This Candidate Information Bulletin provides you with information about the examination and application process for becoming licensed as a real estate salesperson or broker in the Commonwealth of Virginia. You need to pass an examination to confirm that you have attained at least a minimum level of knowledge regarding the principles, practices, statutes and regulations relating to real estate. The Department has contracted with PSI to conduct its examination program. PSI provides examinations through a network of computer and paper-and-pencil examination centers in Virginia. PSI works closely with the Department of Professional and Occupational Regulation and its Examination Review Committee to be certain that examinations meet local as well as national requirements in basic principles of real estate and examination development standards.

The following are the examinations offered by PSI Examination Services:

- Real Estate Salesperson Examination
- Real Estate Broker Examination

Each examination consists of state and national portions. You must pass both portions to apply for licensure. Only the state portion must be passed if applying by reciprocity.

All questions and requests for information about examinations should be directed to:

REPORTING TO THE EXAMINATION CENTER

On the day of the examination, you should arrive at least 30 minutes before your appointment. This extra time is for sign-in and identification and familiarizing you with the examination process. If you arrive late, you may not be admitted to the examination center and you will forfeit your registration fee.

For security and identification purposes, all candidates will have their fingerprint taken during the examination check-in. This is not part of the electronic fingerprint requirement to get licensed.

REQUIRED IDENTIFICATION

You must provide 2 forms of VALID (not expired) identification. One must be a VALID form of government-issued identification (Driver’s License, State ID, Passport, Military ID) which bears your signature and has your photograph. The second ID must have your signature and preprinted legal name. All identification provided must match the legal name that you used on the Examination Registration Form to register for the examination. If the name in the PSI system does not match the name on your government-issued ID and 2nd form of ID, you will not be permitted to take the examination and the examination fee will be forfeited.

Failure to provide ALL of the required identification at the time of the examination without notifying PSI is considered a missed appointment and you will not be able to take the examination at that time.

SECURITY PROCEDURES

▪ Only non-programmable calculators that are silent, battery-operated, do not have paper tape printing capabilities, and do not have a keyboard containing the alphabet will be allowed in the examination site.

▪ Candidates may take only approved items into the examination room.

  - Bulky or loose clothing or coats that could be used to conceal recording devices or notes. For security purposes outerwear such as, but not limited to: open sweaters, cardigans, shawls, scarves, hoodies, vests, jackets and coats are not permitted in the testing room. In the event you are asked to remove the outerwear, appropriate attire, such as a shirt or blouse should be worn underneath.

- No smoking, eating, or drinking is allowed in the examination center.
- During the check-in process, all candidates will be asked if they possess any prohibited items. Candidates may also be asked to empty their pockets and turn them out for the proctor to ensure they are empty. The proctor may also ask candidates to lift up the ends of their sleeves and the bottoms of their pant legs to ensure that notes or recording devices are not being hidden there.
- Proctors will also carefully inspect eyeglass frames, tie tacks, or any other apparel that could be used to harbor a recording device. Proctors will ask to inspect any such items in candidates’ pockets.
- If prohibited items are found during check-in, candidates shall put them in the provided secure storage or return these items to their vehicle. PSI will not be responsible for the security of any personal belongings or prohibited items.

- Once candidates have been seated and the examination begins, they may leave the examination room only to use the restroom, and only after obtaining permission from the proctor. Candidate will not receive extra time to complete the examination.

### TAKING THE EXAMINATION BY COMPUTER

The examination will be administered via computer. You will be using a mouse and computer keyboard.

### IDENTIFICATION SCREEN

You will be directed to a semiprivate testing station to take the examination. When you are seated at the testing station, you will be prompted to confirm your name, identification number, and the examination for which you are registered.

### TUTORIAL

Before you start your examination, an introductory tutorial is provided on the computer screen. The time you spend on this tutorial, up to 15 minutes, DOES NOT count as part of your examination time. Sample questions are included following the tutorial so that you may practice answering questions, and reviewing your answers.

### TEST QUESTION SCREEN

The “function bar” at the top of the sample question provides mouse-click access to the features available while taking the examination.

One question appears on the screen at a time. During the examination, minutes remaining will be displayed at the top of the screen and updated as you record your answers.

**IMPORTANT:** After you have entered your responses, you will later be able to return to any question(s) and change your response, provided the examination time has not run out.

### EXPERIMENTAL ITEMS

A small number of “experimental” questions (i.e., 5 to 10) may be administered to candidates during the examinations. These questions will not be scored and the time taken to answer them will not count against testing time. The administration of such unscored, experimental questions is an essential step in developing future licensing exams.

### EXAMINATION REVIEW

PSI, in cooperation with the Department of Professional and Occupational Regulation, will be consistently evaluating the examinations being administered to ensure that the examinations accurately measure competency in the required knowledge areas. While taking the examination, examinees will have the opportunity to provide comments on any questions, by clicking the Comments button on the function bar of the exam question screen.

Your comments regarding the questions and the examinations are welcomed. Comments will be analyzed by PSI examination development staff. While PSI does not respond to individuals regarding these comments, all substantive comments are reviewed. If a discrepancy is found during the comment review, PSI and the department may re-evaluate candidates’ results and adjust them accordingly. **This is the only review of the examination available to candidates.**
