EXAMINATIONS BY PSI LICENSURE: CERTIFICATION

This Candidate Information Bulletin provides you with information about the examination and application process for obtaining a real estate license in the State of Ohio.

Ohio state laws stipulate that a person may not act as a real estate salesperson or broker without first obtaining a license issued by the Division of Real Estate & Professional Licensing. To be licensed, you must pass an examination to confirm that you have attained at least a minimum level of knowledge regarding the principles, practices, statutes, and regulations relating to real estate.

The Division of Real Estate & Professional Licensing has contracted with PSI licensure:certification (PSI) to conduct the examination testing. PSI provides examinations through a network of computer examination centers in Ohio. PSI works closely with the State to be certain that examinations meet local as well as national requirements in basic principles and examination development standards.

The following are the Ohio real estate licensing examinations offered by PSI:

- Real Estate Salesperson
- Real Estate Broker

HOW TO OBTAIN A LICENSE

1. Complete your pre-examination education requirements.
2. Submit your License Application, and appropriate fee, to the Division.

License Applications can be obtained from prelicensing schools, offices of real estate brokers, local boards of Realtors® or from the Division's Web site at www.com.ohio.gov/real. The application must be typed or hand written with black ink. Photocopies of your transcripts or certificates of completion of the educational requirements must be included.

- You must pass both portions of the examination within 12 months of the date on the label of the initial Candidate Information Bulletin from PSI.

TIPS FOR PREPARING FOR YOUR LICENSE EXAMINATION

The following suggestions will help you prepare for your examination.

- Only consider the actual information given in the question, do not read into the question by considering any possibilities or exceptions.
- Planned preparation increases your likelihood of passing.
- Start with a current copy of this Candidate Information Bulletin and use the examination content outline as the basis of your study.
- Read study materials that cover all the topics in the content outline.
- Take notes on what you study. Putting information in writing helps you commit it to memory and it is also an excellent business practice.
- Discuss new terms or concepts as frequently as you can with colleagues. This will test your understanding and reinforce ideas.
- Your studies will be most effective if you study frequently, for periods of about 45 to 60 minutes. Concentration tends to wander when you study for longer periods of time.

EXAMINATION STUDY MATERIALS

The following is a list of possible study materials for the real estate examinations. The list is given to identify resources and does not constitute an endorsement by PSI or by the Division of Real Estate & Professional Licensing. Use the latest edition available.

Now you can take the practice exam online at www.psiexams.com to prepare for your Ohio Real Estate Examination.

Please note that practice exams are intended only to help testing candidates become familiar with the general types of questions that will appear on a licensing examination. They ARE NOT a substitute for proper education and study. Furthermore, scoring well on the practice exam does not guarantee a positive outcome on an actual licensing examination.

Note: You may take the practice exams an unlimited number of times. However, you will need to pay each time.

DESCRIPTION OF EXAMINATIONS

Candidates must pass both portions of the examination within one year of the date on the label of the initial Candidate Information Bulletin from PSI. If you fail one or both portions of the examination you must submit a retake application and appropriate fee to the Division. After the Division has notified PSI of your eligibility, you may register and schedule for the examination. You must apply and retake the failed portion by the date indicated on the label of the initial Candidate Information Bulletin.

For national broker exams, scenario-based test questions are included to contain more than four options and ONLY ONE BEST option shall be selected to answer the question. Some options are appropriate but not the BEST ANSWER. Please select the option that best answers the question in the exam. A BEST ANSWER reflects the optimal solution or most complete resolution to the scenario presented in the question. These items are associated with scenarios presented in the form of text, graphs, or tables representing a situation in which candidates must identify the best course of action by selecting only one option. Each option is weighted as zero-point, one-point, or two-points based on the completeness and accuracy of the solution. Sample questions are provided.

EXPERIMENTAL QUESTIONS

A small number of “experimental” questions (i.e., 5 to 10) may be administered to candidates during the examinations. These questions will not be scored and the time taken to answer them will not count against examination time. The administration of such non-scored experimental questions is an essential step in developing future licensing examinations.
