This Candidate Information Bulletin provides you with information about the examination process for becoming licensed as a Residential Builder, Maintenance and Alteration (M&A) Contractor, or Salesperson in the State of Michigan.

The Department of Licensing and Regulatory Affairs (referred to as the Department) has contracted with PSI licensure:certification (PSI) to conduct the examination program. PSI works closely with the Department to make certain that these examinations meet the State’s as well as nationally established technical and professional standards for examination development and administration. PSI provides these examinations through a network of computer examination centers in Michigan.

***VERY IMPORTANT***
LICENSE APPLICATION INFORMATION
PRIOR TO TESTING

Before applying to PSI to take your Residential Builder or Maintenance and Alteration Contractor (M&A) licensing examinations you must first apply for licensure. The license application is available at the State of Michigan’s website located at www.michigan.gov/bcc and select the appropriate application under “Forms”, “Licensing”.

Once the Department has approved you for testing, your information will be forwarded from the Department to PSI. This notification will allow the authorized candidate to register, pay for and schedule the required licensure examination. Once you have passed your examination(s), the State of Michigan will be electronically notified by PSI so that your license can be issued and mailed to you.

All licensure requirements, including the passing of the examination(s), must be completed within one year from the date your license application was received by the Department. If not completed within one year, the fees paid to the Department will be forfeited to the Department and the license application shall be void pursuant to MCL 339.409(3) and 2006 AACS, R 338.1521(1).

Builder/M&A Contractor Salesperson licensing examination candidates do NOT need to apply to the State before testing. There is no pre-licensure education requirement for the salesperson. Only the State of Michigan may determine your eligibility for a license.

For information about licensure requirements, please access the State of Michigan Residential Builders web page at www.michigan.gov/bcc. All questions concerning the requirements for licensing should be directed to:
