WWW.PSIEXAMS.COM
To ensure entry-level competence, the Structural Pest Control Board requires an examination to assess the candidate's ability to apply knowledge of inspection, identification, pesticide equipment, pesticide mixing and formulation, and pesticide application procedures to the practice of pest control.

Candidates should also be familiar with the Department of Pesticide Regulations Safety Information Series that covers worker safety; storage, moving and disposal of pesticides; and safety rules for handling pesticides.

### EXAMINATIONS BY PSI

The Board has contracted with PSI to conduct its examination program. PSI provides examinations through a network of computer examination centers in California and twenty-two additional nationwide sites.

All questions regarding the scheduling and administration of examinations should be directed to PSI.

### EXAMINATION SCHEDULING PROCEDURES

Once you have been approved for examination by the Board, you are responsible for contacting PSI to schedule an appointment to take the examination. You may schedule the examination via the Internet at www.psiexams.com, or by telephone at (877) 392-6422.

- **FIRST TIME EXAMINEES:** Examination eligibility expires, and an application is deemed abandoned, if the applicant fails to sit for examination within six months.
- **RE-EXAMINATION APPLICANTS:** Examination eligibility expires and an applicant becomes ineligible to sit for examination when an applicant fails any written examination and does not retake the examination within six months from the date of that failure.

The PSI examination centers are open for testing during normal working hours of 8:00 AM to 5:00 PM Monday through Friday, and operating hours on Saturday, except for the following major holidays:

### INTERNET SCHEDULING

You may schedule your examination by completing the online Test Registration Form. The Test Registration Form is available at PSI’s website, www.psiexams.com. You may schedule for an examination via the Internet 24 hours a day.

1. Complete the registration form online and submit your information to PSI via the Internet.
2. Upon completion of the online registration form, you will be given the available dates for scheduling your examination.
3. Select a date for examination to complete your registration.
4. Upon successful registration, you will receive a traceable confirmation number.

### TELEPHONE SCHEDULING

Call PSI at (877) 392-6422, Monday through Friday between 4:30 am and 7:00 pm, and Saturday-Sunday, between 8:00 am and 2:00 pm, Pacific Time, to schedule your appointment for the examination. Scheduling services are also available via our Telecommunications Device for the Deaf (TDD) by calling (800) 735-2929.

### CANCELING AN EXAMINATION APPOINTMENT

You may cancel and reschedule an examination appointment without forfeiting your fee if **your cancellation notice is received two (2) days prior to the scheduled examination date.** For example, for a 9:00 a.m. Monday appointment, the cancellation notice would need to be received before 9:00 a.m. on the previous Saturday. To cancel or reschedule, call PSI at (877) 392-6422.

**Note:** A voice mail message is not an acceptable form of cancellation. You must use the PSI Website or call PSI and speak directly to a Customer Service Representative to cancel or reschedule your examination and not forfeit the fee.

### MISSED APPOINTMENT OR LATE CANCELLATION

If you miss your appointment, you will not be able to take the examination as scheduled. You will forfeit your examination fee if:

- You do not cancel your appointment 2 days before the scheduled examination date;
- You do not appear for your examination appointment;
- You arrive after examination start time;
- You do not present proper identification when you arrive for the examination.

**RE-EXAMINATION**

Candidates who fail are eligible to re-take the examination. A Request for Re-examination form will be provided with the score report at the test center or may be obtained by contacting the Board.

To apply for re-examination, candidates must complete the form and submit it to the Board with the correct fee.

**EXAMINATION SITE CLOSING FOR AN EMERGENCY**

In the event that severe weather or another emergency forces the closure of an examination site on a scheduled examination date, your examination will be rescheduled. PSI personnel will attempt to contact you in this situation; however, you may check the status of your examination schedule by calling (877) 392-6422. Every effort will be made to reschedule your examination as soon as possible and you will not be penalized. You will be rescheduled at no additional charge.

SPECIAL ACCOMMODATIONS
AVAILABLE

All examination sites are physically accessible to individuals with disabilities. Scheduling services are also available via Telecommunications Device for the Deaf (TDD) by calling (800)735-2929.

The Board and PSI recognize their responsibilities under the Federal Americans with Disabilities Act and the California Fair Employment and Housing Act by providing testing accommodations or auxiliary aids or services for candidates who substantiate the need due to a physical or mental disability or qualified medical condition.

Accommodations will not be provided at the examination site unless prior approval by the Board has been granted. Reasonable, appropriate, and effective accommodations may be requested by submitting a “Request for Accommodation” package to the Board. This package is available by contacting the Board at (916) 561-8704.

REPORTING TO THE EXAMINATION SITE

On the day of the examination, you must arrive at least 30 minutes prior to your scheduled appointment time. This allows time for check-in and identification verification and provides time to familiarize yourself with the examination process. If you arrive late, you may not be admitted to the examination site and you may forfeit your examination registration fee.

REQUIRED IDENTIFICATION AT EXAMINATION SITE

You must provide one of the following valid, non-expired, forms of government-issued identification before you may examine:

- A photographic Driver’s License (any state)
- State identification card (any state)
- U.S. military identification
- Valid passport - any country (valid foreign passport with valid record of arrival/departure - Form I-94 or processed for I-551 stamped in a valid foreign passport)
- U.S. government-issued passport card.

All photographs must be recognizable as the person to whom the identification card was issued. The name on the application must match the photographic I.D. card. If you have recently changed your name with the Board, you may want to contact PSI to verify that they have the correct name on file.
If you cannot provide the required identification, you must call (877) 392-6422 at least 3 weeks prior to your scheduled appointment to arrange a way to meet this security requirement. Failure to provide all of the required identification at the time of the examination without notifying PSI is considered a missed appointment, and you will not be able to take the examination.

CALIFORNIA LAW SECURITY PROCEDURES

Section 123 of the California Business and Professions Code states: It is a misdemeanor for any person to engage in any conduct which subverts or attempts to subvert any licensing examination or the administration of an examination, including, but not limited to:

- Conduct which violates the security of the examination materials;
- Removing from the examination room any examination materials without authorization;
- The unauthorized reproduction by any means of any portion of the actual licensing examination;
- Aiding by any means the unauthorized reproduction of any portion of the licensing examination;
- Paying or using professional or paid examination-takers for the purpose of reconstructing any portion of the licensing examination;
- Obtaining examination questions or other examination material, except by specific authorization either before, during, or after an examination; or
- Selling, distributing, buying, receiving, or having unauthorized possession of any portion of a future, current, or previously administered licensing examination.
- Communicating with any other examinee during the administration of a licensing examination.
- Copying answers from another examinee or permitting one’s answers to be copied by another examinee.
- Having in one’s possession during the administration of the licensing examination any books, equipment, notes, written or printed materials, or data of any kind, other than the examination materials distributed, or otherwise authorized to be in one’s possession during the examination.
- Impersonating any examinee or having an impersonator take the licensing examination on one’s behalf.

Nothing in this section shall preclude prosecution under authority provided for in any other provision of law. In addition to any other penalties, a person found guilty of violating this section, shall be liable for the actual damages sustained by the agency administering the examination not to exceed ten thousand dollars ($10,000) and the costs of litigation.

IMPORTANT INFORMATION ABOUT TAKING AN EXAMINATION

1. All candidates will have their thumbprint taken during examination check-in. The thumb print must be matched after candidates return from a restroom break and any time the candidate leaves and returns to the test site after check-in.

2. The temperature in the testing room is maintained at a moderate level. Candidates are advised to layer clothing. Acceptable layered clothing includes lightweight shirts, sweaters, and pullovers without pockets or hoods. These items must be worn upon check-in, while you wait to enter the testing room, and during your initial seating for the examination. If the layered item is removed during the examination, you will be required to store it in the lobby while time continues to count down on your examination. Outerwear (coats, heavy jackets, vests, shawls, scarves, etc.) is not allowed in the testing rooms.

3. There are timing mechanisms available in the testing room and on the computer console to help candidates keep track of time during the test administration. Candidates are not permitted to bring watches or other timekeeping devices into the testing rooms.

4. Only one candidate will be allowed to take a restroom break at a time. Candidates are required to sign out when leaving and returning to the testing room. If a candidate’s restroom break takes longer than 5 (five) minutes, a proctor will check on the candidate and will notify the applicable regulatory entity of the occurrence. The regulatory entity will investigate and take appropriate action.

5. The following is a non-exhaustive list of personal items that are not permitted in the testing rooms:

<table>
<thead>
<tr>
<th>Item</th>
<th>Permitted Items</th>
</tr>
</thead>
<tbody>
<tr>
<td>Purses</td>
<td>Briefcases/daypacks/luggage</td>
</tr>
<tr>
<td>Cellular phones</td>
<td>Pagers</td>
</tr>
<tr>
<td>Drinks (including water)</td>
<td>Food/candy/snacks/gum</td>
</tr>
<tr>
<td>Good luck items</td>
<td>Luggage</td>
</tr>
<tr>
<td>Calculators</td>
<td>Reading materials</td>
</tr>
<tr>
<td>Textbooks</td>
<td>Notes</td>
</tr>
<tr>
<td>Any recording device</td>
<td>Smart devices</td>
</tr>
<tr>

<td>Fashion scarves</td>
</tr>
<tr>
<td>Hats/baseball caps/visors*</td>
<td>Sunglasses**</td>
</tr>
<tr>
<td>Bulky, large or noisy jewelry*</td>
<td>Prescription drugs****</td>
</tr>
</tbody>
</table>

*Headwear worn for religious purposes is subject to inspection.
**Prescription and non-prescription eyeglasses may not be worn for the photo. Eyeglasses subject to inspection.
***Jewelry that is allowed into the examination room is subject to inspection.
****Drugs that are medically necessary during the pendency of the examination may be brought into the examination site, in a container bearing a proper prescription label with the name of the candidate and of the drug; any such medication is subject to examination by a proctor upon check-in.

Examination proctors will have considerable discretion to refuse permission of clothing and/or items that compromise the integrity or security of the examination.

During the check-in process, all candidates will be asked if they possess any of the prohibited items and all candidates will be asked to empty their pockets. If prohibited items are found during check-in, candidates must return these items to their vehicle or other place of safekeeping.
Neither PSI nor the Department of Consumer Affairs will be responsible for the items. Any candidate possessing prohibited items in the testing room will have his or her examination results invalidated, and PSI will notify the appropriate regulatory entity of the occurrence.

6. Shoes must be worn at all times and feet are not permitted on the chairs. Feet must remain on the floor during examinations.

7. Copying any portion of the examination content by any means or communicating examination content for the purpose of aiding its unauthorized reproduction, whether before, during, or after the examination, is a violation of PSI security policy and existing law. Either one may result in the disqualification or invalidation of examination results, the denial of your license, and may result in criminal prosecution.

8. If a candidate is asked by a proctor to step into the lobby during your examination, the proctor will suspend the candidate’s examination, so all remaining test time will be retained.

Only candidates, and those individuals with prior regulatory entity approval, are allowed to be present in the testing sites.

If candidates require that an exception be made to ANY of the abovementioned security procedures, candidates must contact their regulatory entity PRIOR to the date of their examination. The regulatory entity must provide the exception to PSI. NO EXCEPTIONS WILL BE MADE ON THE DAY OF THE EXAMINATION.

**TAKING THE EXAMINATION BY COMPUTER**

The examination will be administered via computer. You will be using a mouse and computer keyboard.

**IDENTIFICATION SCREEN**

You will be directed to a semiprivate testing station to take the examination. When you are seated at the testing station, you will be prompted to confirm your name, identification number, and the examination for which you are registered.

**TUTORIAL**

Before you start your examination, an introductory tutorial is provided on the computer screen. The time you spend on this tutorial, up to 15 minutes, DOES NOT count as part of your examination time. Sample questions are included following the tutorial so that you may practice answering questions and reviewing your answers.

**TEST QUESTION SCREEN**

The “function bar” at the top of the sample question provides mouse-click access to the features available while taking the examination.

One question appears on the screen at a time. During the examination, minutes remaining will be displayed at the top of the screen and updated as you record your answers.

**EXAMINATION RESULTS**

At the end of your examination, you will return to the check-in location and be given a printed report of your score. Business and Professions Code §8560 states that the passing score for the examination is 70 percent. Your examination results are confidential and are released only to you and the Board. To protect your privacy and to maintain the confidentiality of examination results, score information is not given over the telephone.

**FAILING SCORE REPORTS**

The score report will indicate the candidate’s overall score. Along with the score report, you will be given a Re-Examination form to complete and return to the Board if you wish to retake the examination.

**PASSING SCORE REPORTS**

Along with the score report, you will be given a Licensing Application package to complete and return to the Board. The score report is NOT a license.

**ABANDONMENT OF APPLICATION/INELIGIBILITY**

The Board considers an application abandoned if a candidate fails to participate in the examination process. According to California Code of Regulations §1941, an applicant who fails to appear for the examination after proper notification forfeits the examination fee unless the applicant requests and is granted a postponement not less than 5 days prior to the examination or is excused by the Board for good cause from complying with this requirement.

An applicant who receives a postponement of not more than 6 months will not be required to file a new application.

**THE EXAMINATION**

Structural pest control involves the control of household pests and wood-destroying pests and organisms or such other pests which may invade households or structures, including railroad cars, ships, docks, trucks, airplanes, or the contents thereof. The practice of structural pest control includes the engaging in, offering to engage in, soliciting, or the performance of the following:
- Identification of infestations or infections; the making of an inspection for the purpose of identifying or attempting to identify infestations or infections of household or other structures by such pests or organisms; and,

- Making of inspection reports; recommendations with respect to such infestation or infections, or the performance of any work including the making of structural repairs or replacements, or the use of pesticides or allied chemicals or substances, or mechanical devices for the purpose of eliminating, exterminating, controlling or preventing infestations or infections of such pests, or organisms.

Branch 2 is classified as general pest which is the practice relating to the control of household pests, excluding fumigation with poisonous or lethal gases. For Branch 2 purposes, household pets are defined as those pests, other than wood destroying pests or organisms, which invade households and other structures, including, but not limited to, rodents, vermin and insects. This examination will include the scope of work for Branch 2.

<table>

</table>

**Examination Plan (Outline)**

I. **Identification of Pest and Problem (25%)** - This area assesses the candidate's knowledge of various species of structural pests in terms of anatomical features, signs, habits, and activity patterns that serve to identify them.

II. **Treatment Method Determination (17%)** - This area assesses the candidate’s knowledge of treatment methods and application of pesticides.

III. **Application (12%)** - This area assesses the candidate’s knowledge of treatment procedures for pest control.

IV. **Maintenance of Treatment Effectiveness (13%)** - This area assesses the candidate’s knowledge of methods to maintain effectiveness of pesticide treatments and integrated pest management.

V. **Safety Procedures (33%)** - This area assesses the candidate’s knowledge of procedures that ensure safe storage, disposal, and transport of pesticides and pesticide equipment

*Percentages are approximate*
**CONTENT SPECIFICATIONS**

The content specifications for the examination are based upon an occupational analysis of Branch 2 Field Representative practice conducted by the Department of Consumer Affairs. The occupational analysis involved interviews with practitioners, focus groups to validate the tasks and knowledge identified, a survey questionnaire, which asked licensed practitioners to rate the importance of tasks and knowledge identified in the interviews, an analysis of the ratings, and development of content specifications based on the ratings.

### I. Identification of Pest and Problem (25%)

This area assesses the candidate's knowledge of various species of structural pests in terms of anatomical features, signs, habits, and activity patterns that serve to identify them.

</thead>
</table>
| **T1.** Perform visual inspection of structure to identify pests and/or signs of pest activity. | K3. Knowledge of typical harborage areas for pests in different life cycle stages.  
K11. Knowledge of distinguishing evidence of pest infestation.  
K12. Knowledge of identification of pest and/or rodent activity and droppings.  
K15. Knowledge of pest and/or rodent habits and behavior patterns. |
| **T3.** Determine pest source of entry and/or harborage sites by inspecting locations typically associated with target pests. | K2. Knowledge of interior and exterior storage practices that invite pest harborage and/or entry.  
K3. Knowledge of typical harborage areas for pests in different life cycle stages.  
K4. Knowledge of vegetation and associated moisture conditions that invite pest harborage.  
K6. Knowledge of structural deficiencies and construction practices that invite pest entry and harborage.  
K15. Knowledge of pest and/or rodent habits and behavior patterns. |
| **T4.** Perform visual inspection of structure interior and exterior to identify conditions that are conducive to pest harborage and/or entry. | K1. Knowledge of sanitation practices that invite pest entry and infestation.  
K2. Knowledge of interior and exterior storage practices that invite pest harborage and/or entry.  
K4. Knowledge of vegetation and associated moisture conditions that invite pest harborage.  
K5. Knowledge of exterior objects located near structures that invite pest harborage.  
K6. Knowledge of structural deficiencies and construction practices that invite pest entry and harborage.  
K8. Knowledge of structural conditions consistent with pest infestation. |
| **T2.** Perform visual inspection of structure interior and exterior to identify pest food sources. | K1. Knowledge of sanitation practices that invite pest entry and infestation.  
K2. Knowledge of interior and exterior storage practices that invite pest harborage and/or entry.  
K7. Knowledge of pest dietary habits and preferences.  
K15. Knowledge of pest and/or rodent habits and behavior patterns. |
| **T6.** Perform visual inspection of interior and exterior of structure to identify structural deficiencies and/or construction practices that are conducive to pest entry and/or harborage. | K3. Knowledge of typical harborage areas for pests in different life cycle stages.

| **T17.** Determine type of pesticide to be used by evaluating label information, target pest and surface to be treated (i.e., texture and type), ventilation, and/or weather conditions. | K16. Knowledge of pesticide label information (i.e., toxicity, target areas, target pests, active ingredients, dilution rate).  
K17. Knowledge of human, animal, and environmental conditions with potential for sensitivity to pesticide residues and odors.  
K19. Knowledge of pesticide residues that affect various surfaces.  
K20. Knowledge of how pesticides are affected by environmental conditions (i.e., temperature, ventilation).  
K24. Knowledge of requirements for target area preparation for various pesticide applications.  
K25. Knowledge of interior and exterior objects/areas subject to potential property damage, injury, health, and/or fire hazards from pesticide application. |
| **T18.** Determine rate of application and pesticide dilution ratio by evaluating label information and size of area to be treated. | K16. Knowledge of pesticide label information (i.e., toxicity, target areas, target pests, active ingredients, dilution rate).  
K17. Knowledge of human, animal, and environmental conditions with potential for sensitivity to pesticide residues and odors.  
K20. Knowledge of how pesticides are affected by environmental conditions (i.e., temperature, ventilation).  
K24. Knowledge of requirements for target area preparation for various pesticide applications.  
K26. Knowledge of pesticide application methods suitable for different treatment locations.  
K27. Knowledge of pesticide application methods suitable for different pest activity patterns and infestation. |
| **T13.** Determine treatment options compatible with specific occupant and environmental conditions or concerns (e.g., health, age, pets, wildlife, regulatory, etc.). | K16. Knowledge of pesticide label information (i.e., toxicity, target areas, target pests, active ingredients, dilution rate).  
K17. Knowledge of human, animal, and environmental conditions with potential for sensitivity to pesticide residues and odors.  
K20. Knowledge of how pesticides are affected by environmental conditions (i.e., temperature, ventilation).  
K25. Knowledge of interior and exterior objects/areas subject to potential property damage, injury, health, and/or fire hazards from pesticide application. |
| T22. Determine application method by evaluation of target pest location, activity patterns and level of infestation. | K16. Knowledge of pesticide label information (i.e., toxicity, target areas, target pests, active ingredients, dilution rate).  
K26. Knowledge of pesticide application methods suitable for different treatment locations.  
K27. Knowledge of pesticide application methods suitable for different pest activity patterns and infestation. |
|---|---|
| T21. Perform visual inspection of treatment area to identify objects/areas that could be damaged or become health or fire hazards if treated with pesticides. | K17. Knowledge of human, animal, and environmental conditions with potential for sensitivity to pesticide residues and odors.  
K19. Knowledge of pesticide residues that affect various surfaces.  
K24. Knowledge of requirements for target area preparation for various pesticide applications.  
K25. Knowledge of interior and exterior objects/areas subject to potential property damage, injury, health, and/or fire hazards from pesticide application. |
| T19. Determine frequency of treatment based on label information, level of infestation, and target pest. | K16. Knowledge of pesticide label information (i.e., toxicity, target areas, target pests, active ingredients, dilution rate).  
K20. Knowledge of how pesticides are affected by environmental conditions (i.e., temperature, ventilation).  
K26. Knowledge of pesticide application methods suitable for different treatment locations.  
K27. Knowledge of pesticide application methods suitable for different pest activity patterns and infestation. |
K18. Knowledge of standards for placement of bait stations and traps.  
K20. Knowledge of how pesticides are affected by environmental conditions (i.e., temperature, ventilation).  
K24. Knowledge of requirements for target area preparation for various pesticide applications.  
K27. Knowledge of pesticide application methods suitable for different pest activity patterns and infestation. |
| T15. Determine if mechanical methods (e.g., non-toxic baits, traps, glue boards) can be used evaluating target pest activity patterns, occupant activity patterns, and product label restrictions. | K18. Knowledge of standards for placement of bait stations and traps.  
|---|---|
| T14. Determine potential for noticeable residue and/or odor associated with application of pesticides. | K16. Knowledge of pesticide label information (i.e., toxicity, target areas, target pests, active ingredients, dilution rate).  
K17. Knowledge of human, animal, and environmental conditions with potential for sensitivity to pesticide residues and odors.  
K19. Knowledge of pesticide residues that affect various surfaces.  
K25. Knowledge of interior and exterior objects/areas subject to potential property damage, injury, health, and/or fire hazards from pesticide application. |

III. **Application (12%)** - This area assesses the candidate’s knowledge of treatment procedures for pest control.

SAMPLE QUESTIONS

1. What is the minimum amount of nymphal stages in a bed bug's life cycle prior to adulthood?
   A. 3
   B. 4
   C. 5
   D. 6

2. What is the typical length of time a bed bug needs to complete each blood meal?
   A. 20-50 seconds
   B. 3-10 minutes
   C. 1-2 minutes
   D. 5-10 seconds

3. Which of the following features characterize a brown recluse spider?
   A. Flattened body and triangular shaped abdomen
   B. Large leathery body with pale abdomen
   C. Long pair of posterior spinnerets
   D. Violin shaped markings on top of cephalothorax
4. Where does the larval stage of the Cluster fly develop?
   A. Garbage dumpsters
   B. Earthworms
   C. Sewer lines
   D. Animal feces

5. What is the maximum space between the placement of traps when dealing with a severe mouse infestation?
   A. 6 feet
   B. 10 feet
   C. 12 feet
   D. 3 feet

6. Which of the following pesticide formulations should be used to avoid visible residues?
   A. Emulsifiable concentrations
   B. Flowables
   C. Wettable powders
   D. Dry flowables

7. Which of the following recommendations should be made to a homeowner prior to a flea treatment?
   A. Replace all air-conditioner filters
   B. Wash and open all windows
   C. Sweep and clean all tile and wood floors
   D. Unplug all electrical appliances

NOTICE OF ELIGIBILITY

You are eligible to participate in the written examination for licensure. This is the ONLY notice of eligibility you will receive from the Board for this examination. Your address label contains important date information. In the upper left corner of the address label (above your name) is the date your application for examination was approved; following that is the date by which you must take your examination. You must take the written examination by the date specified on the label, or you will be required to re-apply.

This handbook provides important information regarding written examination procedures and content. To schedule your examination, please refer to the instructions in this handbook.
