IMPORTANT NOTICE FOR ALL CANDIDATES

Due to many complaints from the buildings' tenants, PSI (and the properties which house the PSI examination centers) cannot accommodate any individuals other than the person who is being tested.

PSI understands that examination candidates are often comforted by having guests accompany them to their examinations. It may also be necessary for a guest to drive the candidate to the examination center. However, incidents from previous guests have prompted warnings from Property Management. For this reason, PSI has adopted the following policy concerning guests.

“Person(s) accompanying an examination candidate may not wait in the examination center, inside the building or on the building's property. This applies to guests of any nature, including drivers, children, friends, family, colleagues or instructors.”

There are facilities nearby such as shopping malls, stores or restaurants where guests may go while the candidate takes an examination. Please take the time to visit those locations instead of waiting in or around the building.

Also of note, many candidates have been arriving hours before their scheduled examination time. This is not necessary. Please plan to arrive no earlier than 30 minutes before the start-time of your examination. This will provide plenty of time for check-in.

Thank you for your understanding and for your cooperation.

TAKING THE EXAMINATION BY COMPUTER

The examination will be administered via computer. You will be using a mouse and computer keyboard.

IDENTIFICATION SCREEN

You will be directed to a semiprivate testing station to take the examination. When you are seated at the testing station, you will be prompted to confirm your name, identification number, and the examination for which you are registered.

TUTORIAL

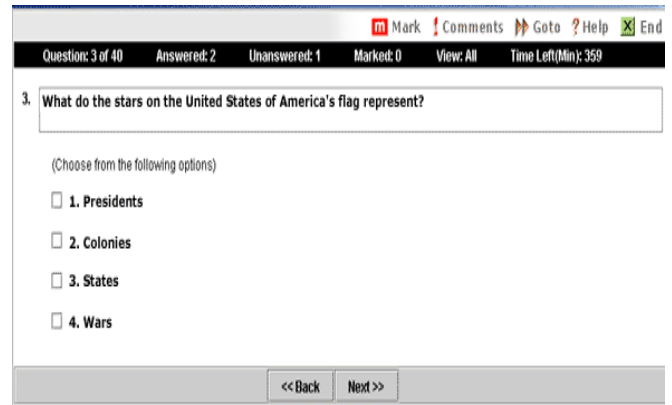

Before you start your examination, an introductory tutorial to the computer and keyboard is provided on the computer screen. The time you spend on this tutorial, up to 15 minutes, DOES NOT count as part of your examination time. Sample questions are included following the tutorial so that you may practice using the keys, answering questions, and reviewing your answers.

One question appears on the screen at a time. During the examination, minutes remaining will be displayed at the top of the screen and updated as you record your answers.

EXAMINATION QUESTION EXAMPLE

You will begin with an Examination Tutorial to practice answering questions and review the computer examination process. The “Function Bar” at the top of the screen provides

mouse-click access to the features available on the current examination.

IMPORTANT: After you have entered your responses, you will later be able to return to any question(s) and change your response, provided the examination time has not run out.

EXAMINATION REVIEW

PSI, in cooperation with the DIFS, will be continually evaluating the examinations being administered to ensure that the examinations accurately measure competency in the required knowledge areas. Comments may be entered on the computer keyboard during the examination. Your comments regarding the questions and the examinations are welcomed. Comments will be analyzed by PSI examination development staff. While PSI does not respond to individuals regarding these comments, all substantive comments are reviewed. If a discrepancy is found during the comment review, PSI and the Department may re-evaluate candidates' results and adjust them accordingly. This is the only review of the examination available to you.

EXAMINATION RESULT REPORTING

Passing examination results are valid for 12 months from the “pass” date.

Your results will be given to you immediately following completion of the examination.

- If you pass, you will receive an examination result report which will indicate “PASS”.
- If you do not pass, you will receive a diagnostic report indicating your strengths and weaknesses.

DUPLICATE EXAMINATION RESULTS

You may request a duplicate score report after your examination by emailing scorereport@psionline.com or by calling 800-733-9267.

EXPERIMENTAL ITEMS

In addition to the number of examination items specified in the “Examination Content Outlines”, a small number (5 to 10) of “experimental” questions may be administered to candidates during the examinations. These questions will not be scored and the time taken to answer them will not count against examination time. The administration of such unscored, experimental questions is an essential step in developing future licensing examinations.

TIPS FOR PREPARING FOR YOUR LICENSE EXAMINATION

The following suggestions will help you prepare for your examination.

- Only consider the actual information given in the question, do not read into the question by considering any possibilities or exceptions.
- Planned preparation increases your likelihood of passing.
- Start with a current copy of this Candidate Information Bulletin and use the examination content outline as the basis of your study.
- Read study materials that cover all the topics in the content outline.
- Take notes on what you study. Putting information in writing helps you commit it to memory and it is also an excellent business practice.
- Discuss new terms or concepts as frequently as you can with colleagues. This will test your understanding and reinforce ideas.
- Your studies will be most effective if you study frequently, for periods of about 45 to 60 minutes. Concentration tends to wander when you study for longer periods of time.

EXAMINATION CONTENT OUTLINES

Individual examination content outlines are available from PSI for each examination. Content outlines indicate the examination time limit, minimum score required to pass, subject area and the number of items in each area. To obtain a content outline for your specific examination, visit www.psiexams.com/DIFS, select [Government/State Licensing Agencies/Michigan/Insurance](#). The examination content outlines can be found under Information Links (on the right side of the page).
