## PSI NATIONAL TESTING - GENERAL INFORMATION

This Test Taker Guide (TTG) provides test takers with information about the PSI National Tests and application process for taking an Electrology test with the Michigan Board of Cosmetology.

The Michigan Department of Licensing and Regulatory Affairs (referred to as the Department) has contracted with PSI Services LLC (PSI) to conduct the PSI National Barber/Cosmetology Testing Program. PSI works closely with the Department to make certain that these examinations meet the State's as well as nationally established technical and professional standards for test development and administration. PSI provides these tests through a network of computer and practical testing centers in Michigan.

### TEST ELIGIBILITY

Before applying to PSI to take your licensing test(s) you must first access the State of Michigan's MyLicense website located at [www.michigan.gov/miplus](http://www.michigan.gov/miplus), and apply for eligibility to test. Only the State of Michigan may determine your eligibility to test.

### APPLICATION TO TEST

Test takers are required to complete the Test Registration form on page 19 of this test taker guide. The form must be completed with ALL information requested. Illegible or incomplete applications will be returned to the test taker for correction and will cause a delay in scheduling. Once completed please email the application to: [MI.ApplicationProcessor@psionline.com](mailto:MI.ApplicationProcessor@psionline.com)

**Please note: For test takers submitting their initial registration, test takers are required include all documents with the Test Registration Form. Allow up to two (2) weeks processing time for the initial application. Please understand any missing documents will cause delays in the approval process.**

### NAME CHANGE INSTRUCTIONS

If a test taker name differs on any paperwork, they will need to provide documentation of legal name changes. This may require marriage certificates, or other legal documents, additional documentation may be required if the name has changed multiple times.

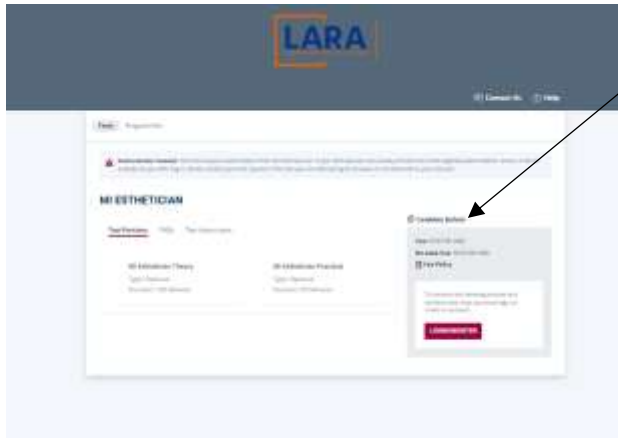

### TEST PAYMENT AND SCHEDULING

Upon approval of the application, test takers will receive email confirmation they are approved and may proceed to the payment and schedule their test. The test must be paid for at the time of scheduling. Testing fees will be forfeited if the test is NOT taken within 1 year of the date the testing fee is received by PSI.

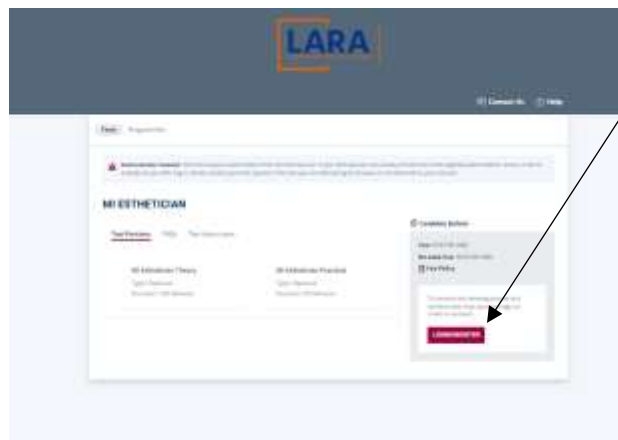

Once testing choices are made, test takers will need to create or sign into their PSI account, pay the test fees, and schedule their online test or test location, date, and time. The Candidate bulletin (CIB) or “Test Taker Guide (TTG)” is also found and downloaded from this page.

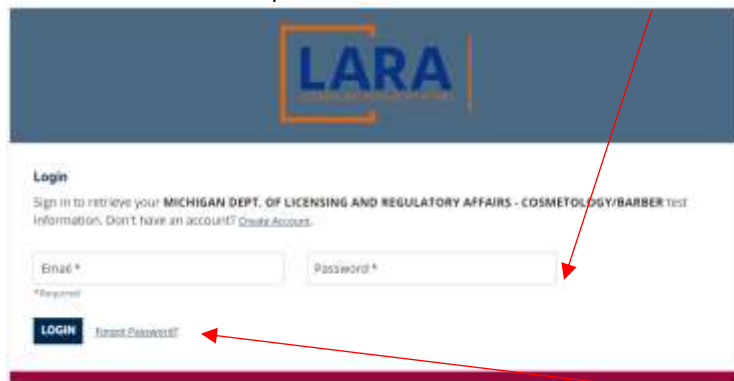

Follow the easy on-screen directions to pay and schedule for a test.

**LOGON TO A CURRENT PSI ACCOUNT OR REGISTER FOR A NEW ACCOUNT**

When a test taker selects their test and delivery method, they will be then asked to LOGON/REGISTER

If the test taker has ever created an account with PSI they will need to continue with that same account. Please enter the username and password the account was created with.

If the password is lost, test takers may click on the “Forgot Password” to reset their account password.

If test takers have difficulty entering their PSI account, please email [cosmetology@psionline.com](mailto:cosmetology@psionline.com) and request the assistance of a PSI testing professional. Test takers follow the easy instructions to pay and schedule their test.

## **IMPORTANT! DO NOT CREATE ANOTHER TEST TAKER ACCOUNT! SEE THE INFORMATION BELOW**

### RETURNING TO AN EXISTING ACCOUNT

When a test taker is in our system with an existing PSI account, and are having issues logging on, **please do not create new account** to attempt to bypass the old account. Creating a new account will only confuse the PSI system. The system does not know which file to choose and will not allow their information to become available.

Test takers use the login information they currently have with PSI, if that does not work, please email [cosmetology@psionline.com](mailto:cosmetology@psionline.com) OR [barber@psionline.com](mailto:barber@psionline.com) for assistance.

### DELETING A DUPLICATE ACCOUNT

If a test taker is certain another account exists, follow the instructions below to delete the duplicate account.

Please go to <https://test-takers.psiexams.com>

1. Click on "FIND YOUR TEST"
2. Click on "Barber & Cosmetology"
3. Locate your State and Industry - use the dropdown menus
4. At the top right, click "Sign In / Create Account"
  - a. If there is an existing account at [www.candidate.psiexams.com](http://www.candidate.psiexams.com), please use the existing username and password.
  - b. If #1 does not work, test takers will need to send an email to [ODelete@psionline.com](mailto:ODelete@psionline.com) with their Name and email address and request that they delete the old online account.
  - c. After confirmation has been received, it is completed, test takers can create a new account.
5. After logging in, click on "MANAGE" at the top and continue.

**Test takers who encounter questions or difficulty with registration, account location, paying, scheduling, or other issues, please do not call the Michigan Board Office as they do not have any information to aid test takers in their registration process.**

**Please email [cosmetology@psionline.com](mailto:cosmetology@psionline.com) or contact PSI customer services at (855) 579-4635.**

### REGISTRATION BY TELEPHONE

Test takers may also choose to schedule over the telephone.

- To register by phone requires a valid credit or debit card (VISA, MasterCard, American Express or Discover). Call (855) 579-4635, Monday through Friday, between 6:30 AM and 9:00 PM CST, and Saturday-Sunday between 8:00 AM and 4:30 PM CST, to speak to a live PSI Customer Service Representative.

### CANCELING OR RE-SCHEDULING

Test takers may cancel and reschedule a test without forfeiting the fee if PSI receives a confirmed cancellation at **least 48 hours prior the scheduled test.**

- To cancel a test, use the PSI web page <http://test-takers.psiexams.com/micos> or call PSI at (855) 579-4635, Monday through Friday, between 6:30 am and 9:00 pm, and Saturday-Sunday between 8:00 am and 4:30 pm, Central Time, to speak to a Customer Service Representative.

**Leaving a voice mail message will NOT cancel a test, test takers need to speak to a live Customer Service Representative.**

### LATE CANCELLATION OR MISSED TEST

Testing fees will be forfeited for the following reasons.

- The test taker *does not cancel the test* at least 48 hours prior the scheduled time.
- The test taker *leaves a voice mail message* to attempt to cancel the test.
- The test taker arrives at the location *after the test start time.*

- The test taker is a *no-show* for the scheduled test.
- The test taker does not present *proper identification* when arriving for the test.

### TEST TAKER ACCOMMODATIONS

All PSI testing centers are equipped to provide access in accordance with the Americans with Disabilities Act (ADA) of 1990, and testing accommodations will be made in meeting a test taker's needs. Test takers with disabilities requesting test accommodations must fill out the test accommodation request form [CLICK HERE](#) . Fill in ALL the requested information and upload documentation at the end of the form.

Test takers who require test accommodations, must create an account in the PSI system prior to requesting an accommodation.

### ALTERNATIVE TEST DELIVERY ARRANGEMENTS

**FOR THEORY TESTS ONLY** The following options are available to test takers seeking assistance taking the Cosmetology and related occupations theory examinations (excluding Instructors.) First time test takers may take the test without assistance; however, the following arrangements are also available.

#### **Additional Time While Taking the Examination**

Test takers may request to take the test with extra time. The test taker will be given time and one half. There is an additional fee of \$50 per test delivery.

#### **Word-to-Word Translation Dictionary**

Test takers may request to use a Word-to-Word dictionary at no cost. PSI provides Arabic, Hebrew, Russian, Spanish and Vietnamese at the test sites. The dictionary cannot contain pictures or definitions. If the test taker requires any language dictionary not provided by PSI, the test taker may submit a word-to-word dictionary in their language to the board office for approval. If approved, the State will forward the dictionary directly to the testing site. If time and one half is requested there will be an additional fee of \$50 per test delivery.

#### **Request for a Reader**

Test takers may request to have the test read to them in English for an additional fee of \$50 per test. PSI will provide a reader to read the test out loud.

#### **Reader along with Additional Time**

Test takers may request to have the test read to them in English with extra time and a half for an additional fee of \$50 per examination.

Test takers applying for any alternative test delivery arrangements must fill out a Test Accommodations Request Form [CLICK HERE](#).

Once you have paid for the test, enter the test takers zip code and a list of the testing centers closest to the zip code will appear. Choose the one most convenient to travel to.

## TEST SITE EMERGENCY CLOSURE

On occasion severe weather or an emergency may force the closure of a testing center. PSI will attempt to contact all test takers on that day to inform them of the situation. Every effort will be made to reschedule test takers for the next available date, time, and testing center possible. Test takers will not be penalized for emergency closures and will be rescheduled at no charge. Testing center status may also be confirmed by calling (855) 579-4635.

## REPORTING TO THE TESTING SITE

Test takers should arrive at least 30 minutes prior to their scheduled testing start time. This allows time for test takers to sign-in and provide PSI with identification verification and be seated. Test takers need to provide 2 forms of I.D. upon check in as outlined below.

Test takers who arrive after the start time, will not be admitted to the testing room, and will forfeit all their testing fee(s).

### **REQUIRED IDENTIFICATION FOR ENTRY TO THE TEST**

Test takers are required to provide 2 forms of identification.

- One I.D. must be a VALID, government issued identification (driver's license, state ID, passport), which bears the test takers name exactly as it appears in the test registration, signature and photograph or a complete physical description.
- The second ID must have the test takers signature and preprinted legal name exactly as it appears on the test takers registration form.

**Again, all identification must display the test takers name *exactly* as it appears in the test registration form and as registered with the Michigan Board of Cosmetology.**

Test takers who are not able to provide the required identification must call (855) 579-4635 at least 21 days prior to the scheduled test, to discuss possible solutions to this test requirement.

**Test takers failing to provide all required identification at the time of the test is considered a missed test, and they will be dismissed.**

### **GENERAL SECURITY RULES AND PROCEDURES**

The following security procedures will apply during the test:

- Test takers may take only approved items into the testing room.
- All personal belongings of test taker should be placed in the secure storage provided at each site prior to entering the testing room. Personal belongings **include, but are not limited to**, the following items:
  - **Electronic devices of any type, including but not limited to; cellular/mobile phones, recording devices, watches, cameras, pagers, laptop computers, tablet computers (e.g., iPads), music players or headphones (e.g., iPods), smart watches, radios, or electronic games.**
  - **Bulky or loose clothing or coats:** For security purposes outerwear such as, but not limited to open sweaters, cardigans, shawls, scarves, hoodies, vests, jackets, and coats are not permitted in the testing room. **In the event test takers are asked to remove the outerwear, appropriate attire such as a shirt should be worn underneath.**
  - **Hats or headgear not worn for religious reasons** or as religious apparel are prohibited including but not limited to hats, baseball caps, or visors.
  - **Other personal miscellaneous items**, including purses, notebooks, reference or reading material, briefcases, backpacks, wallets, pens, pencils, other writing devices, food, drinks, and good luck items, etc.
- Although secure storage for personal items is provided at the testing site for convenience, PSI is not responsible for any damage, loss, or theft of any personal belongings or prohibited items brought to, stored at, or left behind at the test site. PSI assumes no duty of care with respect to such items and makes no representation that the secure storage provided will be effective in protecting such items. If prohibited items are found during check-in, test takers will place them in the provided secure storage or leave these items outside the restricted area at their own risk. PSI is not responsible for the security of any personal belongings or prohibited items. Any test taker possessing prohibited items in the testing room shall immediately have their test results invalidated, and PSI shall notify the government officials in the state in detail of the occurrence.
- If a test taker leaves any items at the test site after testing and is not claimed within 30 days, items will be disposed of or donated, at PSI's sole discretion.
- Person(s) accompanying a test taker may not wait in the testing center, inside the building or on the building's property. This applies to guests of any nature, including drivers, children, friends, family, colleagues, or instructors.
- No smoking, vaping, eating, or drinking is allowed inside the testing center.
- During the check in process, all test takers will be asked if they possess any prohibited items. Test takers may also be asked to empty their pockets and turn them out for the proctor to ensure they are empty. Proctors will ask to inspect any such items in their pockets. Test takers may also be asked to lift the ends of their sleeves and the bottoms of their pant legs to ensure that restricted items do not enter testing areas.
- Proctors also carefully inspect eyeglass frames, tie tacks, or any other apparel that could be used to harbor a restricted device.

- Any test takers seen giving or receiving assistance on a test, found with unauthorized materials or devices, disrupts the administration of a test or who violates any security rule or procedure, will be asked to surrender all test materials and to leave the testing center. PSI will notify government officials in the state in detail of the occurrence.
- Copying or communicating test content is violation of the test takers contract with PSI, and federal and state law. Either may result in the disqualification of test results and may lead to legal action.
- Once the test begins, test takers may obtain permission from a proctor to leave the testing room if an emergency arises or to use the restroom. Test takers will not receive extra time to complete the test for leaving the testing room for any reason.

## PSI THEORY TESTING EQUIPMENT

The PSI National tests will be administered using a computer, a mouse and computer keyboard.

### IDENTIFICATION SCREEN

Test takers will be accompanied to a testing station. Once test takers are seated at their testing station, they will be prompted to confirm their name, identification number, and the test for which they registered.

### TUTORIAL

Before a test taker begins a test, an introductory tutorial is provided on the computer screen. The time used to watch the tutorial is not deducted from any test timing. The tutorial takes up to 15 minutes, sample questions are introduced during tutorial so a test taker may familiarize themselves on how questions are written and how to review the answers given.

### TEST QUESTION SCREEN

The “function bar” at the top of the test question, provides mouse-click access to any features available while taking the test. During the test, one question will appear on the screen at a time. There is also a timer feature that at the top of the screen that displays the time a test taker has remaining to complete the test.

Note:

Once a test taker has entered a response to a question, the system will allow the response to be changed anytime the test is active. Once a test taker signs out of a test or timing expires; this feature will no longer be available.

The screenshot shows a web-based test interface. At the top, there is a navigation bar with icons for Mark, Comments, Goto, Help, and End. Below this is a status bar with the following information: Question: 3 of 40, Answered: 2, Unanswered: 1, Marked: 0, View: All, Time Left(Min): 359. The main content area displays question 3: "What do the stars on the United States of America's flag represent?". Below the question is a text input field. Underneath the input field, it says "(Choose from the following options)". There are four radio button options: 1. Presidents, 2. Colonies, 3. States, and 4. Wars. At the bottom of the question area, there are two buttons: "<< Back" and "Next >>".

## EXPERIMENTAL QUESTIONS

In addition to the number of test questions specified in the “Test Content Outline”. There are a small number of “experimental questions” may be administered to test takers during the tests. There are typically at least five (5) experimental questions on a test. The results of these questions not included in the final test takers score. Administration of such unscored experimental questions is an essential step in developing future PSI tests.

**Test takers will utilize the PSI National Electrology test for an Electrology license in Michigan.**

## ELECTROLOGIST THEORY TEST

The test content outline is prepared and is periodically updated by committees of professionals who are subject matter experts in Electrology, Electrology instruction, or regulatory issues. The test content outline identifies areas of importance to licensees for them to perform their duties on the public in a competent and in a safe and responsible manner.

The content outline lists topics that are on the test and the number of questions for each topic. We advise test takers not schedule a test until they are familiar with the topics on the outline. Test takers may use this outline as a guide as well as the test references as a guide for a pre-test review.

## ELECTROLOGY THEORY CONTENT OUTLINE

The following content outline lists the topics that are on the test and the number of questions for each topic. We recommend not scheduling a test until a test taker is familiar with all topics in the outline. The Electrology test consists of 70 scored questions and 10 unscored experimental questions. Test takers will have 120 minutes (2.0 hours) to complete the test.

## SCORE REPORTING INFORMATION

Test takers must score at least 70% to pass the Electrology test.

- Test Scores will be emailed to the test taker upon completion of their test.
- Test scores results are confidential and will be given only to the test taker and the Board office.
- Numeric test results are not available. Test takers who are successful, will receive a "PASS" report.
- Test takers who score below the required passing score will receive an overall score, and an individual score for each of the test topic areas. Test takers use this information to assist them in studying for a re-examination.

To better prepare for the PSI National Electrology Theory test, test takers can now review by taking an online practice test. Practice tests are intended to aid test takers with example test questions. The purpose is to familiarize a test taker with the general types of questions that will appear on a Electrology test. Though questions are based on Electrology, these questions are NOT a substitute for education and study. Scoring well on the practice test also will not guarantee a positive outcome on the actual licensing test. This is the ONLY official PSI practice test; PSI does not recognize nor endorse any other study guides that may be offering information on the PSI National Cosmetology Program. The PSI practice tests are offered to review an unlimited number of times; however, a fee is assessed for *each time the test is utilized for review*.

Go to <https://www.psionlinestore.com> for more information and to register!

## EXAMINATION REVIEW

PSI, in cooperation with the Department and Michigan Board of Cosmetology, will be continually evaluating the tests being administered to ensure that the tests accurately measure competency in the required knowledge areas. Comments may be entered during the test by clicking the Comments link on the function bar of the test question screen. Test taker comments regarding the questions and the tests are welcomed. Comments will be analyzed by PSI test development staff. While PSI does not respond to individuals regarding these comments, all substantive comments are reviewed. If a discrepancy is found during the comment review, PSI and the Department may re-evaluate test taker' result and adjust them accordingly. This is the only review of the Theory test available to test takers. There is NO review process for the Practical portion of the test.

## OBTAINING A DUPLICATE SCORE REPORT

To request a duplicate score report test takers may email [cosmetology@psionline.com](mailto:cosmetology@psionline.com) .

## PSI NATIONAL PRACTICAL TEST- IMPORTANT GUIDELINES

Prior to registration, test takers should familiarize themselves with the following instructions to be properly prepared to sit for a test. Practical test questions or concerns, test takers and instructors please email [cosmetology@psionline.com](mailto:cosmetology@psionline.com) for solutions.

### General rules for testing:

- During the practical test, test takers must follow all appropriate rules for client protection that will ensure the health, safety, and welfare of the public.
- A proctor will be monitoring time during the test. Personal timers are not allowed in the testing room. Test takers will not receive a score for any activities not completed within the allotted topic area time limits. When the proctor gives an instruction to “Please stop working”, test takers are to immediately stop what they are doing, stand quietly, and wait for the next instruction to be given.
- Test takers are required to prepare and bring a closable container (“supply kit”), with all products, supplies, and equipment necessary to perform the topic areas included in this test. The suggested container dimensions should not exceed 24” wide, 36” long and 30” high. This will allow the test taker to place the supply kit under the table when not in use. There are no *supply lists* or *suggested supplies* for the PSI National Tests. PSI recommends the test taker bring the equipment and supplies needed to perform a Topic Area as they would in their own professional environment.
- Test takers are *required* to bring their own electrolysis machine to the test. The machine must be capable of doing all modalities (electrolysis, thermolysis, and blend).
- Sharps containers are provided by PSI at the test site, please do not transport your own container to the test site. You will need an OSHA approved sharps container as part of your supplies if online testing is selected.
- Test takers are *required* to bring to the test, two containers to dispose of used items. One marked “Single-use” and one marked “multi-use”. All items used in the test are categorically disposed of in one of these containers. A plastic liner inside paper bags being used for a container is suggested, however, not required.
- Products that are *not* grouped as “dangerous chemicals” by OSHA and are required to be listed on an actual business SDS sheet, may be fictitious with a self-created or actual label attached. Some other substance may be used inside the container to simulate a product.
- Chemical products that are required be listed on SDS sheets in an actual business, are required to be used from the original container with an original manufacturers label attached or in a container with the manufacturers label attached.
- Absolutely NO aerosols are allowed into the testing area.
- Disinfectant containers must have the *manufacturers label attached* and legible. Disinfectants used must have *virucidal, bactericidal and fungicidal* properties listed on the manufacturers label.
- Test takers may not observe other test takers during the test. PSI views and responds to this behavior as form of cheating. The test taker will be warned up to and including dismissal from the test. Please focus on individual tasks and do not depend on viewing the performance of other test takers to be successful.
- Test takers’ name and/or school names are to be covered on their person and supplies while in the test.
- The number one safety rule in our industry is: “Following Instructions”. There is no necessary or required style or technique a school needs to teach, or a test taker needs to perform. All topic areas are observed in the manner an Electrologist would normally complete a task. Tasks should be taken seriously and performed as instructed in the test and to the highest skill level they are capable. Scores are based on the test taker displaying a solid knowledge of workplace Infection Control and Safety Precautions.

## WORKPLACE INFECTION CONTROL PRECAUTIONS

Test takers need to be familiar and follow all workplace infection control precautions. Here are some examples of the expectations of the test as well as an everyday business to familiarize a test taker with some of the industries infection control standards.

- Cleaning hands before starting a service. Knowing when hands become contaminated and keeping them clean as to not infect a client.
- Knowledge of single-use and multi-use items and how to dispose of them properly.
- Disinfecting workstation surfaces and keeping them from becoming contaminated.

- Keeping the supply kit from becoming contaminated, such as: returning items to the kit, leaving a kit open or otherwise contaminating a kit. The supply kit represents a clean and disinfected storage in an electrologist's workstation and should be treated as such.
- If a worksurface becomes unhealthy a test taker has the knowledge to know when they would require the station to be cleaned and disinfected.
- Knowing how to use and dispense multi-use products from the container without contamination. For example, double dipping, or any other cross contamination with the skin or worksurfaces.  
Note: All product containers used in the National practical test are considered "multi-use" containers, no "single-use" containers are recognized.
- Keeping clients from becoming contaminated by the electrologist.
- Keeping in use containers from becoming contaminated.
- Making sure all tools are clean and disinfected.
- If body fluid become present during a service (i.e., blood, vomit, feces, etc.), how we deal with the situation without contaminating ourselves and others.

### WORKPLACE SAFETY PRECAUTIONS

Test takers also need to be familiar and follow all workplace safety precautions. Here are some examples of the expectations of the test as well as an everyday business to familiarize a test taker with some of the industry safety standards.

- An electrologist must know and have a working understanding of workplace safety regulations issued by federal and state regulatory entities.
- Cross-contamination of chemicals and products on the workstation.
- Chemical mixing procedures, storage of chemicals and SDS sheets.
- Keeping the workstation safe from injury, cleaning up spills and picking up dropped items. Reducing a slip and fall or tripping incidents.
- Making certain tools and equipment are in safe working order, no frayed or exposed wires, rusty metals, etc.
- Tools and equipment are used in a safe manner.

## LICENSURE ELIGIBILITY

To be eligible for licensure, you must complete the license application at the MyLicense website [www.michigan.gov/miplus](http://www.michigan.gov/miplus), submit the required fee to the State of Michigan, pass the required examination(s), and meet the following requirements:

- be at least 17 years of age;
- be of good moral character;
- have an education equivalent to the completion of the ninth grade; and
- have successfully completed a course of study of at least 1,500 hours; OR
- have served at least two years as an apprentice in a licensed establishment under an approved apprenticeship program in

A false statement or dishonest answer on the license application may be

- 1) grounds for denial of licensure;
- 2) grounds for disciplinary action against any future license; or
- 3) punishable by law. Furthermore, any conviction(s) for which you did or could have gone to jail may delay your application for a license.

If licensure is denied, this action may be appealed to the Board of Cosmetology. After the State of Michigan determines your eligibility to test and receive a license, an electronic file will be submitted to PSI. It is at this time that you may submit your completed Examination Registration Form (found at the back of this test taker guide) to PSI.

When you have finished the Examination Registration Form in its entirety, please email, mail, or fax the form to the address below.
