- Test Scores will be emailed to the test taker within 5 days of completion of their test.
- Test scores WILL NOT be provided at the testing facility and WILL NOT be verified or released over the phone.

To better prepare for the PSI National Esthetician Theory test, test takers can now review by taking an online practice test. Practice tests are intended to aid test takers with example test questions. The purpose is to familiarize a test taker with the general types of questions that will appear on an Esthetician test. Though questions are based on cosmetology, these questions are NOT a substitute for education and study. Scoring well on the practice test also will not guarantee a positive outcome on the actual licensing test. This is the ONLY official PSI practice test; PSI does not recognize nor endorse any other study guides that may be offering information on the PSI National Cosmetology Program. The PSI practice tests are offered to review an unlimited number of times; however, a fee is assessed for each time the test is utilized for review.
