## EXAMINATIONS BY PSI

This Candidate Information Bulletin provides you with information about the examination and application process for an Expanded Function Dental Assistant (EFDA) certificate in the Commonwealth of Pennsylvania.

Pennsylvania laws stipulate that a person may not act an Expanded Function Dental Assistant without first obtaining a certificate issued by the Pennsylvania State Board of Dentistry, except for EFDA's who already hold a temporary permit issued by the Board to practice as an expanded function dental assistant. To be certified, you must pass an examination to confirm that you have attained at least a minimum level of knowledge regarding the principles, practices, statutes, and regulations relating to the dental industry.

The Pennsylvania State Board of Dentistry has contracted with PSI Services LLC (PSI) to conduct the examination program. PSI provides examinations through a network of computer examination centers in Pennsylvania. PSI works closely with the Board to be certain that examinations meet local as well as national requirements in basic principles and examination development standards.

## GUIDELINES FOR CERTIFICATION APPLICATION/QUALIFICATION

The State Board of Dentistry regulates the certification of Expanded Function Dental Assistants in the Commonwealth of Pennsylvania. Upon application, the Board examines for, denies or approves and issues certificates to Expanded Function Dental Assistants. In addition to evaluating the qualifications and fitness of applicants for certification, the Board's functions include establishing standards of professional dentistry practice and conducting hearings upon complaint.

## **TIPS FOR PREPARING FOR YOUR CERTIFICATION EXAMINATION**

The following suggestions will help you prepare for your examination.

- Planned preparation increases your likelihood of passing.
- Start with a current copy of this Candidate Information Bulletin and use the examination content outline as the basis of your study.
- Read study materials that cover all the topics in the content outline.
- Take notes on what you study. Putting information in writing helps you commit it to memory and it is also an excellent business practice. Underline or highlight key ideas that will help with a later review.
- Discuss new terms or concepts as frequently as you can with colleagues. This will test your understanding and reinforce ideas.
- Your studies will be most effective if you study frequently, for periods of about 45 to 60 minutes. Concentration tends to wander when you study for longer periods of time.
