taken to answer them will not count against examination time. The administration of such non-scored experimental questions is an essential step in developing future licensing examinations.

### DUPLICATE SCORE REPORTS

You may request a duplicate score report after your examination by emailing [scorereport@psionline.com](mailto:scorereport@psionline.com).
