EXAMINATIONS BY PSI

This Candidate Information Bulletin provides you with information about the examination and application process for a Landscape Construction Professional licensee in the State of Oregon and the Owner/Managing Employee Examination.

The Landscape Contractors Board (Board) has contracted with PSI Services LLC (PSI) to conduct the examination programs. PSI provides examinations through a network of computer examination centers in Oregon. PSI works closely with the Board to be certain that examinations meet requirements in basic principles and examination development standards.

HOW TO OBTAIN A LANDSCAPE CONSTRUCTION PROFESSIONAL LICENSE

1. The fastest method to obtain the license application is to download it at www.lcb.state.or.us, otherwise request a landscape construction professional license application from:

Landscape Contractors Board
2111 Front Street NE Ste 2-101
Salem, OR 97301
(503) 967-6291 Fax: (503) 967-6298
www.lcb.state.or.us
Email: LCBinfo@lcb.state.or.us

2. Complete the application and return it to the Board.
3. When your application has been approved by the Board, you will be sent a letter of qualification with instructions for scheduling the examination. Note: if you do not test on any sections within 2 years, you must re-apply with the board.

TYPES OF LICENSES

There are four (4) types of landscape construction professional licenses currently offered:

- All Phases plus Backflow - all aspects of landscaping work including irrigation and backflow installation.
- Standard - all aspects of landscaping work **except** irrigation and backflow.
- Irrigation plus Backflow - irrigation and backflow only.
- Planting - plant lawns, shrubs, vines, trees and nursery stock and prepare the property on which these are to be installed, including the grading and drainage services.
- Probationary All Phase plus Backflow - all aspects of landscaping work including irrigation and backflow installation **but with restrictions** (see below).

The applicant must pass all the sections of the exam within one year of the first sitting of the exam. After 24 months of being licensed and meeting the probationary requirements (ORS 671.571) the licensee may request the probation be removed.

EXAMINATION SECTIONS

The exam sections for the landscape construction professional license are:

REQUIRED IDENTIFICATION AT EXAMINATION SITE

You must provide 2 forms of identification. One must be a VALID form of government-issued identification (driver's license, state ID, passport), which bears your signature and has your photograph or a complete physical description. The second ID must have your signature and preprinted legal name. All identification provided must match the name on the Examination Registration Form.

If you cannot provide the required identification, you must call (800) 733-9267 at least 3 weeks prior to your scheduled appointment to arrange a way to meet this security requirement. *Failure to provide all of the required identification at the time of the examination without notifying PSI is considered a missed appointment, and you will not be able to take the examination.*

SECURITY PROCEDURES

The following security procedures will apply during the examination:

- Cell phones, pagers, and children are not allowed in the examination site.
- No smoking, eating, or drinking will be allowed in the examination site.
- Copying or communicating examination content is a violation of PSI security policy and Oregon State Law. Either one may result in the disqualification of examination results and may lead to legal action.

TAKING THE EXAMINATION BY COMPUTER

Taking the PSI examination by computer is simple. You do not need any computer experience or typing skills. You will use fewer keys than you use on a touch-tone telephone. All response keys are colored and have prominent characters. An illustration of the special keyboard is shown here. You may also use the mouse.

IDENTIFICATION SCREEN

You will be directed to a semi-/private testing station to take the examination. When you are seated at the testing station, you will be prompted to confirm your name, identification number, and the examination for which you are registered.

TUTORIAL

Before you start your examination, an introductory tutorial to the computer and keyboard is provided on the computer screen. The time you spend on this tutorial, up to 15 minutes, DOES NOT count as part of your examination time. Sample questions are included following the tutorial so that you may practice using the keys, answering questions, and reviewing your answers.

One question appears on the screen at a time. During the examination, minutes remaining will be displayed at the top of the screen and updated as you record your answers.

EXAMINATION QUESTION EXAMPLE

During the examination, you should press 1, 2, 3, or 4 to select your answer or press "MARK" to mark it for later review. Or you may simply click on the box to the left of your answer with the mouse. You should then press "ENTER" to record your answer (or click on Next with the mouse) and move on to the next question. A sample question display follows:

IMPORTANT: After you have entered your responses, you will later be able to return to any question(s) and change your response, provided the examination time has not run out or you have ended your examination.

EXAMINATION REVIEW

You will be given 30 minutes at the end of ALL sections to review the items you missed. The items will not be in any particular order.

Comments may be entered on the computer keyboard during the examination. Your comments regarding the questions and the examinations are welcomed. Comments will be analyzed by PSI examination development staff. While PSI does not respond to individuals regarding these comments, all substantive comments are reviewed. This is your opportunity to notify the licensing agency if you dispute a question on the exam.

SCORE REPORTING

The following summary describes the score reporting process:

- On screen** - your score will appear immediately on the computer screen. This will happen automatically at the end of the time allowed for the examination; if you are using review features, you will be able to obtain your score immediately when you indicate that you have finished and would like to see your results.
 - If you **pass**, you will immediately receive a successful notification and performance summary on the screen.
 - If you **do not pass**, you will immediately receive an unsuccessful notification on the screen along with a diagnostic report indicating your strengths and weaknesses by examination portion.
- On paper** - an official score report will be printed at the examination site.

LENGTH PASSING SCORES ARE VALID

Once you have received a passing score on a section of the exam the score remains valid for a period of 12 months. If you do not obtain a license prior to the exam score expiring you will have to retake and pass that section of the exam again.

If you have applied for the Probationary License, you must pass all 6 exam sections within 12 months of the first sitting in order to obtain this license. If you do not, you will not receive this license and must reapply.

EXPERIMENTAL ITEMS

In addition to the number of examination items specified, a small number of five to ten “experimental” questions may be administered to candidates during the examinations. **These questions will not be scored and the time taken to answer them will not count against examination time.** The administration of such non-scored experimental questions is an essential step in developing future licensing examinations.

WHAT TO BRING TO THE EXAMINATION

You should bring a calculator. Only non-programmable calculators that are silent, battery operated, do not have paper tape printing capabilities, and do not have a keyboard containing the alphabet will be allowed in the examination site.

You are also allowed to bring in one language translation dictionary or electronic translating device if English is not your first language. No notes or writing on or in these translation aides is allowed.
