SCHEDULING INFORMATION

Date Scheduled: _____

Name of Scheduler: _____

Date of Exam: _____

Time of Exam: _____

Test Site Location: _____

PURPOSE

To ensure entry-level competence, the Structural Pest Control Board requires an examination to assess the candidate's ability to apply knowledge of inspection, identification, pesticide equipment, pesticide mixing and formulation, and pesticide application procedures to the practice of pest control.

Candidates should also be familiar with the Department of Pesticide Regulations Safety Information Series that covers worker safety; storage, moving and disposal of pesticides; and safety rules for handling pesticides.

EXAMINATIONS BY PSI

The Board has contracted with PSI to conduct its examination program. PSI provides examinations through a network of computer examination centers in California and twenty-two additional nationwide sites.

All questions regarding the scheduling and administration of examinations should be directed to PSI.

EXAMINATION SCHEDULING PROCEDURES

Once you have been approved for examination by the Board, you are responsible for contacting PSI to schedule an appointment to take the examination. You may schedule the examination via the Internet at www.psiexams.com, or by telephone at (877) 392-6422.

- **FIRST TIME EXAMINEES:** Examination eligibility expires, and an application is deemed abandoned, if the applicant fails to sit for examination within six months.
- **RE-EXAMINATION APPLICANTS:** Examination eligibility expires and an applicant becomes ineligible to sit for examination when an applicant fails any written examination and does not retake the examination within six months from the date of that failure.

The PSI examination centers are open for testing during normal working hours of 8:00 AM to 5:00 PM Monday through Friday, and operating hours on Saturday, except for the following major holidays:

Independence Day	Closed July 4, 2018
Labor Day	Closed September 3, 2018
Thanksgiving	Closed November 22-23, 2018
Christmas	Closed December 24-25, 2018
New Years Day	Closed January 1, 2019
Martin Luther King Jr.	Closed January 21, 2019
Memorial Day	Closed May 27, 2019
Independence Day	Closed July 4, 2019

INTERNET SCHEDULING

You may schedule your examination by completing the online Test Registration Form. The Test Registration Form is available at PSI's website, www.psiexams.com. You may schedule for an examination via the Internet 24 hours a day.

1. Complete the registration form online and submit your information to PSI via the Internet.
2. Upon completion of the online registration form, you will be given the available dates for scheduling your examination.
3. Select a date for examination to complete your registration.
4. Upon successful registration, you will receive a traceable confirmation number.

TELEPHONE SCHEDULING

Call PSI at (877) 392-6422, Monday through Friday between 4:30 am and 7:00 pm, or Saturday-Sunday, between 8:00 am and 2:00 pm, Pacific Time, to schedule your appointment for the examination. Scheduling services are also available via our Telecommunications Device for the Deaf (TDD) by calling (800)735-2929.

CANCELING AN EXAMINATION APPOINTMENT

You may cancel and reschedule an examination appointment without forfeiting your fee *if your cancellation notice is received two (2) days prior to the scheduled examination date*. For example, for a 9:00 a.m. Monday appointment, the cancellation notice would need to be received before 9:00 a.m. on the previous Saturday. To cancel or reschedule, call PSI at (877) 392-6422.

Note: A voicemail or email message is not an acceptable form of cancellation. You must use the PSI Website or call PSI and speak to a Customer Service Representative to cancel or reschedule your examination and not forfeit the fee.

MISSED APPOINTMENT OR LATE CANCELLATION

If you miss your appointment, you will not be able to take the examination as scheduled. You will forfeit your examination fee if:

- You do not cancel your appointment 2 days before the scheduled examination date;
- You do not appear for your examination appointment;
- You arrive after examination start time;
- You do not present proper identification when you arrive for the examination.

RE-EXAMINATION

Candidates who fail are eligible to re-take the examination. A Request for Re-examination form will be provided with the score report at the test center, or may be obtained by contacting the Board.

To apply for re-examination, candidates must complete the form and submit it to the Board with the correct fee.

EXAMINATION SITE CLOSING FOR AN EMERGENCY

In the event that severe weather or another emergency forces the closure of an examination site on a scheduled examination date, your examination will be rescheduled. PSI personnel will attempt to contact you in this situation; however, you may check the status of your examination schedule by calling (877) 392-6422. Every effort will be made to reschedule your examination as soon as possible and you will not be penalized. You will be rescheduled at no additional charge.

SPECIAL ACCOMMODATIONS AVAILABLE

All examination sites are physically accessible to individuals with disabilities. Scheduling services are also available via Telecommunications Device for the Deaf (TDD) by calling (800)735-2929.

The Board and PSI recognize their responsibilities under the Federal Americans with Disabilities Act and the California Fair Employment and Housing Act by providing testing accommodations or auxiliary aids or services for candidates who substantiate the need due to a physical or mental disability or qualified medical condition.

Accommodations will not be provided at the examination site unless prior approval by the Board has been granted. Reasonable, appropriate, and effective accommodations may be requested by submitting a "Request for Accommodation" package to the Board. This package is available by contacting the Board at (916) 561-8704.

REPORTING TO THE EXAMINATION SITE

On the day of the examination, you must arrive at least 30 minutes prior to your scheduled appointment time. This allows time for check-in and identification verification and provides time to familiarize yourself with the examination process. If you arrive late, you may not be admitted to the examination site and you may forfeit your examination registration fee.

REQUIRED IDENTIFICATION AT EXAMINATION SITE

You must provide one of the following valid, non-expired, forms of government-issued identification before you may examine:

- A photographic Driver's License (any state)
- State identification card (any state)
- U.S. military identification
- Valid passport - any country (valid foreign passport with valid record of arrival/departure - Form I-94 or processed for I-551 stamped in a valid foreign passport)
- U.S. government-issued passport card.

All photographs must be recognizable as the person to whom the identification card was issued. The name on the application must match the photographic I.D. card. If you have recently changed your name with the Board, you may want to contact PSI to verify that they have the correct name on file.

If you cannot provide the required identification, you must call (877) 392-6422 at least 3 weeks prior to your scheduled appointment to arrange a way to meet this security requirement. *Failure to provide all of the required identification at the time of the examination without notifying PSI is considered a missed appointment, and you will not be able to take the examination.*

CALIFORNIA LAW SECURITY PROCEDURES

Section 123 of the California Business and Professions Code states: It is a misdemeanor for any person to engage in any conduct which subverts or attempts to subvert any licensing examination or the administration of an examination, including, but not limited to:

- Conduct which violates the security of the examination materials;
- Removing from the examination room any examination materials without authorization;
- The unauthorized reproduction by any means of any portion of the actual licensing examination;
- Aiding by any means the unauthorized reproduction of any portion of the licensing examination;
- Paying or using professional or paid examination-takers for the purpose of reconstructing any portion of the licensing examination;
- Obtaining examination questions or other examination material, except by specific authorization either before, during, or after an examination; or
- Selling, distributing, buying, receiving, or having unauthorized possession of any portion of a future, current, or previously administered licensing examination.
- Communicating with any other examinee during the administration of a licensing examination.
- Copying answers from another examinee or permitting one’s answers to be copied by another examinee.
- Having in one’s possession during the administration of the licensing examination any books, equipment, notes, written or printed materials, or data of any kind, other than the examination materials distributed, or otherwise authorized to be in one’s possession during the examination.
- Impersonating any examinee or having an impersonator take the licensing examination on one’s behalf.

Nothing in this section shall preclude prosecution under authority provided for in any other provision of law. In addition to any other penalties, a person found guilty of violating this section, shall be liable for the actual damages sustained by the agency administering the examination not to exceed ten thousand dollars (\$10,000) and the costs of litigation.

IMPORTANT INFORMATION ABOUT TAKING AN EXAMINATION

1. All candidates will have their thumbprint taken during examination check-in. The thumb print must be matched after candidates return from a restroom break and any time the candidate leaves and returns to the test site after check-in.
2. The temperature in the testing room is maintained at a moderate level. Candidates are advised to layer clothing. Acceptable layered clothing includes lightweight shirts, sweaters, and pullovers without pockets or hoods. These items must be worn upon check-in, while you wait to enter the testing room, and during your initial seating for the examination. If the layered item is removed during the examination, you will be required to store it in the lobby while time continues to count down on your examination. Outerwear (coats, heavy jackets, vests, shawls, scarves, etc.) is not allowed in the testing rooms.

3. There are timing mechanisms available in the testing room and on the computer console to help candidates keep track of time during the test administration. Candidates are not permitted to bring watches or other timekeeping devices into the testing rooms.
4. Only one candidate will be allowed to take a restroom break at a time. Candidates are required to sign out when leaving and returning to the testing room. If a candidate’s restroom break takes longer than 5 (five) minutes, a proctor will check on the candidate and will notify the applicable regulatory entity of the occurrence. The regulatory entity will investigate and take appropriate action.
5. The following is a non-exhaustive list of personal items that are not permitted in the testing rooms:

Purses	Briefcases/daypacks/luggage
Cellular phones	Pagers
Drinks (including water)	Food/candy/snacks/gum
Good luck items	Luggage
Calculators	Reading materials
Textbooks	Notes
Any recording device	Smart devices
Electronic devices	Headphones or earphones/earbuds
Personal pens or pencils	Therapeutic items
Cameras	Over-the-counter medication
Weapons	Fashion scarves
Hats/baseball caps/visors*	Sunglasses**
Bulky, large or noisy jewelry***	Prescription drugs****

**Headwear worn for religious purposes is subject to inspection.*

***Prescription and non-prescription eyeglasses may not be worn for the photo. Eyeglasses subject to inspection.*

****Jewelry that is allowed into the examination room is subject to inspection.*

*****Drugs that are medically necessary during the pendency of the examination may be brought into the examination site, in a container bearing a proper prescription label with the name of the candidate and of the drug; any such medication is subject to examination by a proctor upon check-in.*

Examination proctors will have considerable discretion to refuse permission of clothing and/or items that compromise the integrity or security of the examination.

During the check-in process, all candidates will be asked if they possess any of the prohibited items and all candidates will be asked to empty their pockets. If prohibited items are found during check-in, candidates must return these items to their vehicle or other place of safekeeping. Neither PSI nor the Department of Consumer Affairs will be responsible for the items. Any candidate possessing prohibited items in the testing room will have his or her examination results invalidated, and PSI will notify the appropriate regulatory entity of the occurrence.

6. Shoes must be worn at all times and feet are not permitted on the chairs. Feet must remain on the floor during examinations.
7. Copying any portion of the examination content by any means, or communicating examination content for the purpose of aiding its unauthorized reproduction, whether before, during, or after the examination, is a violation of PSI security policy and existing law. Either one may result in the disqualification or invalidation of examination results, the denial of your license, and may result in criminal prosecution.
8. If a candidate is asked by a proctor to step into the lobby during your examination, the proctor will suspend the candidate's examination, so all remaining test time will be retained.

Only candidates, and those individuals with prior regulatory entity approval, are allowed to be present in the testing sites.

If candidates require that an exception be made to ANY of the abovementioned security procedures, candidates must contact their regulatory entity PRIOR to the date of their examination. The regulatory entity must provide the exception to PSI. NO EXCEPTIONS WILL BE MADE ON THE DAY OF THE EXAMINATION.

TAKING THE EXAMINATION BY COMPUTER

The examination will be administered via computer. You will be using a mouse and computer keyboard.

IDENTIFICATION SCREEN

You will be directed to a semiprivate testing station to take the examination. When you are seated at the testing station, you will be prompted to confirm your name, identification number, and the examination for which you are registered.

TUTORIAL

Before you start your examination, an introductory tutorial is provided on the computer screen. The time you spend on this tutorial, up to 15 minutes, DOES NOT count as part of your examination time. Sample questions are included following the tutorial so that you may practice answering questions, and reviewing your answers.

TEST QUESTION SCREEN

The "function bar" at the top of the test question screen provides mouse-click access to the features available while taking the examination.

One question appears on the screen at a time. During the examination, minutes remaining will be displayed at the top of the screen and updated as you record your answers.

EXAMINATION RESULTS

At the end of your examination, you will return to the check-in location and be given a printed report of your score. Business and Professions Code §8560 states that the passing score for the examination is 70 percent. Your examination results are confidential and are released only to you and the Board. To protect your privacy and to maintain the confidentiality of examination results, score information is not given over the telephone.

FAILING SCORE REPORTS

The score report will indicate the candidate's overall score. Along with the score report, you will be given a Re-Examination form to complete and return to the Board if you wish to retake the examination.

PASSING SCORE REPORTS

Along with the score report, you will be given a Licensing Application package to complete and return to the Board. The score report is NOT a license.

ABANDONMENT OF APPLICATION/INELIGIBILITY

The Board considers an application abandoned if a candidate fails to participate in the examination process. According to California Code of Regulations §1941, an applicant who fails to appear for the examination after proper notification forfeits the examination fee unless the applicant requests and is granted a postponement not less than 5 days prior to the examination or is excused by the Board for good cause from complying with this requirement.

An applicant who receives a postponement of not more than 6 months will not be required to file a new application.

THE EXAMINATION

Structural pest control involves the control of household pests and wood-destroying pests and organisms or such other pests which may invade households or structures, including railroad cars, ships, docks, trucks, airplanes, or the contents thereof. The practice of structural pest control includes the engaging in, offering to engage in, soliciting, or the performance of the following:

- Identification of infestations or infections; the making of an inspection for the purpose of identifying or attempting to identify infestations or infections of household or other structures by such pests or organisms; and,
- Making of inspection reports; recommendations with respect to such infestation or infections, or the

performance of any work including the making of structural repairs or replacements, or the use of pesticides or allied chemicals or substances, or mechanical devices for the purpose of eliminating, exterminating, controlling or preventing infestations or infections of such pests, or organisms.

Branch 1 is classified as fumigation which is the practice relating to the control of household and wood-destroying pests or organisms by fumigation with poisonous or lethal gases. This examination will include the scope of work for Branch 1.

# of Items	Time Allowed
200	3 Hours

Examination Plan (Outline)

I. Planning and Documentation (13%*): Assess the candidate's ability to employ the use of fumigation logs and field notes, estimate equipment and material needs, comply with local regulatory agencies, and notify owner/tenants of neighboring structures of planned fumigation.
II. Prefumigation (25%*): Assess the candidate's ability to examine interior and exterior of structures, post fumigation warning signs and notices, and verify that safety precautions have been carried out prior to fumigation.
III. Fumigation (32%*): Assess the candidate's ability to secure points of entry prior to fumigation, measure and release fumigants into structure, and monitor and evaluate fumigation procedures taken to ensure success of fumigation.
IV. Aeration and Certification (30%*): Assess candidate's ability to initiate aeration by installing exhaust fans, aerating structure by running fans to remove fumigant, and preparing for owner/tenant reentry into structure by testing fumigant concentration levels.

*Percentages are approximate

CONTENT SPECIFICATIONS

The content specifications for the examination are based upon an occupational analysis of Branch 1 Field Representative practices conducted by the Department of Consumer Affairs. The occupational analysis involved interviews with practitioners, focus groups to validate the tasks and knowledge identified, a survey questionnaire, which asked licensed practitioners to rate the importance of tasks and knowledge identified in the interviews, an analysis of the ratings, and development of content specifications based on the ratings.

I. PLANNING AND DOCUMENTATION (13%*)

Job Tasks

- T1. Enter items into fumigation log considered as safety hazards during fumigation planning using inspection report and field notes.
- T2. Estimate equipment and material needs for fumigation by referring to fumigation log and field notes.
- T3. Check fumigation log entries to confirm that local regulatory agencies have been notified about a planned fumigation.
- T4. Give owner or tenant of structure fact sheets with recommended safety precautions to take before fumigation to avoid injury or death.
- T6. Give owner or tenant of a structure a written copy of signed and dated fumigation notice for legal compliance prior to fumigation.
- T7. Seek permission from neighbor(s) to allow fumigation preparation steps to occur, such as detaching common fences.

Associated Knowledge

- K1. Knowledge of regulations for storing, transporting, and carrying fumigants and warning agents.
- K2. Knowledge of laws and regulations for giving fumigation notices to owners or tenants.
- K3. Knowledge of fumigant label prefumigation safety precautions for a structure.
- K4. Knowledge of various types and uses of fumigants and warning agents.
- K5. Knowledge of principles and practices for minimizing consumer's exposure to fumigants.
- K6. Knowledge of laws and regulations for the provision of a self-contained breathing apparatus (SCBA) to each fumigation crew member at work sites.
- K8. Knowledge of regulations for possession of fumigation safety kits and testing equipment.
- K9. Knowledge of effects of environmental conditions on fumigations, such as temperature.
- K10. Knowledge of types of property liability releases for fumigations (e.g., roof, plants, neighbor access).
- K11. Knowledge of obstacles that impair or prevent fumigation of a structure.
- K12. Knowledge of regulations for content requirements of fumigation logs for each fumigation job.
- K13. Knowledge of regulations for accident response plans.
- K14. Knowledge of techniques for maintaining fumigation tools, equipment, and materials.

II. PREFUMIGATION (25%*)

Job Tasks

- T8. Verify that owner or tenant of property has carried out prefumigation safety precautions such as bagging food.
- T9. Post signed fumigation notice at fumigation site for legal compliance before beginning fumigation work.
- T10. Set up equipment, tools, and materials at property using a work plan to prepare for fumigation.
- T11. Examine interior of structure to plan placement of fans, hoses, and other items for introduction of fumigant.
- T12. Examine exterior of structure and surrounding area using planning checklists to identify fumigation obstacles.
- T13. Verify that work crew removed hazards according to safety regulations before beginning fumigation.
- T14. Post fumigation warning signs on structure and tarps by complying with regulations for public safety before fumigation.
- T15. Examine condition of the tarps wrapped around structure for tears and gaps to ensure they are sealed.

Associated Knowledge

- K15. Knowledge of techniques for sealing structures for fumigation.
- K16. Knowledge of regulations for the safety of persons, animals, and property during fumigations.
- K17. Knowledge of types of roofs and other characteristics of structures that could affect fumigation work crew safety.
- K18. Knowledge of use of information contained in fumigant labels for fumigation.
- K19. Knowledge of fumigation site pesticide container labeling regulations.
- K20. Knowledge of laws and regulations requiring that a structure be vacated, locked, or barricaded before fumigation.
- K21. Knowledge of laws and regulations for posting of warning signs and fumigation notices before beginning fumigation.
- K22. Knowledge of regulations for possession, content, and record keeping of fumigation notices for occupant(s).
- K23. Knowledge of regulations about need to vacate connecting structures before their fumigation.
- K24. Knowledge of various methods to fumigate a structure (e.g., tape and seal, tarping, chamber).

III. FUMIGATION (32%*)

Job Tasks

- T16. Secure doors before beginning fumigation using locks and secondary locks to prevent the public from entering structure.
- T17. Enter steps taken in performing fumigation into fumigation log for legal compliance.
- T18. Measure out the amount of Chloropicrin needed according to the label before beginning fumigation to ensure that correct dosage is used.
- T19. Release Chloropicrin into structure as a warning agent for odorless fumigants, such as Vikane, to alert the public to stay away from fumigation site.
- T20. Measure out amount of fumigant needed to fumigate a structure using dosage instructions on label.
- T21. Release fumigant into structure through a plastic hose attached to its storage cylinder to fumigate target pest.
- T22. Check structure for leaks during fumigation by using visual methods and instruments such as a TIF detector.
- T23. Correct fumigation problems by using fumigation tools, equipment, and materials to ensure success of fumigation.
- T24. Monitor concentration of fumigant in structure using a fumiscope during exposure period to ensure that an adequate dosage is used.
- T25. Stop leaks around fumigated structure by refastening tarps to retain fumigant.
- T26. Evaluate fumigation steps performed by work crew using work manual for legal compliance.

Associated Knowledge

- K 25. Knowledge of laws and regulations for posting of signs documenting performance of fumigations.
- K26. Knowledge of regulations about handling, use, and disposal of fumigants and warning agents.
- K27. Knowledge of regulations for use of fans to disperse fumigants into structures.
- K28. Knowledge of fumigant circulation principles for obtaining equilibrium.
- K29. Knowledge of commodity fumigation techniques.
- K30. Knowledge of physical properties of fumigants.
- K31. Knowledge of laws and regulations requiring direct supervision of fumigations.
- K32. Knowledge of procedure for calculating Vikane dosage for use in a fumigation.
- K35. Knowledge of procedures for introduction of Vikane into a structure to be fumigated.
- K36. Knowledge of regulations for weighing or measuring out fumigants and warning agents.
- K37. Knowledge of regulations for release of fumigants into enclosed spaces from outside of them.
- K38. Knowledge of various factors that affect the half-loss time of a fumigant.
- K39. Knowledge of use of personal protection equipment to prevent exposure to fumigants.
- K40. Knowledge of law that requires use of fumigants according to label specifications.
- K41. Knowledge of principles related to ounce hours accumulated that result in a lethal fumigant dose.
- K43. Knowledge of regulations for using gloves and eye protection by licensees using Vikane and Chloropicrin.
- K44. Knowledge of techniques for using fumigation instruments, tools, and equipment.

IV. AERATION AND CERTIFICATION (30%*)

Job Tasks

- T27. Install exhaust fans with vent tubing in the opening between the tarp and structure to prepare site for aeration.
- T28. Remove fumigant from inner space between tarp and structure using fans and opening a seam for aeration.
- T29. Remove fumigant from inside structure by running fans and opening doors and windows for aeration.
- T30. Relock operable doors and windows to secure structure from reentry by the public while aeration occurs.
- T31. Test fumigant's concentration level in a structure after aeration using an interscan instrument to clear for reentry.
- T32. Evaluate aeration work performed by work crew to ensure that correct sequence of work steps was followed.
- T33. Enter date and time into fumigation log that structure is safe for reentry and has been released for occupancy.
- T34. Post signed reentry notice on doors of each living space to notify owner or tenant that it is safe to re-enter structure.
- T35. Remove warning signs and secondary locks from structure to prepare it for reentry by the owner or tenant.

Associated Knowledge

- K45. Knowledge of regulations requiring fumigators to wear a self-contained breathing apparatus (SCBA) during aeration process.
- K46. Knowledge of measurement techniques using an Interscan device to insure safe reentry into structure.
- K47. Knowledge of acceptable fumigant concentration levels for safe reentry into a structure following aeration.
- K48. Knowledge of procedures for the aeration of a fumigant from a structure (e.g., TRAP).
- K49. Knowledge of regulations for tarp removal and aeration.
- K50. Knowledge of laws and regulations for removal of posted fumigation warning signs.
- K51. Knowledge of regulations for reentry into a structure after its aeration.
- K52. Knowledge of regulations requiring presence of a branch 1 licensee at a structure during its aeration.

SAMPLE QUESTIONS

1. For the purpose of safety to neighbors' pets, who is responsible for notifying neighbors prior to fumigation?
 - A. Fumigator at job site
 - B. Termite inspector
 - C. Owner of property
 - D. Operator of fumigation company
2. Which of the following items must be included in a fumigation safety kit?
 - A. A chart of instructions for artificial respiration
 - B. The MSDS for the fumigant being used
 - C. A UL certified fire extinguisher
 - D. Address and phone number for local hospital

3. What is the minimum aeration time required after shooting over 16 oz/MCF of sulfuryl fluoride?

- A. 24 hours
- B. 10 hours
- C. 6 hours
- D. 8 hours

4. What sulfuryl fluoride fumigant is labeled for commodity fumigation?

- A. Magtoxin
- B. ECO2FUME
- C. ProFume
- D. Fumi-cel

5. After a fumigation has been performed, who gets a copy of the fumigation log?

- A. The Structural Pest Control Board
- B. Department of Pesticide Regulation
- C. The homeowner
- D. Prime contractor

6. How many years must a registered company preserve a copy of the fumigation log?

- A. 3
- B. 4
- C. 2
- D. 1

Answers: CADCDA

**Structural Pest Control Board
2005 Evergreen Street, Suite 1500
Sacramento, California 95815**

**STATE OF CALIFORNIA
NOTICE OF ELIGIBILITY**

You are eligible to participate in the written examination for licensure. This is the **ONLY** notice of eligibility you will receive from the Board for this examination. Your address label contains important date information. In the upper left corner of the address label (above your name) is the date your application for examination was approved; following that is the date by which you must take your examination. You must take the written examination by the date specified on the label, or you will be required to re-apply.

This handbook provides important information regarding written examination procedures and content. To schedule your examination, please refer to the instructions in this handbook.
