Pretest Items

In addition to the numbers of test questions identified under “Exam Content Outlines” earlier, a small number of “pretest” questions (i.e., 5 to 10) may be administered to candidates during the tests. These questions will not be scored. The administration of such unscored, experimental questions is an essential step in developing future licensing exams.

DESCRIPTION OF EXAMINATIONS & EXAMINATION CONTENT OUTLINES

The Examination Content Outlines have been approved by the Vermont Real Estate Commission. These outlines reflect the minimum knowledge required by real estate professionals to perform their duties to the public in a competent and responsible manner. Changes in the examination content will be preceded by changes in these published examination content outlines.

Use the outlines as the basis of your study. The outlines list all of the topics that are on the test and the number of items for each topic. Do not schedule your examination until you are familiar with all topics in the outlines.

The Examination Summary Table below shows the number of questions and the time allowed for each exam portion.

TIPS ON PREPARING FOR YOUR EXAMINATION

The following suggestions will help you prepare for your license examination. Planned preparation, in addition to any classroom hours, increases your likelihood of passing.

- Familiarize yourself completely with the exam content outlines presented in the next section of this bulletin. They are the single most important reference in preparing for your exam.
- Use the exam content outlines as the basis of your study. Each outline itself is a study tool because it can familiarize you with real estate terms.
- Learn the major points associated with each outline topic.
- Select study materials that cover all the topics in the content outline.
- Take notes on what you study. Putting information in writing helps you commit it to memory--and it is also an excellent business practice. Underline or highlight key ideas that will help with a later review.
- Read the study materials, making sure you understand each idea before going on to another. Underline or highlight key ideas that will help with a later review.
- Check each topic off the outline when you feel you have an adequate understanding. Plan to take your test when all topics have been checked.
- Discuss new terms or concepts as frequently as you can with colleagues. This will test your understanding and reinforce ideas.
- Your studies will be most effective if you study frequently, for periods of about 45 to 60 minutes.

A Practice Examination Is Now Available online at www.psiexams.com

Now you can take the practice exam online at www.psiexams.com to prepare for your Vermont Salesperson Real Estate Examination.

Please note that practice exams are intended only to help testing candidates become familiar with the general types of questions that will appear on a licensing examination. They ARE NOT a substitute for proper education and study. Furthermore, scoring well on the practice exam does not guarantee a positive outcome on an actual licensing examination.

Note: You may take the practice exams an unlimited number of times, however you will need to pay each time.

Many of these reference materials are available for purchase at www.psionlinestore.com or by calling the PSI Online Store, toll-free, at (866) 589-3088.

Titles currently in stock are listed on the order form near the end of this candidate information bulletin.
