This Candidate Information Bulletin provides you with information about the examination and application process for a real estate licensee in the State of New Mexico.

New Mexico state laws stipulate that a person may not act as a real estate broker without first obtaining a license issued by the New Mexico Real Estate Commission. To be licensed, you must pass an examination to confirm that you have attained at least a minimum level of knowledge regarding the principles, practices, statutes, and regulations relating to real estate.

The New Mexico Real Estate Commission has contracted with PSI Services LLC (PSI) to conduct examination approval process and examination testing. PSI provides examinations through a network of computer examination centers in New Mexico. PSI works closely with the State to be certain that examinations meet local as well as national requirements in basic principles and examination development standards.

Candidates must apply for eligibility with PSI by submitting the completed Eligibility/Examination Registration Form (found at the end of this Candidate Information Bulletin), and all required documentation. PSI will determine your eligibility for taking the examination. It may take up to 4 business day, from date of receipt, to process. PSI

### SAMPLE BROKER QUESTIONS (SCENARIO-BASED)

**Scenario:**

You are hosting an open house. Mr. and Mrs. Charles Martin come into the house. You greet them and show them the house.
