TAKING THE WRITTEN EXAMINATION (COMPUTER BASED)

The examination will be administered via computer. You will be using a mouse and computer keyboard.

IDENTIFICATION SCREEN

You will be directed to a semiprivate testing station to take the examination. When you are seated at the testing station, you will be prompted to confirm your name, identification number, and the examination for which you are registered.

TUTORIAL

Before you start your examination, an introductory tutorial is provided on the computer screen. The time you spend on this tutorial, up to 15 minutes, DOES NOT count as part of your examination time. Sample questions are included following the tutorial so that you may practice answering questions, and reviewing your answers.

TEST QUESTION SCREEN

The “function bar” at the top of the test question screen provides mouse-click access to the features available while taking the examination.

The screenshot shows a web-based examination interface. At the top, there is a navigation bar with icons for Mark, Comments, Goto, Help, and End. Below this is a status bar showing 'Question: 3 of 40', 'Answered: 2', 'Unanswered: 1', 'Marked: 0', 'View: All', and 'Time Left(Min): 359'. The main content area displays question 3: 'What do the stars on the United States of America's flag represent?'. Below the question, it says '(Choose from the following options)'. There are four radio button options: 1. Presidents, 2. Colonies, 3. States, and 4. Wars. At the bottom of the question area, there are '<< Back' and 'Next >>' buttons. The URL 'WWW.PSIXAMS.COM' is visible at the bottom left of the page.

One question appears on the screen at a time. During the examination, minutes remaining will be displayed at the top of the screen and updated as you record your answers.

IMPORTANT: After you have entered your responses, you will later be able to return to any question(s) and change your response, provided the examination time has not run out.

EXAMINATION REVIEW

PSI, in cooperation with DORA, are consistently evaluating the examinations to ensure that the examinations accurately measure competency in the required knowledge areas. While taking the examination, examinees will have the opportunity to provide comments on any questions, by clicking the Comments link on the function bar of the test question screen.

These comments will be analyzed by PSI examination development staff. PSI does not respond to individuals regarding these comments, all substantive comments are reviewed. **This is the only review of examination materials available to candidates.**

SCORE REPORTING

Examination results are provided to you immediately following completion of the examination. You must score at least 70 percent to pass the examination. The following summary describes the score reporting process:

- If you answered “NO” to all screening questions in Section 3 of the *Licensure by Examination Application*, and have never worked in Colorado as an esthetician, you will immediately receive a successful notification, photo-bearing pocket card
- If you answered “Yes” to one or more of the screening questions in Section 3 of the *Licensure by Examination Application*, or have previously worked in Colorado as an esthetician, approval from the Office of Barber and Cosmetology Licensure will be necessary before PSI can mail the photo-bearing pocket card.
- If you **do not pass**, you will immediately receive an unsuccessful score report including the diagnostics indicating your strengths and weaknesses by examination type.

DUPLICATE SCORE REPORTS

You may request a duplicate score report after completing the examination by emailing scorereport@psionline.com or by calling (855) 229-9302.

ESTHETICIAN WRITTEN PORTION

The written examination will consist of multiple choice questions and “pretest” questions. (Pretest questions are questions on which information is being collected for use in making future exams. Your answers to pretest questions do not affect your score. Pretest questions are mixed in with the scored questions and are not identified.) You will have 1 hour and 40 minutes to take this examination.

PREPARATION TIPS FOR THE WRITTEN EXAMINATION

The following suggestions will help you prepare for the examination.

- Planned preparation increases your likelihood of passing.
- Start with a current copy of this Candidate Information Bulletin and use the examination content outline as your starting point.
- Take notes on what you study. Putting information in writing helps you commit it to memory and it is also an excellent business practice. Underline or highlight key ideas that will help with a later review.
- Discuss new terms or concepts as frequently as you can with colleagues. This will test your understanding and reinforce ideas.
- Your studies will be most effective if you study frequently, for periods of about 45 to 60 minutes. Concentration tends to wander when you study for longer periods of time.
