EXAMINATION REVIEW

PSI, in cooperation with the Tennessee Cosmetology Board, will be consistently evaluating the examinations being administered to ensure that the examinations accurately measure competency in the required knowledge areas. Comments may be given in written form to the examination proctor at the end of the examination or entered on the computer keyboard during the examination. Comments may also be entered by clicking the Comments link on the function bar of the test question screen.

Comments will be analyzed by PSI examination development staff. While PSI does not respond to individuals regarding these comments, all substantive comments are reviewed. If a discrepancy is found during the comment review, PSI and the Board may re-evaluate candidates' results and adjust them accordingly. **This is the only review of the Theory examination available to candidates.
