PURPOSE

This Candidate Information Bulletin is designed to provide all applicants who qualify to take the California Psychology Law and Ethics Examination (CPLEE) with general information regarding the CPLEE process.

EXAMINATION DEVELOPMENT

The CPLEE is developed and maintained by the Office of Professional Examination Service (OPES), a division of the California Department of Consumer Affairs. The OPES staff consists of test validation and development specialists who are trained to develop and analyze occupational licensing examinations.

Individual examination items are developed in Item Writers’ Workshops in a multiple-choice question format. Each item is carefully researched and validated with published references to ensure accuracy and consistency with entry-level psychology practice.

The outline and content areas of the CPLEE are available as an attachment below.

ESTABLISHING THE PASSING STANDARDS

A licensing examination determines whether an examinee is competent to practice, not whether the examinee performs better or worse than others who take the test.

In accordance with Business and Professions Code Section 101.6, the purpose of Boards, Bureaus and Commissions is to “...establish minimum qualifications and levels of competency and license persons desiring to engage in the occupations they regulate upon determining that such persons possess the requisite skills and qualifications necessary to provide safe and effective services to the public, or register or otherwise certify persons in order to identify practitioners and ensure performance according to set and accepted professional standards.”

EXAMINATIONS BY PSI LICENSURE: CERTIFICATION

The State has contracted with PSI licensure:certification (PSI) to conduct its examination program. PSI provides examinations through a network of computer examination centers nationwide.

All questions and requests for information about examinations should be directed to PSI.

EXAMINATION SCHEDULING PROCEDURES

Once you have been approved by the Board of Psychology, PSI will notify you via email of your eligibility to schedule an appointment to take the examination. You may do so via the Internet at https://test-takers.psiexams.com/capsy, or schedule over the telephone at (877) 392-6422.

• FIRST TIME EXAMINEES: Examination eligibility expires, and an application is deemed abandoned, if the applicant fails to sit for the CPLEE within one year after being notified of eligibility.

• RE-EXAMINATION APPLICANTS: Examination eligibility expires, and an application is deemed abandoned, if an applicant fails any written examination and does not retake the examination within one year from the date of that failure.

In most California testing centers, testing does not take place on the following:

INTERNET SCHEDULING

You may schedule for your test by completing the online Test Registration Form. The Test Registration Form is available at PSI’s website, https://test-takers.psiexams.com/capsy. You may schedule for a test via the Internet 24 hours a day.

Log onto PSI’s website and select Sign in / Create Account. Select Create Account. You are now ready to pay and schedule for the exam. Enter your zip code and a list of the testing sites closest to you will appear. Once you select the desired test site, available dates will appear.

TELEPHONE SCHEDULING

You may call PSI at (877) 392-6422, Monday through Friday between 4:30 am and 7:00 pm, or Saturday-Sunday between 6:00 am and 2:30 pm, Pacific Time, to schedule your appointment for the test. TDD is available at 800.735.2929.
CANCELING AN EXAMINATION APPOINTMENT

You may cancel and reschedule an examination appointment without forfeiting your fee if your cancellation notice is received two (2) days prior to the scheduled examination date. For example, for a 9:00 a.m. Monday appointment, the cancellation notice would need to be received before 9:00 a.m. on the previous Saturday. You may call PSI at (877) 392-6422.

Note: A voicemail or email message is not an acceptable form of cancellation. Please use the PSI Website or call PSI and speak directly to a Customer Service Representative.

MISSED APPOINTMENT OR LATE CANCELLATION

If you miss your appointment, you will not be able to take the examination as scheduled. Further, you will forfeit your examination fee, if:

- You do not cancel your appointment 2 days before the scheduled examination date;
- You do not appear for your examination appointment;
- You arrive after examination start time;
- You do not present proper identification when you arrive for the examination.

RE-EXAMINATION

Examinees who fail are eligible to re-take this examination three (3) months after failing, but not before a new form of the examination is available. To be rescheduled, examinees must submit the CPLEE Examination Request form with the examination fee of $235.20 to the Board of Psychology. A new Candidate Information Bulletin and a notice of eligibility will be sent when these criteria for reexamination have been met.

CANDIDATES MUST PARTICIPATE IN THE EXAMINATION WITHIN ONE YEAR OF FAILING A PREVIOUS EXAMINATION.

EXAMINATION SITE CLOSING FOR AN EMERGENCY

In the event that severe weather or another emergency forces the closure of an examination site on a scheduled examination date, your examination will be rescheduled. PSI personnel will attempt to contact you in this situation. However, you may check the status of your examination schedule by calling (877) 392-6422. Every effort will be made to reschedule your examination at a convenient time as soon as possible. You will not be penalized. You will be rescheduled at no additional charge.

SPECIAL ACCOMMODATIONS AVAILABLE

Examinees with a physical or mental impairment that substantially limits a major life activity may be eligible for accommodation in the testing process to assure that the test accurately reflects skills, knowledge or abilities. "Major life activities" include walking, seeing, hearing, speaking, breathing, learning, working, caring for one's self and performing manual tasks. PSI is fully compliant with ADA guidelines and will provide reasonable accommodations. Scheduling services are also available via our Telecommunications Device for the Deaf (TDD) by calling 800.735.2929.

ACCOMMODATION PROCEDURE

Examinees requiring special testing arrangements due to a physical or mental impairment must submit a request to the Board of Psychology for such arrangements. This request must be on a special form provided by the Board of Psychology. The form can be downloaded from Board's website at https://www.psychology.ca.gov/applicants/accommodation.shtml. PSI will provide auxiliary aids and services as approved by the Board of Psychology except when it may fundamentally alter the examination or results.

ENGLISH AS A SECOND LANGUAGE (ESL)

A candidate for whom English is his or her second language may be eligible for additional time when taking the CPLEE. The applicant must complete and submit a request for additional time that states under penalty of perjury that English is his or her second language. You can access this form from the Board’s website at http://www.psychology.ca.gov/applicants/exam_accom_esl.shtml.

The Test of English as a Foreign Language (TOEFL) certification score of 85 or below must be sent by Educational Testing Service directly to the board. The TOEFL must have been taken within the previous two years prior to application. If documentation is approved by the Board of Psychology, the time limit on your examination may be extended by time and one half. You will be notified by email of this approval and should not schedule your examination until you have received your approval letter.

REPORTING TO THE EXAMINATION SITE

On the day of the examination, you must arrive at least 30 minutes prior to your scheduled appointment time. This allows time for check-in and identification verification and provides time to familiarize yourself with the examination process. If you arrive late, you may not be admitted to the examination site and you may forfeit your examination registration fee. Even though candidates will be thumb printed, you are still required to comply with any identification requirements established by the appropriate regulatory entity.

REQUIRED IDENTIFICATION AT EXAMINATION SITE

You must provide one of the following valid forms of government-issued identification before you may examine:

▪ An unexpired State issued Driver’s License
▪ An unexpired State Department of Motor Vehicles Identification Card
▪ A current U.S. military-issued identification card
▪ An unexpired government issued passport
▪ A U.S. government-issued passport card

All photographs must be recognizable as the person to whom the identification card was issued. The name on the application must match the photographic I.D. card.

If you cannot provide the required identification, you must call (877) 392-6422 at least 3 weeks prior to your scheduled appointment to arrange a way to meet this security requirement. Failure to provide all of the required identification at the time of the examination without notifying PSI is considered a missed appointment, and you will not be able to take the examination.

CALIFORNIA LAW SECURITY PROCEDURES

Section 123 of the California Business and Professions Code states: It is a misdemeanor for any person to engage in any conduct which subverts or attempts to subvert any licensing examination or the administration of an examination, including, but not limited to:

▪ Conduct which violates the security of the examination materials;
▪ Removing from the examination room any examination materials without authorization;
▪ The unauthorized reproduction by any means of any portion of the actual licensing examination;
▪ Aiding by any means the unauthorized reproduction of any portion of the licensing examination;
▪ Paying or using professional or paid examination-takers for the purpose of reconstructing any portion of the licensing examination;
▪ Obtaining examination questions or other examination material, except by specific authorization either before, during, or after an examination; or
▪ Using or purporting to use any examination questions or materials which were improperly removed or taken from any examination for the purpose of instructing or preparing any applicant for examination; or
▪ Selling, distributing, buying, receiving, or having unauthorized possession of any portion of a future, current, or previously administered licensing examination.
▪ Communicating with any other examinee during the administration of a licensing examination.
▪ Copying answers from another examinee or permitting one's answers to be copied by another examinee.
▪ Having in one’s possession during the administration of the licensing examination any books, equipment, notes, written or printed materials, or data of any kind, other than the examination materials distributed, or otherwise authorized to be in one’s possession during the examination.
▪ Impersonating any examinee or having an impersonator take the licensing examination on one’s behalf.

Nothing in this section shall preclude prosecution under authority provided for in any other provision of law. In addition to any other penalties, a person found guilty of violating this section, shall be liable for the actual damages sustained by the agency administering the examination not to exceed ten thousand dollars ($10,000) and the costs of litigation.

IMPORTANT INFORMATION ABOUT TAKING AN EXAMINATION

1. All candidates will have their thumbprint taken during examination check-in. The thumb print must be matched after candidates return from a restroom break and any time the candidate leaves and returns to the test site after check-in.
2. The temperature in the testing room is maintained at a moderate level. Candidates are advised to layer clothing. Acceptable layered clothing includes lightweight shirts, sweaters, and pullovers without pockets or hoods. These items must be worn upon check-in, while you wait to enter the testing room, and during your initial seating for the examination. If the layered item is removed during the examination, you will be required to store it in the lobby while time continues to count down on your examination. Outerwear (coats, heavy jackets, vests, shawls, scarves, etc.) is not allowed in the testing rooms.

3. There are timing mechanisms available in the testing room and on the computer console to help candidates keep track of time during the test administration. Candidates are not permitted to bring watches or other timekeeping devices into the testing rooms.

4. Only one candidate will be allowed to take a restroom break at a time. Candidates are required to sign out when leaving and returning to the testing room. If a candidate’s restroom break takes longer than 5 (five) minutes, a proctor will check on the candidate and will notify the applicable regulatory entity of the occurrence. The regulatory entity will investigate and take appropriate action.

5. The following is a non-exhaustive list of personal items that are not permitted in the testing rooms:

</tr>
</tbody>
</table>

*Headwear worn for religious purposes is subject to inspection.
**Prescription and non-prescription eyeglasses may not be worn for the photo. Eyeglasses subject to inspection.
***Jewelry that is allowed into the examination room is subject to inspection.
****Drugs that are medically necessary during the pendency of the examination may be brought into the examination site, in a container bearing a proper prescription label with the name of the candidate and of the drug; any such medication is subject to examination by a proctor upon check-in.

Examination proctors will have considerable discretion to refuse permission of clothing and/or items that compromise the integrity or security of the examination.

During the check-in process, all candidates will be asked if they possess any of the prohibited items and all candidates will be asked to empty their pockets. If prohibited items are found during check-in, candidates must return these items to their vehicle or other place of safekeeping. Neither PSI nor the Department of Consumer Affairs will be responsible for the items. Any candidate possessing prohibited items in the testing room will have his or her examination results invalidated, and PSI will notify the appropriate regulatory entity of the occurrence.

6. Shoes must be worn at all times and feet are not permitted on the chairs. Feet must remain on the floor during examinations.

7. Copying any portion of the examination content by any means or communicating examination content for the purpose of aiding its unauthorized reproduction, whether before, during, or after the examination, is a violation of PSI security policy and existing law. Either one may result in the disqualification or invalidation of examination results, the denial of your license, and may result in criminal prosecution.

8. If a candidate is asked by a proctor to step into the lobby during your examination, the proctor will suspend the candidate’s examination, so all remaining test time will be retained.

Only candidates, and those individuals with prior regulatory entity approval, are allowed to be present in the testing sites.

If candidates require that an exception be made to ANY of the abovementioned security procedures, candidates must contact their regulatory entity PRIOR to the date of their examination. The regulatory entity must provide the exception to PSI. NO EXCEPTIONS WILL BE MADE ON THE DAY OF THE EXAMINATION.

**TAKING THE EXAMINATION BY COMPUTER**

The examination will be administered via computer. You will be using a mouse and computer keyboard.

**IDENTIFICATION SCREEN**

You will be directed to a semiprivate testing station to take the examination. When you are seated at the testing station, you will be prompted to confirm your name, identification number, and the examination for which you are registered.

**TUTORIAL**

Before you start your examination, an introductory tutorial is provided on the computer screen. The time you spend on this tutorial, up to 15 minutes, DOES NOT count as part of your examination time.

Sample questions are included following the tutorial so that you may practice answering questions and reviewing your answers.
TEST QUESTION SCREEN

The “function bar” at the top of the sample question provides mouse-click access to the features available while taking the examination.

One question appears on the screen at a time. During the examination, minutes remaining will be displayed at the top of the screen and updated as you record your answers.

STUDY MATERIALS

Candidates are encouraged to trust in their clinical education, experience and judgment as a basis for responding to the examination items in addition to the California Board of Psychology Laws and Regulations and the APA Code of Conduct and Ethical Principles. The California Board of Psychology Laws and Regulations is available for purchase through Lexis Nexis at https://store.lexisnexis.com. It can also be accessed from the Board’s website at www.psychology.ca.gov. The APA Code of Conduct and Ethical Principles is available through APA’s website at www.apa.org.

EXAMINATION ITEMS

Each form of the CPLEE will consist of 75 scored and 25 non-scored questions. A total of 100 questions, all multiple-choice in laws and ethics. Candidates will have 2.5 hours to complete the examination.

UNDERSTANDING THE RESULTS

At the end of your exam, you will receive a printed score report. Raw scores are only provided to candidates who fail. Your test results are confidential and are released only to you and your state licensing agency. To protect your privacy and to maintain the confidentiality of exam results, score information is not given over the telephone.

You may request a duplicate score report from PSI.

ABANDONMENT OF APPLICATION

Title 16, California Code of Regulations Section 1381.4 states “Any applicant approved to take or retake a board licensing examination who fails to appear for such examination in any twelve-month period shall have his or her application withdrawn. An applicant who subsequently decides to take the examination shall be required to file a new application and pay the current application and examination fees.”

LICENSING INFORMATION

If you pass the CPLEE, you will receive a Request for Initial Licensure Form with your passing letter.

California law requires the completion of coursework in human sexuality as well as child abuse assessment and reporting as prerequisites for licensure. You may also be required to complete coursework in alcoholism/chemical dependency detection and treatment, spousal or partner abuse detection and treatment and/or aging and long term-care, depending on when you began graduate training. If you have not yet completed these requirements, documentation of compliance must be included with your check and request for initial licensure to the Board.

LICENSING FEE

To apply for a psychologist license, the Board will require a completed Request for Initial Licensure form and a check for $500 (initial license fee) made payable to the Board of Psychology. Mail all pertinent documents to:

California Board of Psychology
1625 North Market Boulevard, Suite N-215
Sacramento, CA 95834

You are not a licensed psychologist until the Board has issued a license number. The Board will contact you via email with your license number and important information when the request for initial licensure is approved. If your application is incomplete, the Board will accordingly request the additional information in order to proceed with the review process.

Current processing timeframes can be referenced on the Board’s website at https://www.psychology.ca.gov/applicants/licupdates.shtml. Upon approval, a pocket license will be mailed to your address of record on file with the Board in about four weeks after the license number is issued.

FIELDS OF COMPETENCE

In psychology, there are many fields of competence. As a newly licensed psychologist, we would like you to be aware of Section 2960(p) of the Business and Professions Code which authorizes disciplinary action against a psychologist who functions outside of his or her particular field or fields of competence as established by his or her education, training and experience.

CONTINUING EDUCATION REQUIREMENTS

Section 2915 of the Business and Professions Code requires each licensed psychologist to complete 36 hours of approved continuing education (CE) in every two-year renewal cycle. The Board cannot renew a license unless the CE requirements have been met. You can find more detailed information about CE at the Board’s Website www.psychology.ca.gov.

CALIFORNIA PSYCHOLOGY LAW AND ETHICS STUDY GUIDE QUESTIONS

1.

A psychologist receives a call from a mother who states that her 9-year-old daughter is behaving aggressively. The psychologist sets up an initial consultation with the mother and daughter. During the session, the psychologist learns that the mother does not have legal custody of her daughter. The mother and father have replaced the formal physical custody decree of the court with an informal custody agreement in which they share responsibilities. What action should the psychologist take first in this situation?

A. ✔ Call the father and get a verbal consent to treat his daughter
B. Instruct the mother to take her daughter to a local emergency room
C. Consider the best interest of the child in determining whether to continue the consultation
D. Have the mother sign the informed consent and gain the father’s written consent later

2.

An employer’s human resources department refers an employee for a psychological evaluation after several of the employee’s coworkers complain that the employee’s behavior has become increasingly erratic. What action should the psychologist take before initiating the evaluation?

A. Meet with the employee and obtain informed consent
B. Meet with the employer and explain that information will be released only with the employee’s written consent
C. ✔ Clarify the nature of the professional relationship and obtain informed consent from the employee
D. Clarify the nature of the professional relationship and obtain informed consent from the employer

3.

A client believes that he has been fired from his job due to his HIV-positive status. What action should the psychologist take if the client threatens to kill his former employer for firing him?

A. Notify the employer about the client’s threat
B. Document the client’s statements in his file and encourage him to seek voluntary hospitalization
C. ✔ Notify the employer and a law enforcement agency about the client’s threat without mentioning his HIV status
D. Document the client’s statements in his file and initiate involuntary hospitalization

4.

A psychologist in private practice converts all her clinical records to a new computer system and securely eliminates the hard copies. In addition to using a password protection procedure, what other measures must the psychologist take to ensure the safety and integrity of her electronic records?

A. ✔ Develop policies and procedures to safeguard confidentiality and provide a backup system off site
B. Install an antivirus program and eliminate all facsimile transmission of client records
C. Install a backup system at her office and print client records upon written request
D. Eliminate internet capability and keep backup copies of records on disk
5. A psychologist’s client recently lost her job and asked to pay a reduced fee, which the psychologist accommodated. After a few more sessions, the client canceled all her future appointments. The client has a balance on her account, which has yet to be paid as agreed. Which of the following actions should the psychologist take in this situation?

A. Withhold the client's records until the balance is paid  
B. Bill the client’s managed care organization for the remaining balance  
C. Charge the remaining balance on the client’s credit card that is on file  
D. ✔ Allow the client an opportunity to make a payment before using a collection agency

6. A team of psychologists has been hired by a university to assist with admissions screening. During casual conversation, one of the psychologists mentions to another team member that he is adding the students’ names to his mailing list. How should the team member respond to the psychologist who made the statement?

A. Maintain confidentiality of the psychologist  
B. ✔ Confront the psychologist with this ethical violation  
C. File an ethical complaint with the Board of Psychology  
D. Report the information to the university

7. A trainee loses his primary supervisor before completing the last 250 of the 3,000 total hours of supervised professional experience (SPE) required for licensure. He proposes to pay a qualified licensed psychologist in independent practice for weekly supervision. What information should be provided to the trainee about this issue?

A. The proposal is not permissible unless the Board of Psychology grants approval  
B. ✔ The proposal is not permissible because a supervisor cannot receive payment for SPE supervision  
C. The proposal is permissible if nonmonetary goods or services are provided in exchange for the service received  
D. The proposal is permissible if the independent licensed psychologist is included on the trainee’s SPE log of all hours earned toward licensure

8. A psychologist in private practice decides to begin providing psychological assessment to increase client caseload, but the psychologist has not provided testing for the last 10 years. What initial step should the psychologist take to reestablish competence in this area?

A. ✔ Retrain to obtain competence in psychological assessment  
B. Seek consultation from a psychological assessment vendor  
C. View a webinar reviewing ethics in psychological assessment
