Tips for Examination Preparation

The following suggestions will help you prepare for your
examination. Planned preparation, in addition to the
required classroom hours, increases your likelihood of passing.
➢ Use the examination content outline provided in this
Candidate Information Bulletin as the basis of your study.
The outline itself is a study tool because it can
familiarize you with real estate terms.
➢ Learn the major points associated with each outline
topic.
➢ Select study materials that cover all the topics in the
content outline.
➢ Take notes on what you study. Putting information in
writing helps you commit it to memory. Underline or
highlight key ideas that will help with a later review.
➢ Read the study materials, making sure you understand
each idea before going on to another.
➢ Check each topic off the outline when you feel you have
an adequate understanding. Plan to take your
examination when all topics have been checked.
➢ Discuss new terms or concepts as frequently as you can
with colleagues. This will test your understanding and
reinforce ideas.
➢ Your studies will be most effective if you study
frequently, for about 45 to 60 minutes. Concentration
tends to wander when you study for longer periods of
time.

Description of Examinations and
Examination Content Outlines

The Examination Content Outlines have been approved by the
Maryland Real Estate Commission. These outlines reflect the
minimum knowledge required by real estate professionals to
perform their duties to the public in a competent and
responsible manner. Changes in the examination content will
be preceded by changes in these published examination
content outlines.

Use the outlines as the basis of your study. The outlines list
all of the topics that are on the examination and the number of
items for each topic. Do not schedule your examination
until you are familiar with all topics in the outlines.

The Examination Summary Table below shows the number of
questions and the time allowed for each examination portion.

Experimental Questions
A small number of “experimental” questions (i.e., 5 to 10)
may be administered to candidates during the examinations.
These questions will not be scored and the time taken to
answer them will not count against testing time. The
administration of such unscored, experimental questions is an
essential step in developing future licensing exams.

**Canceling an Appointment**
You may cancel and reschedule an examination appointment without forfeiting your fee if your cancellation notice is received 2 days before the scheduled examination date. For example, for a Monday appointment, the cancellation notice would need to be received on the previous Saturday. You may call PSI at (855) 744-0318.

*Note: A voicemail or email message is not an acceptable form of cancellation. Please use the PSI Website or call PSI to speak directly to a Customer Service Representative.*

**Missed Appointment or Late Cancellation**
If you miss your appointment, you will not be able to take the examination as scheduled, further you will forfeit your examination fee, if you:

- Do not cancel your appointment 2 days before the scheduled examination date;
- Do not appear for your examination appointment;
- Arrive after examination start time;
- Do not present proper identification when you arrive for the examination.

**Registering to Retake an Examination**

A candidate who tests unsuccessfully on a Wednesday can call the next day, Thursday, and retest as soon as Friday, depending upon space availability. You may access a registration form at [https://test-takers.psiexams.com/mdre](https://test-takers.psiexams.com/mdre). You may also call PSI at (855) 744-0318.
