SCHEDULING INFORMATION	
Date Scheduled:	
Name of Scheduler:	-
Date of Exam:	
Time of Exam:	
Test Site Location:	

psi

PURPOSE

To ensure entry-level competence, the Structural Pest Control Board requires an examination to assess the candidate's ability to apply knowledge of inspection, identification, pesticide equipment, pesticide mixing and formulation, and pesticide application procedures to the practice of pest control.

Candidates should also be familiar with the Department of Pesticide Regulations Safety Information Series that covers worker safety; storage, moving and disposal of pesticides; and safety rules for handling pesticides.

EXAMINATIONS BY PSI

The Board has contracted with PSI to conduct its examination program. PSI provides examinations through a network of computer examination centers in California and twenty-two additional nationwide sites.

All questions regarding the scheduling and administration of examinations should be directed to PSI.

EXAMINATION SCHEDULING PROCEDURES

Once you have been approved for examination by the Board, you are responsible for contacting PSI to schedule an appointment to take the examination. You may schedule the examination via the Internet at https://test-takers.psiexams.com/caspcb, or by telephone at (877) 392-6422.

- SIRST TIME EXAMINEES: Examination eligibility expires, and an application is deemed abandoned, if the applicant fails to sit for examination within six months.
- ➤ RE-EXAMINATION APPLICANTS: Examination eligibility expires and an applicant becomes ineligible to sit for examination when an applicant fails any written examination and does not retake the examination within six months from the date of that failure.

The PSI examination centers are open for testing during normal working hours of 8:00 AM to 5:00 PM Monday through Friday, and operating hours on Saturday, except for the following major holidays:

Memorial Day	Closed May 29, 2023
Independence Day	Closed July 4, 2023
Labor Day	Closed September 4, 2023
Thanksgiving Day	Closed November 23-24, 2023
Christmas Day	Closed December 25-26, 2023
New Years Day	Closed January 1, 2024
Martin Luther King Jr.	Closed January 17, 2024

INTERNET SCHEDULING

You may schedule your examination by completing the online Test Registration Form. The Test Registration Form is available at PSI's website, <u>https://test-takers.psiexams.com/caspcb</u>. You may schedule for an examination via the Internet 24 hours a day.

Log onto PSI's website and select Sign in / Create Account. Select Create Account. You are now ready to pay and schedule for the exam. Enter your zip code and a list of the testing sites closest to you will appear. Once you select the desired test site, available dates will appear.

TELEPHONE SCHEDULING

Call PSI at (877) 392-6422, Monday through Friday between 4:30 am and 7:00 pm, or Saturday-Sunday between 8:00 am and 2:00 pm, Pacific Time, to schedule your appointment for the examination. Scheduling services are also available via our Telecommunications Device for the Deaf (TDD) by calling (800)735-2929.

CANCELING AN EXAMINATION APPOINTMENT

You may cancel and reschedule an examination appointment without forfeiting your fee *if your cancellation notice is received two (2) days prior to the scheduled examination date.* For example, for a 9:00 a.m. Monday appointment, the cancellation notice would need to be received <u>before 9:00 a.m.</u> on the previous Saturday. To cancel or reschedule, call PSI at (877) 392-6422.

Note: A voicemail or email message is not an acceptable form of cancellation. You must use the PSI Website or call PSI and speak directly to a Customer Service Representative to cancel or reschedule your examination and not forfeit the fee.

MISSED APPOINTMENT OR LATE CANCELLATION

If you miss your appointment, you will not be able to take the examination as scheduled. You will forfeit your examination fee if:

- You do not cancel your appointment 2 days before the scheduled examination date;
- You do not appear for your examination appointment;
- You arrive after examination start time;
- You do not present proper identification when you arrive for the examination.

RE-EXAMINATION

Candidates who fail are eligible to re-take the examination. A Request for Re-examination form will be provided with the score report at the test center or may be obtained by contacting the Board.

To apply for re-examination, candidates must complete the form and submit it to the Board with the correct fee.

EXAMINATION SITE CLOSING FOR AN EMERGENCY

In the event that severe weather or another emergency forces the closure of an examination site on a scheduled examination date, your examination will be rescheduled. PSI personnel will attempt to contact you in this situation; however, you may check the status of your examination schedule by calling (877) 392-6422. Every effort will be made to reschedule your examination as soon as possible and you will not be penalized. You will be rescheduled at no additional charge.

6053 HUDSON RD, SUITE 210 WOODBURY, MN 55125 FROM I-94 GO SOUTH ON CENTURY TO THE FIRST LEFT (WHICH IS THE FRONTAGE ROAD ENTRANCE TO THE COUNTRY INN). ENTER THE OFFICE COMPLEX THROUGH THE SINCLAIR GAS STATION AND ALONG BACK OF THE INN. 6053 IS THE BUILDING DIRECTLY AHEAD. THE ENTRANCE ON THAT (WEST) SIDE IS ACTUALLY ON THE 2ND FLOOR. SUITE 210 IS DOWN THE CORRIDOR TO THE RIGHT. PLEASE USE THE WEST ENTRANCE ON SATURDAYS.

SPECIAL ACCOMMODATIONS AVAILABLE

All examination sites are physically accessible to individuals with disabilities. Scheduling services are also available via Telecommunications Device for the Deaf (TDD) by calling (800)735-2929.

The Board and PSI recognize their responsibilities under the Federal Americans with Disabilities Act and the California Fair Employment and Housing Act by providing testing accommodations or auxiliary aids or services for candidates who substantiate the need due to a physical or mental disability or qualified medical condition.

Accommodations will not be provided at the examination site unless prior approval by the Board has been granted. Reasonable, appropriate, and effective accommodations may be requested by submitting a "Request for Accommodation" package to the Board. This package is available by contacting the Board at (916) 561-8704.

REPORTING TO THE EXAMINATION SITE

On the day of the examination, you must arrive at least 30 minutes prior to your scheduled appointment time. This allows time for check-in and identification verification and provides time to familiarize yourself with the examination process. If you arrive late, you may not be admitted to the examination site and you may forfeit your examination registration fee.

REQUIRED IDENTIFICATION AT EXAMINATION SITE

You must provide one of the following valid, non-expired, forms of government-issued identification before you may examine:

- A photographic Driver's License (any state)
- State identification card (any state)
- U.S. military identification
- Valid passport any country (valid foreign passport with valid record of arrival/departure - Form I-94 or processed for I-551 stamped in a valid foreign passport)
- U.S. government-issued passport card.

All photographs must be recognizable as the person to whom the identification card was issued. The name on the application must match the photographic I.D. card. If you have recently changed your name with the Board, you may want to contact PSI to verify that they have the correct name on file.

If you cannot provide the required identification, you must call (877) 392-6422 at least 3 weeks prior to your scheduled appointment to arrange a way to meet this security requirement. Failure to provide all of the required identification at the time of the examination without notifying

PSI is considered a missed appointment, and you will not be able to take the examination.

CALIFORNIA LAW SECURITY PROCEDURES

Section 123 of the California Business and Professions Code states: It is a misdemeanor for any person to engage in any conduct which subverts or attempts to subvert any licensing examination or the administration of an examination, including, but not limited to:

- Conduct which violates the security of the examination materials;
- Removing from the examination room any examination materials without authorization;
- The unauthorized reproduction by any means of any portion of the actual licensing examination;
- Aiding by any means the unauthorized reproduction of any portion of the licensing examination;
- Paying or using professional or paid examination-takers for the purpose of reconstructing any portion of the licensing examination;
- Obtaining examination questions or other examination material, except by specific authorization either before, during, or after an examination; or
- Selling, distributing, buying, receiving, or having unauthorized possession of any portion of a future, current, or previously administered licensing examination.
- Communicating with any other examinee during the administration of a licensing examination.
- Copying answers from another examinee or permitting one's answers to be copied by another examinee.
- Having in one's possession during the administration of the licensing examination any books, equipment, notes, written or printed materials, or data of any kind, other than the examination materials distributed, or otherwise authorized to be in one's possession during the examination.
- Impersonating any examinee or having an impersonator take the licensing examination on one's behalf.

Nothing in this section shall preclude prosecution under authority provided for in any other provision of law. In addition to any other penalties, a person found guilty of violating this section, shall be liable for the actual damages sustained by the agency administering the examination not to exceed ten thousand dollars (\$10,000) and the costs of litigation.

IMPORTANT INFORMATION ABOUT TAKING AN EXAMINATION

- 1. All candidates will have their thumbprint taken during examination check-in. The thumb print must be matched after candidates return from a restroom break and any time the candidate leaves and returns to the test site after check-in.
- 2. The temperature in the testing room is maintained at a moderate level. Candidates are advised to layer clothing. Acceptable layered clothing includes lightweight shirts, sweaters, and pullovers without pockets or hoods. These items must be worn upon check-in, while you wait to enter the testing room, and during your initial seating for the examination. If the layered item is removed during the examination, you will be required to store it in the lobby while time continues to count down on your examination. Outerwear (coats, heavy jackets, vests, shawls, scarves, etc.) is not allowed in the testing rooms.

- 3. There are timing mechanisms available in the testing room and on the computer console to help candidates keep track of time during the test administration. Candidates are not permitted to bring watches or other timekeeping devices into the testing rooms.
- 4. Only one candidate will be allowed to take a restroom break at a time. Candidates are required to sign out when leaving and returning to the testing room. If a candidate's restroom break takes longer than 5 (five) minutes, a proctor will check on the candidate and will notify the applicable regulatory entity of the occurrence. The regulatory entity will investigate and take appropriate action.
- 5. The following is a non-exhaustive list of personal items that are not permitted in the testing rooms:

Purses	Briefcases/daypacks/luggage
Cellular phones	Pagers
Drinks (including water)	Food/candy/snacks/gum
Good luck items	Luggage
Calculators	Reading materials
Textbooks	Notes
Any recording device	Smart devices
Electronic devices	Headphones or
	earphones/earbuds
Personal pens or pencils	Therapeutic items
Cameras	Over-the-counter
	medication
Weapons	Fashion scarves
Hats/baseball caps/visors*	Sunglasses**
Bulky, large or noisy jewelry***	Prescription drugs****

*Headwear worn for religious purposes is subject to inspection.

**Prescription and non-prescription eyeglasses may not be worn for the photo. Eyeglasses subject to inspection.

***Jewelry that is allowed into the examination room is subject to inspection.

****Drugs that are medically necessary during the pendency of the examination may be brought into the examination site, in a container bearing a proper prescription label with the name of the candidate and of the drug; any such medication is subject to examination by a proctor upon check-in.

Examination proctors will have considerable discretion to refuse permission of clothing and/or items that compromise the integrity or security of the examination.

During the check-in process, all candidates will be asked if they possess any of the prohibited items and all candidates will be asked to empty their pockets. If prohibited items are found during check-in, candidates must return these items to their vehicle or other place of safekeeping. Neither PSI nor the Department of Consumer Affairs will be responsible for the items. Any candidate possessing prohibited items in the testing room will have his or her examination results invalidated, and PSI will notify the appropriate regulatory entity of the occurrence.

6. Shoes must be worn at all times and feet are not permitted on the chairs. Feet must remain on the floor during examinations.

- 7. Copying any portion of the examination content by any means or communicating examination content for the purpose of aiding its unauthorized reproduction, whether before, during, or after the examination, is a violation of PSI security policy and existing law. Either one may result in the disqualification or invalidation of examination results, the denial of your license, and may result in criminal prosecution.
- 8. If a candidate is asked by a proctor to step into the lobby during your examination, the proctor will suspend the candidate's examination, so all remaining test time will be retained.

Only candidates, and those individuals with prior regulatory entity approval, are allowed to be present in the testing sites.

If candidates require that an exception be made to ANY of the abovementioned security procedures, candidates must contact their regulatory entity PRIOR to the date of their examination. The regulatory entity must provide the exception to PSI. NO EXCEPTIONS WILL BE MADE ON THE DAY OF THE EXAMINATION.

TAKING THE EXAMINATION BY COMPUTER

The examination will be administered via computer. You will be using a mouse and computer keyboard.

IDENTIFICATION SCREEN

You will be directed to a semiprivate testing station to take the examination. When you are seated at the testing station, you will be prompted to confirm your name, identification number, and the examination for which you are registered.

TUTORIAL

Before you start your examination, an introductory tutorial is provided on the computer screen. The time you spend on this tutorial, up to 15 minutes, DOES NOT count as part of your examination time. Sample questions are included following the tutorial so that you may practice answering questions, and reviewing your answers.

TEST QUESTION SCREEN

The "function bar" at the top of the test question screen provides mouse-click access to the features available while taking the examination.

				Comments	🙌 Goto Help	Citu

One question appears on the screen at a time. During the examination, minutes remaining will be displayed at the top of the screen and updated as you record your answers.

EXAMINATION RESULTS

At the end of your examination, you will return to the check-in location and be given a printed report of your score. Business and Professions Code \$8560 states that the passing score for the examination is 70 percent. Your examination results are confidential and are released only to you and the Board. To protect your privacy and to maintain the confidentiality of examination results, score information is not given over the telephone.

FAILING SCORE REPORTS

The score report will indicate the candidate's overall score. Along with the score report, you will be given a Re-Examination form to complete and return to the Board if you wish to retake the examination.

PASSING SCORE REPORTS

Along with the score report, you will be given a Licensing Application package to complete and return to the Board. The score report is <u>NOT</u> a license.

ABANDONMENT OF APPLICATION/INELIGIBILITY

The Board considers an application abandoned if a candidate fails to participate in the examination process. According to California Code of Regulations \$1941, an applicant who fails to appear for the examination after proper notification forfeits the examination fee unless the applicant requests and is granted a postponement not less than 5 days prior to the examination or is excused by the Board for good cause from complying with this requirement.

An applicant who receives a postponement of not more than 6 months will not be required to file a new application.

THE EXAMINATION

Structural pest control involves the control of household pests and wood-destroying pests and organisms or such other pests which may invade households or structures, including railroad cars, ships, docks, trucks, airplanes, or the contents thereof. The practice of structural pest control includes the engaging in, offering to engage in, soliciting, or the performance of the following:

- Identification of infestations or infections; the making of an inspection for the purpose of identifying or attempting to identify infestations or infections of household or other structures by such pests or organisms; and,
- Making of inspection reports; recommendations with respect to such infestation or infections, or the performance of any work including the making of structural repairs or replacements, or the use of pesticides or allied chemicals or substances, or mechanical devices for the purpose of eliminating, exterminating, controlling or preventing infestations or infections of such pests, or organisms.

Branch 3 is classified as termite which is the practice relating to the control of wood-destroying pests or organisms by the use of insecticides, or structural repairs and corrections, excluding fumigation with poisonous or lethal gases. This examination will include the scope of work for Branch 3.

# of Items	Time Allowed
150	2.5 Hours

	Operator Branch 3 (OPR3) Examination Plan (Outline)
1.	Inspection (25%*): Determine the presence, location, and degree of any wood-destroying pest infestations, infections, or conducive conditions; identify wood pests and fungi, and accessibility and entry points in structures.
2.	Planning (20%*): Develop treatment strategies, select treatments, identify and minimize environmental and treatment risks, explain treatment risks to the consumer, and notify consumers about planned treatments.
3.	Treatment Application (15%*): Prepare work area for treatment by such means as mixing pesticides, selecting tools and equipment, and applying treatments to control wood-destroying pest infestations and infections.
4.	Repairs and Corrective Measures (20%*): Perform work or subcontract the performance of work to repair, replace, or reinforce wood members damaged by wood destroying pest infestations and infections, and to correct conducive conditions.
5	Regulations and Reporting (20%*): Describe evidence of wood destroying pest infestations and infections, make treatment and repair recommendations, evaluate wood destroying pest treatments, determine completion of construction work performed, and comply with report and recordkeeping regulation requirements.

(*Percentages are approximate)

CONTENT SPECIFICATIONS

The content specifications for the examination are based upon an occupational analysis of Branch 3 Operator practice conducted by the Department of Consumer Affairs. The occupational analysis involved interviews with practitioners, focus groups to validate the tasks and knowledge identified, a survey questionnaire, which asked licensed practitioners to rate the importance of tasks and knowledge identified in the interviews, an analysis of the ratings, and development of content specifications based on the ratings.

1. Inspection (25%) – Determine the presence, location, and degree of any wood-destroying pest infestations, infections, or conducive conditions; identify wood pests and fungi, and accessibility and entry points in structures.

	Task Statement		Associated Knowledge Statements
	Determine presence of wood-destroying pests and organisms.	K1.	Knowledge of techniques to assess wood-destroying

T25. Prepare area for treatment application by		
removing hazardous objects and remedying		
adverse conditions.		
T26. Identify accessible evidence of wood-		
destroying organisms to be removed or covered.		
T27. Dilute concentrate pesticides for application.		

- T28. Prepare site for treatment.
- T29. Set up application equipment and tools.

3. Treatment Application (15%) – Prepare work area for treatment by such means as mixing pesticides, selecting tools and equipment, and applying treatments to control wood-destroying pest infestations and infections.

Task Statement	Task	Stat	eme	nt
----------------	------	------	-----	----

- T30. Select personal protective equipment.
- T31. Determine amount of materials to be applied.
- T32. Determine equipment and tools to apply treatments.
- T33. Remove infested and infected wood-destroying pest infestations and infections.
- T34. Mask accessible evidence of wood-destroying pest infection.
- T35. Remove accessible evidence of wooddestroying pest and organism infestation.
- T36. Apply chemical treatments to control termite infestations.
- T37. Apply chemical treatments to control wooddestroying fungal infections.
- T38. Locate galleries in infested wood members.
- T39. Create chemical barrier in and around existing structures.

- Associated Knowledge Statements K30. Knowledge of methods to locate electrical power sources and breaker box.
- K31. Knowledge of first aid techniques to treat injuries resulting from pesticide exposure.
- K32. Knowledge of different types of emergencies resulting from the misapplication of pesticides.
- K33. Knowledge of the contents of pesticide labels and Safety Data Sheets.
- K34. Knowledge of California laws pertaining to the storage of pesticides during transport.
- K35. Knowledge of chemical control measures for termite infestations.
- K36. Knowledge of chemical control measures for non-termite wooddestroying pest infestations.
- K37. Knowledge of chemical control measures for wood-destroying fungal infestations.
- K38. Knowledge of California laws regarding the use of personal protective equipment.
- K39. Knowledge of techniques to prevent pesticide accidents during application.
- K40. Knowledge of techniques to mix pesticides according to the label.
- K41. Knowledge of methods for preventing pesticide spills.
- K42. Knowledge of procedures for cleaning and maintaining personal protective equipment.
- K43. Knowledge of California laws related to the storage of pesticides in a facility.
- K44 Knowledge of manufacturer's label restrictions on treatment application.
- K45. Knowledge of nonchemical control measures for termite infestations.
- K46. Knowledge of equipment for applying liquid pesticides.
- K47. Knowledge of methods to repair, maintain, and clean liquid application equipment.
- K48. Knowledge of methods to repair, maintain, and clean dry chemical application equipment.
- K49. Knowledge of alternative methods to treat wood-destroying pests and organisms.
- K50. Knowledge of different types of foundations associated with different types of structures.
- K51. Knowledge of techniques to confine pesticide applications to treatment areas.
- K52. Knowledge of methods to clean up and contain pesticide leaks and spills.
- K53. Knowledge of prescribed methods for safe disposal of used pesticides and pesticide containers.
- K54. Knowledge of California labor laws related to reporting work injuries.
- K55. Knowledge of California laws related to reporting pesticide leaks and spills.
- K56. Knowledge of factors that influence compatibility of pesticides combined at time of application.
- K57. Knowledge of label contents prescribed by state and federal agencies.
- K58. Knowledge of California laws pertaining to maintenance of records or pesticides.

4. Repairs and Corrective Measures (20%*): Perform work or subcontract the performance of work to repair, replace, or reinforce wood members damaged by wood destroying pest infestations and infections, and to correct conducive conditions

 T40. Develop a plan for repair, replacement, or reinforcement of damaged wood members. T41. Develop a plan to correct conducive conditions. T42. Determine the equipment and tools to repair, replace, or reinforce damaged wood members. T43. Determine the equipment to remedy or correct conducive conditions. T44. Repair portions of building structure damaged by wood-destroying pests and organisms. T45. Replace portions of building structure damaged by wood-destroying pests and organisms. T46. Remove collulose debris from subareas. T47. Remove or correct earth-to-wood contact. T48. Remove or correct earth-to-wood contact. T49. Identify wood damage that requires repair, replacement, or reinforcement. K68. Knowledge of methods to repair and patch concrete after treatment. K69. Knowledge of industry standards for repairing structures damaged by wood-destroying pests and organisms. K69. Knowledge of techniques to correct conducive conditions with ventilation. K70. Knowledge of techniques to correct conducive conditions with ventilation. K71. Knowledge of techniques to correct conducive conditions with ventilation. K72. 5 Regulations and Reporting (20%*): Describe evidence of wood destroying pest infestations and infections, make treatment and repair recommendations, evaluate wood destroying pest treatments, determine completion of construction work performed, and comply with report and recordkeeping regulation requirements.

	Task Statement		Associated Knowledge Statements
T50.	Describe evidence of wood-destroying pest or organism infestation or infection.	K77.	Knowledge of content requirements for different types of wood- destroying pest or organism inspection reports.
T51.	Describe extent of wood damage due to wood-	K78.	Knowledge of California requirements for reporting pesticide use.
	destroying pest and organism infestation or infection.	K79.	Knowledge of common terms to describe wood-destroying pest or organism infestations and infections.
T52.	Describe conditions conducive to wood- destroying pest or organism infestation or	K80.	Knowledge of common terms to describe wood-destroying pest or organism treatments.
	infection.	K81.	Knowledge of recordkeeping requirements for pest control facilities.
Т53.	Describe wood-destroying pest or organism treatments to be applied.	K82.	Knowledge of techniques for determining effectiveness of wood- destroying pest or organism treatments.
T54.	Describe repairs to be performed on damaged wood members.	K83.	Knowledge of procedures for determining completion of construction work performed.
T55.	Evaluate effectiveness of wood-destroying pest or organism treatments.	K84.	Knowledge of the effect of plumbing leakage on wood-destroying infestations or infections.
T56.	Evaluate completeness of repairs and corrective measures performed.	K85.	Knowledge of methods to minimize pesticide exposure to nontarget areas.
T57.	Describe inaccessible areas or portions of structure.	K86.	Knowledge of potential liabilities that could result when correcting conducive conditions.
T58.	Apply chemical treatments to control non-termite infestations.	K87.	Knowledge of potential liabilities that could result when repairing, replacing, or reinforcing damaged wood members.
Т59.	File necessary reports (e.g., WDO, chemical use).	K88.	Knowledge of Structural Pest Control Act rules and regulations that apply to licensed Branch 3 Operators.
Т60.	Describe Structural Pest Control Act rules and regulations that apply to licensed Branch 3	K89.	Knowledge of report writing as it pertains to findings and recommendations.
	Operators.	K90.	Knowledge of report writing as it pertains to Section I and II.

SAMPLE QUESTIONS

- 1. Which of the following methods should be used to treat an earth-filled porch?
 - A. Borate
 - B. Foam
 - C. Spray
 - D. Perimeter treatment
- 2. What is the first step in correcting a fungus infection?
 - A. Replace the wood
 - B. Scrape off fungus infection
 - C. Treat infected areas with a wood preservative
 - D. Determine the source of moisture and eliminate it
- 3. What is the approximate percentage of soil that should be covered by a vapor barrier?
 - A. 85%
 - B. 90%
 - C. 80%
 - D. 100%
- 4. Which of the following type of termites typically begin infesting exposed wood such as window/door frames?
 - A. Western drywood
 - B. Subterranean
 - C. Formosan
 - D. Dampwood
- 5. Staining was noted to several areas of finished ceiling in an upstairs bedroom. No damage is visible. A new roof covering had been recently installed by a licensed roofer with proper building permit. What recommendation, if any, should be made for this situation?
 - A. Remove sheetrock in area where staining is most severe and perform further inspection.
 - B. No recommendation is necessary because new roof covering was installed.
 - C. Perform further inspection of wood members located in attic for structural damage.
 - D. Remove sheetrock in all areas where staining has occurred and perform further inspection.
- 6. What should an applicator do if the sprayer has little or no liquid discharging when valve is opened?
 - A. Remove/clean nozzle, orifice or strainer
 - B. Replace broken siphon tube
 - C. Replace tank or cylinder gasket
 - D. Replace cylinder seating
- 7. How often must personal protective equipment including body wear be cleaned?
 - A. At least once a week if the equipment is used more than twice
 - B. At the end of each treatment before using the equipment again
 - C. At least once a week if the equipment shows visible residues
 - D. At least once a month when damaged

Structural Pest Control Board 2005 Evergreen Street, Suite 1500 Sacramento, California 95815

STATE OF CALIFORNIA NOTICE OF ELIGIBILITY

You are eligible to participate in the written examination for licensure. This is the ONLY notice of eligibility you will receive from the Board for this examination. Your address label contains important date information. In the upper left corner of the address label (above your name) is the date your application for examination was approved; following that is the date by which you must take your examination. You must take the written examination by the date specified on the label, or you will be required to re-apply.

This handbook provides important information regarding written examination procedures and content. To schedule your examination, please refer to the instructions in this handbook.
