EXAMINATIONS BY PSI

This Candidate Information Bulletin provides you with information about the examination process for Contractors Licensure in the State of Utah.

The Division has contracted with PSI licensure:certification (PSI) to conduct its examination program. PSI provides examinations through a network of computer examination centers in Utah and in many areas throughout the United States. PSI works closely with the State to be certain that examinations meet local as well as national requirements in basic principles and examination development standards.

QUALIFICATIONS FOR LICENSURE

Utah Contractor classifications with trade/business licensing exam and experience requirements are:

- E-100 General Engineering Qualifier
 - B-100 General Building Qualifier
 - R-100 Residential/Small Commercial Qualifier
 - S-200 General Electrical Contractor (Master Electrician qualifier must take the business and law exam)
 - S-201 Residential Electrical Contractor (Master Electrician or Residential Master Electrician qualifier must take the business and law exam)
 - S-210 General Plumbing Contractor (Master Plumber qualifier must take the business and law exam)

QUESTIONS

Visit DOPL online at www.dopl.utah.gov, or call 801-530-6628. Visit PSI online at: www.psiexams.com, or call 800-733-9267.

Note:

- An approved 20-hour pre-licensure course is still required for all contractors (increasing to a 25-hour course on 11/30/2017).
- Certifications are still required for S-202 Solar Photovoltaic and S-354 Radon Mitigation classifications (but no Utah trade exam or Business and Law exam).

RULES FOR LICENSURE REQUIRE AN APPLICANT TO MEET CERTAIN EXPERIENCE REQUIREMENTS.

In the past 10 years, a minimum of two years of full-time related experience, one year of which shall be in a supervisory or managerial position for applicants of the following contractor classifications:

- E100-General Engineering
- B100-General Building
- R100-Residential and Small Commercial

RECIPROCAL EXAMINATIONS

The Utah Division of Occupational and Professional Licensing will accept certain examinations as an equivalent substitute for the Utah trade classification examinations if taken in one the following states.

Arizona
California
Louisiana
Nevada
South Carolina

NOTE: Examinations given in any other state are not acceptable substitutes for the Utah trade classification examinations. See the Reciprocal State License Classification Chart on page 8 for a listing of acceptable examinations.

If the applicant was licensed in any of the above states but did not take the trade classification examination included on the Reciprocal State License Classification Chart, then they must take the Utah trade classification examination.

Experience:

If the applicant has held a comparable license in one of the above states for the number of years of experience required in Utah, then verification of the licensure for the number of years required is acceptable to verify experience for the Utah license.

Electrical and plumbing contractor classifications are not listed in the chart because a Utah Master Electrician or Master Plumbers license is required for the qualifier on electrician and plumbing contractor licenses. Please see the Utah Electrician or Plumbers license application for requirements to become a licensed electrician or plumber in Utah.

TIPS FOR PREPARING FOR YOUR LICENSE EXAMINATION

The following suggestions will help you prepare for your examination.

- Planned preparation increases your likelihood of passing.
- Start with a current copy of this Candidate Information Bulletin and use the examination content outline as the basis of your study.
- Read study materials that cover all the topics in the content outline.
- Take notes on what you study. Putting information in writing helps you commit it to memory and it is also an excellent business practice. Discuss new terms or concepts as frequently as you can with colleagues. This will test your understanding and reinforce ideas.
- Your studies will be most effective if you study frequently, for periods of about 45 to 60 minutes. Concentration tends to wander when you study for longer periods of time.

Many of the reference materials listed are available for purchase at www.psonlinestore.com or by calling the PSI Online Store, toll-free, at (866) 589-3088.

Additionally, we accept the NASCLA Commercial General Building Contractor Examination in lieu of the Utah B100 Exam.

All qualifiers are required to take the Utah Business and Law test.
