Test Site Location: _____

PURPOSE

This handbook serves as your notice of eligibility and is designed to provide you with general information regarding the Licensed Marriage and Family Therapist (MFT) California Clinical examination process and content.

EXAMINATIONS BY PSI

The State has contracted with PSI to conduct its examination program. PSI provides examinations through a network of computer examination centers in California and ten additional nationwide sites.

All questions regarding the scheduling and administration of examinations should be directed to PSI.

EXAMINATION SCHEDULING PROCEDURES

The PSI examination centers are open for testing during normal working hours of 8:00 AM to 5:00 PM Monday through Friday, and operating hours on Saturday, except for the following major holidays:

Thanksgiving	Closed November 28-29, 2019
Christmas	Closed December 24-25, 2019
New Years Day	Closed January 1, 2020
Martin Luther King Jr.	Closed January 20, 2020
Memorial Day	Closed May 25, 2020
Independence Day	Closed July 4, 2020
Labor Day	Closed September 7, 2020
Thanksgiving	Closed November 26-27, 2020

INTERNET SCHEDULING

You may schedule your test by completing the online Test Registration Form. The Test Registration Form is available at PSI's website, www.psiexams.com. You may schedule for a test via the Internet 24 hours a day.

1. Complete the registration form online and submit your information to PSI via the Internet.
2. Upon completion of the online registration form, you will be given the available dates for scheduling your test.
3. You will need to choose a date to complete your registration.

4. Upon successful registration, you will receive a traceable confirmation number.

TELEPHONE SCHEDULING

You may call PSI at (877) 392-6422, Monday through Friday between 4:30 am and 7:00 pm, or Saturday-Sunday, between 6:00 am and 2:30 pm, Pacific Time, to schedule your appointment for the test. Scheduling services are also available via our Telecommunications Device for the Deaf (TDD) by calling 800.735.2929.

CANCELING AN EXAMINATION APPOINTMENT

You may cancel and reschedule an examination appointment without forfeiting your fee *if your cancellation notice is received two (2) days prior to the scheduled examination date*. For example, for a 9:00 a.m. Monday appointment, the cancellation notice would need to be received before 9:00 a.m. on the previous Saturday. You may call PSI at (877) 392-6422. Please note that you may also use the automated system, using a touch-tone phone, 24 hours a day in order to cancel and reschedule your appointment.

Note: A voicemail or email message is not an acceptable form of cancellation. Please use the PSI Website or call PSI and speak directly to a Customer Service Representative.

MISSED APPOINTMENT OR LATE CANCELLATION

If you miss your appointment, you will not be able to take the examination as scheduled, further you will forfeit your examination fee, if:

- You do not cancel your appointment 2 days before the scheduled examination date;
- You do not appear for your examination appointment;
- You arrive after examination start time;
- You do not present proper identification when you arrive for the examination.

RE-EXAMINATION

Candidates who fail are eligible to re-take this examination. A Request for Re-examination form will be provided with the score report at the test center or may be obtained by contacting the BBS.

To apply for re-examination, candidates must complete the form and submit it to the BBS with the correct fee. A notice confirming your eligibility for re-examination will be sent approximately 90 days from the date of the examination. Candidates are permitted to take the examination four times in a 12-month period.

CANDIDATES MUST PARTICIPATE IN THE EXAMINATION WITHIN ONE YEAR OF FAILING A PREVIOUS EXAMINATION.

Sample Scenarios:

- Arnold failed his California Clinical Examination on 4/22/14. He must retake his California Clinical Examination no later than 4/22/15.

- Danny received notice of eligibility to take the California Clinical Examination on 1/18/14. He must take this Examination no later than 1/18/15.

EXAMINATION SITE CLOSING FOR AN EMERGENCY

In the event that severe weather or another emergency forces the closure of an examination site on a scheduled examination date, your examination will be rescheduled. PSI personnel will attempt to contact you in this situation. However, you may check the status of your examination schedule by calling (877) 392-6422. Every effort will be made to reschedule your examination at a convenient time as soon as possible. You will not be penalized. You will be rescheduled at no additional charge.

SPECIAL ACCOMMODATIONS AVAILABLE

Do not call PSI to schedule your examination until you have received written notification from BBS regarding your request for accommodations.

All examination sites are physically accessible to individuals with disabilities. Scheduling services are also available via our Telecommunications Device for the Deaf (TDD) by calling 800.735.2929.

The Board and PSI recognize their responsibilities under the Federal Americans with Disabilities Act and the California Fair Employment and Housing Act by providing testing accommodations or auxiliary aids or services for candidates who substantiate the need due to a physical or mental disability or qualified medical condition.

Accommodations will not be provided at the examination site unless prior approval by the BBS has been granted. Reasonable, appropriate, and effective accommodations may be requested by submitting a "Request for Accommodation" package. This package is available by contacting the Board or online at <http://www.bbs.ca.gov/pdf/forms/specaccom.pdf>.

Requests for accommodation must be received a minimum of 60 days prior to the desired test date to allow for processing. Accommodations that fundamentally alter the measurement of the skills or knowledge the examinations are intended to test will not be granted.

REPORTING TO THE EXAMINATION SITE

On the day of the examination, you must arrive at least 30 minutes prior to your scheduled appointment time. This allows time for check-in and identification verification and provides time to familiarize yourself with the examination process. If you arrive late, you may not be admitted to the examination site and you may forfeit your examination registration fee. Even though candidates will be thumb printed, you are still required to comply with any identification requirements established by the appropriate regulatory entity.

REQUIRED IDENTIFICATION AT EXAMINATION SITE

You must provide one of the following valid forms of government-issued identification before you may examine:

- A photographic Driver's License (any state)
- State identification card (any state)
- U.S. military identification
- Valid passport - any country (valid foreign passport with valid record of arrival/departure - Form I-94 or processed for I-551 stamped in a valid foreign passport)
- U.S. Government-issued passport card.

All photographs must be recognizable as the person to whom the identification card was issued. The name on the application must match the photographic I.D. card.

If you have recently changed your name with the BBS, you may want to contact PSI to verify that they have the correct same name on file.

If you cannot provide the required identification, you must call (877) 392-6422 at least 3 weeks prior to your scheduled appointment to arrange a way to meet this security requirement. *Failure to provide all of the required identification at the time of the examination without notifying PSI is considered a missed appointment, and you will not be able to take the examination.*

CALIFORNIA LAW SECURITY PROCEDURES

Section 123 of the California Business and Professions Code states: It is a misdemeanor for any person to engage in any conduct which subverts or attempts to subvert any licensing examination or the administration of an examination, including, but not limited to:

- Conduct which violates the security of the examination materials;
- Removing from the examination room any examination materials without authorization;
- The unauthorized reproduction by any means of any portion of the actual licensing examination;
- Aiding by any means the unauthorized reproduction of any portion of the licensing examination;
- Paying or using professional or paid examination-takers for the purpose of reconstructing any portion of the licensing examination;
- Obtaining examination questions or other examination material, except by specific authorization either before, during, or after an examination; or
- Selling, distributing, buying, receiving, or having unauthorized possession of any portion of a future,

current, or previously administered licensing examination.

- Communicating with any other examinee during the administration of a licensing examination.
- Copying answers from another examinee or permitting one's answers to be copied by another examinee.
- Having in one's possession during the administration of the licensing examination any books, equipment, notes, written or printed materials, or data of any kind, other than the examination materials distributed, or otherwise authorized to be in one's possession during the examination.
- Impersonating any examinee or having an impersonator take the licensing examination on one's behalf.

Nothing in this section shall preclude prosecution under authority provided for in any other provision of law. In addition to any other penalties, a person found guilty of violating this section, shall be liable for the actual damages sustained by the agency administering the examination not to exceed ten thousand dollars (\$10,000) and the costs of litigation.

IMPORTANT INFORMATION ABOUT TAKING AN EXAMINATION

1. All candidates will have their thumbprint taken during examination check-in. The thumb print must be matched after candidates return from a restroom break and any time the candidate leaves and returns to the test site after check-in.
2. The temperature in the testing room is maintained at a moderate level. Candidates are advised to layer clothing. Acceptable layered clothing includes lightweight shirts, sweaters, and pullovers without pockets or hoods. These items must be worn upon check-in, while you wait to enter the testing room, and during your initial seating for the examination. If the layered item is removed during the examination, you will be required to store it in the lobby while time continues to count down on your examination. Outerwear (coats, heavy jackets, vests, shawls, scarves, etc.) is not allowed in the testing rooms.
3. There are timing mechanisms available in the testing room and on the computer console to help candidates keep track of time during the test administration. Candidates are not permitted to bring watches or other timekeeping devices into the testing rooms.
4. Only one candidate will be allowed to take a restroom break at a time. Candidates are required to sign out when leaving and returning to the testing room. If a candidate's restroom break takes longer than 5 (five) minutes, a proctor will check on the candidate and will notify the applicable regulatory entity of the occurrence. The regulatory entity will investigate and take appropriate action.
5. The following is a non-exhaustive list of personal items that are not permitted in the testing rooms:

Purses	Briefcases/daypacks/luggage
Cellular phones	Pagers
Drinks (including water)	Food/candy/snacks/gum
Good luck items	Luggage

Calculators	Reading materials
Textbooks	Notes
Any recording device	Smart devices
Electronic devices	Headphones or earphones/earbuds
Personal pens or pencils	Therapeutic items
Cameras	Over-the-counter medication
Weapons	Fashion scarves
Hats/baseball caps/visors*	Sunglasses**
Bulky, large or noisy jewelry***	Prescription drugs****

**Headwear worn for religious purposes is subject to inspection.*

***Prescription and non-prescription eyeglasses may not be worn for the photo. Eyeglasses subject to inspection.*

****Jewelry that is allowed into the examination room is subject to inspection.*

*****Drugs that are medically necessary during the pendency of the examination may be brought into the examination site, in a container bearing a proper prescription label with the name of the candidate and of the drug; any such medication is subject to examination by a proctor upon check-in.*

Examination proctors will have considerable discretion to refuse permission of clothing and/or items that compromise the integrity or security of the examination.

During the check-in process, all candidates will be asked if they possess any of the prohibited items and all candidates will be asked to empty their pockets. If prohibited items are found during check-in, candidates must return these items to their vehicle or other place of safekeeping. Neither PSI nor the Department of Consumer Affairs will be responsible for the items. Any candidate possessing prohibited items in the testing room will have his or her examination results invalidated, and PSI will notify the appropriate regulatory entity of the occurrence.

6. Shoes must be worn at all times and feet are not permitted on the chairs. Feet must remain on the floor during examinations.
7. Copying any portion of the examination content by any means, or communicating examination content for the purpose of aiding its unauthorized reproduction, whether before, during, or after the examination, is a violation of PSI security policy and existing law. Either one may result in the disqualification or invalidation of examination results, the denial of your license, and may result in criminal prosecution.
8. If a candidate is asked by a proctor to step into the lobby during your examination, the proctor will suspend the candidate's examination, so all remaining test time will be retained.

Only candidates, and those individuals with prior regulatory entity approval, are allowed to be present in the testing sites.

If candidates require that an exception be made to ANY of the abovementioned security procedures, candidates must contact their regulatory entity PRIOR to the date of their examination.

The regulatory entity must provide the exception to PSI. NO EXCEPTIONS WILL BE MADE ON THE DAY OF THE EXAMINATION.

TAKING THE EXAMINATION BY COMPUTER

The examination will be administered via computer. You will be using a mouse and computer keyboard.

IDENTIFICATION SCREEN

You will be directed to a semiprivate testing station to take the examination. When you are seated at the testing station, you will be prompted to confirm your name, identification number, and the examination for which you are registered.

TUTORIAL

Before you start your examination, an introductory tutorial is provided on the computer screen. The time you spend on this tutorial, up to 15 minutes, DOES NOT count as part of your examination time. Sample questions are included following the tutorial so that you may practice answering questions, and reviewing your answers.

TEST QUESTION SCREEN

The “function bar” at the top of the test question screen provides mouse-click access to the features available while taking the examination.

The screenshot shows a computer interface for a test. At the top, there is a navigation bar with icons for Mark, Comments, Goto, Help, and End. Below this, a status bar displays: Question: 3 of 40, Answered: 2, Unanswered: 1, Marked: 0, View: All, Time Left(Min): 359. The main question area contains the text: "3. What do the stars on the United States of America's flag represent?". Below the question, it says "(Choose from the following options)". There are four radio button options: "1. Presidents", "2. Colonies", "3. States", and "4. Wars". At the bottom of the question area, there are two buttons: "<< Back" and "Next >>".

One question appears on the screen at a time. During the examination, minutes remaining will be displayed at the top of the screen and updated as you record your answers.

EXAMINATION RESULTS

At the end of your test, a pass or fail result will be shown on the screen and you will receive a printed score report. Numerical (raw) scores are provided to candidates who fail, but are not provided to candidates who pass. Your test results are confidential and are released only to you and your state licensing agency. To protect your privacy and to maintain the confidentiality of test results, score information is not given over the telephone.

FAILING SCORE REPORTS

The score report will indicate the candidate’s overall score and result, including the total number of items answered correctly. An asterisk will be provided in each section in which a candidate is deficient. This is intended to guide candidates in areas requiring additional preparation for re-testing.

ABANDONMENT OF APPLICATION/INELIGIBILITY

FIRST TIME EXAMINEES: In accordance with Title 16, California Code of Regulations Section 1806 (d) An application shall be deemed abandoned if the applicant fails to sit for examination within one year after being notified of eligibility. To re-open an abandoned application the candidate must submit a new application, fee and all required documentation, as well as meet all current requirements in effect at the time the new application is submitted if that candidate wishes to pursue licensure.

RE-EXAMINATION APPLICANTS: California Business and Professions Code Section 4984.72 states, “An applicant who fails the clinical examination may within one year from the notification date of that failure, retake the examination as regularly scheduled without further application upon payment of the fee for the examination. Thereafter, the applicant shall not be eligible for further examination until he or she files a new application, meets all requirements in effect on the date of application, and pays all required fees.”

Persons failing to appear for re-examination, once having been scheduled, shall forfeit any re-examination fees paid.

AFTER PASSING THE EXAMINATION

Candidates are eligible to apply for licensure after passing the California Clinical examination.

To apply, candidates must submit a Request for Initial License Issuance and the required fee to the BBS. Request for Initial License Issuance forms are provided with candidate result notices, are also available by contacting the BBS, and online at www.bbs.ca.gov.

When your license number is issued, it will be available on the BBS’ Web site. Your license certificate will be mailed within 30 working days of issuance.

INSTRUCTIONS FOR DETERMINING AMOUNT OF INITIAL LICENSE FEE

The amount of the initial license fee will be prorated and established according to the month of issuance (month fee received by the BBS) and expiration date of the license (candidate’s birth month).

Please refer to the Fee Chart to determine the amount you should submit with your Request for MFT Initial License Issuance.

Example 1: If your birth month is March and the BBS received your Request for Initial License Issuance in April, the fee

amount that should be submitted with your request is \$130.00. Your license would be valid for approximately 24 months.

Example 2: If your birth month is April and the BBS received your Request for Initial License Issuance in April, the fee amount that should be submitted with your request is \$70.00. Your license would be valid for approximately 13 months.

Your application shall be deemed abandoned if you fail to pay the initial license fee within one year after notification by the BBS of successful completion of the examination requirements.

STUDY MATERIAL AND COURSES

The LMFT Written Clinical examination outline contained in this handbook is the official standard for the material that will be covered on the examination. It is important for candidates to study the *Examination Items* section of this handbook and the examination outline. Should the examination outline or format change, ample notice will be provided and updates posted on the Board's Web site at www.bbs.ca.gov.

Candidates are encouraged to trust in and use their clinical education, experience, and judgment as a basis for responding to examination items. Examination preparation courses are not necessary for success in the examination, and are not a substitute for education and experience.

Should you decide to use examination preparation course materials or workshops, we strongly encourage you to become an informed consumer prior to purchase and to consider the impact that incorrect information could have on your examination performance.

The BBS does not supply examination preparation providers with confidential examination material. Additionally, it is unlawful for candidates to provide information regarding examination content to anyone.

OCCUPATIONAL ANALYSIS

The development of an examination program begins with an occupational analysis, which is a study of the profession designed to identify the tasks and knowledge required for independent practice. The results of the occupational analysis form the basis for the licensing examination and establish a link between the content of examination and the competencies required for independent practice. The Department of Consumer Affairs' Examination Validation Policy requires an occupational analysis be performed every three to seven years. The most recent occupational analysis for the LMFT profession was conducted in 2012.

The occupational analysis began by conducting interviews with LMFTs to gather information regarding the tasks associated with competent, independent practice in the profession and the knowledge required to perform those tasks. Multiple panels were then conducted with licensed practitioners who reviewed and refine the information obtained, and the finalized information was incorporated into a questionnaire. The questionnaire was administered to

licensed practitioners throughout California who were asked to provide ratings regarding the relative importance of and/or the frequency with which each task and knowledge were associated with their practice. The results of the questionnaire were then reviewed by additional panels of LMFTs to verify the critical tasks and knowledge required for competent, independent practice.

The results of the occupational analysis established the content and weighting of the LMFT Written Clinical Examination outline. The examination outline consists of six content areas:

1. Clinical Evaluation
2. Crisis Management
3. Treatment Planning
4. Treatment
5. Ethics
6. Law

Each of these content areas is divided into sections (see examination outline). **It is important that candidates prepare for the examination by studying the examination plan.**

EXAMINATION DEVELOPMENT

The LMFT Written Clinical Examination is developed and maintained by the Office of Professional Examination Services (OPES), a division of the Department of Consumer Affairs. OPES staff are test validation and development specialists who are trained to develop and analyze occupational licensing examinations.

The development process involves LMFT practitioners who serve as subject matter experts (SMEs). SMEs are trained by OPES staff in established examination development processes and measurement methodologies. The cooperative efforts among these members of the LMFT profession, OPES, and the BBS are necessary to achieve both the measurement and content standards for examination construction.

ESTABLISHING THE PASSING STANDARDS

The LMFT Written Clinical Examination measures the competencies required for independent practice. It is designed to measure those competencies at a level that SMEs agree is the minimum acceptable level for performance in the profession.

To establish pass/fail standards for each version of the Written Clinical Examination, a criterion-referenced methodology is used. The intent of this methodology is to differentiate between a qualified and unqualified candidate. The passing score is based on minimum competence criterion that are defined in terms of the actual behaviors that qualified practitioners would perform if they possessed the knowledge necessary to practice in a competent manner.

Using a criterion-referenced methodology to determine the passing standard, a panel of SMEs considers various factors that contribute to minimum acceptable competence for practice, such as prerequisite qualifications (e.g., education, training, and experience); the difficulty of the issues addressed in each

multiple-choice item; and public health and safety issues. By adopting a criterion-referenced passing score, the Board applies the same minimum competence standards to all candidates.

Because each version of the examination varies in difficulty, an important advantage of the criterion-referenced methodology is that the passing score can be modified to reflect subtle differences in difficulty from one examination to another, providing safeguards to both the candidate and the consumer.

A new examination version is implemented a minimum of four times per year to maintain examination security and the integrity of the licensing process.

EXAMINATION ITEMS

The LMFT Written Clinical Examination is comprised of 150 multiple-choice items and up to 20 pretest items. Pre-testing items allows performance data to be gathered and evaluated before the items are scored on an examination. These pre-test (“experimental”) items will be distributed throughout the examination and WILL NOT be counted for or against the examination score. Pretest items WILL NOT be identified to candidates.

All of the scoreable items in the Written Clinical Examination have been written and reviewed by licensed practitioners who served as SMEs. Items are based on the practice-related task and knowledge statements contained in the examination outline and are supported by reference materials. Statistical analyses have been performed on scoreable items to ensure measurement standards are met.

Items included on the Written Clinical Examination are directly related to clinical practice situations. Therefore, supervised clinical experience increases the likelihood of success on the examination. The types of clients and the overall presentation of the clinical situations and issues in the scenarios are consistent with mainstream practice for entry-level practitioners.

There is only one correct answer for each item. The ‘incorrect’ answers are typically common errors and misconceptions, true but not relevant statements, or incorrect statements. There are no ‘trick’ questions in the examination.

Candidates will have 4 hours to complete the examination.

THEORETICAL FRAMEWORK

Candidates should have an entry-level understanding of the primary theoretical orientations used in the field of marriage and family therapy (e.g., Cognitive-Behavioral, Humanistic-Existential, Postmodern, Psychodynamic, Systems).

Candidates will be required to evaluate the information presented in the clinical examination and select the best treatment plan and goals presented (for example) based on the theoretical orientation provided in the question.

If the question is specific to a theoretical orientation, the clinical examination will have enough context for a qualified

candidate to answer it correctly. That is, the degree of difficulty will be reasonable, allowing measurement of minimally acceptable competence criteria (i.e., entry level).

Clinical Evaluation:

1. A 25-year-old client initiates therapy with complaints of chronic depression and lack of motivation. The client currently lives with his grandparents, does not have any money, and is attempting to finish graduate school. He discloses that his parents had a traumatic divorce several years ago and he fears he will become like his father, who had an emotional breakdown and abused his mother. The client currently has a girlfriend who lives in another state, and he says he feels alone without her. Which of the following actions should the therapist take to assess this client?
 - A. Gather family history, explore client’s strengths, identify coping mechanisms
 - B. Gather family history, determine somatic symptoms, identify familial coping patterns
 - C. Explore substance use, determine somatic symptoms, identify coping mechanisms
 - D. Explore substance use, explore client’s strengths, identify familial coping patterns

Crisis Management:

2. A 36-year-old client initiates therapy and reports that the previous night she went on a date with a man she had met online. After dinner he raped her and then dropped her off at home as if nothing happened. She tells the therapist that she spent the night in the emergency room, and is afraid to go home because her assaulter knows where she lives. Which of the following actions should the therapist initially take in this crisis situation?
 - A. Re-establish the client’s feelings of control to reduce her sense of victimization
 - B. Evaluate the client’s support systems to identify a safe place for the client to stay
 - C. Develop the client’s trauma narrative of the event to desensitize emotional impact
 - D. Encourage the client to file a police report to protect other women from the perpetrator

Treatment Planning:

3. A 7-year-old client is brought to therapy by his mother, who states that the client has been moody and defiant at home and has been fighting with other children at school. She states that the client’s change in behavior began four months ago, following a foreclosure of the house that the family had lived in for several years. She further states that the client’s father did not move with them to the new apartment, and that despite the fact that he works constantly, they still face eviction so she is refusing to let him see the client. Which of the following goals should be included in the treatment plan for this case?
 - A. Decrease fighting at school and defiance at home
Re-establish appropriate relationships between family members
Refer the mother for financial assistance
 - B. Decrease fighting at school and defiance at home

Re-establish appropriate relationships between family members

Refer the mother for anger management

- C. Enhance impulse-control and attention span
Explore the marital relationship
Refer the mother for financial assistance
- D. Enhance impulse-control and attention span
Explore the marital relationship
Refer the mother for anger management

Treatment:

- 4. A 19-year-old college student is referred to therapy by her physician for symptoms of panic. Her physician declined to prescribe medication until the client has initiated therapy. The client, however, believes that only medication will control her symptoms and that therapy is a “waste of time.” Which of the following interventions would a cognitive-behavioral therapist use to address the client’s participation in therapy?
 - A. Interpret the client’s distorted cognitions and identify their connection to her current symptoms of panic
 - B. Explore the client’s disappointment with her physician and validate her automatic thoughts as a logical consequence
 - C. Examine the client’s assumptions regarding treatment and collaborate with her to promote a shift in personal conclusions
 - D. Role-play with the client to increase her assertiveness and encourage her to communicate her concerns directly with her physician

Ethics:

- 5. A therapist is currently involved in a contentious divorce and perceives his spouse as aggressive and unreasonable. The therapist begins meeting weekly with a colleague for consultation to prevent his feelings from impacting therapy with his clients. Three weeks later, a client who has been in ongoing therapy for symptoms of depression begins describing relationship difficulties that are similar to what the therapist is experiencing. Which of the following actions should the therapist take to manage the ethical issues involved in this case?
 - A. Provide continued treatment to the client and discuss the case with the colleague to monitor own feelings
 - B. Utilize limited self-disclosure and reassure the client of the therapist’s understanding to enhance therapeutic empathy
 - C. Explain the potential for bias on the part of the therapist and refer the client to an alternate therapist to provide ongoing treatment
 - D. Contain the therapist’s own feelings and focus discussions on the client’s depression to maintain consistency with established treatment goals

Law:

- 6. A 47-year-old client is referred for therapy by his pastor for complaints of problems in his marriage. The client wants to work on issues that involve only him, but mentions that he was in therapy with his wife several months ago. He wants to obtain the records from the previous therapist,

but does not want his wife to know he has sought treatment alone. Which of the following actions should the therapist take in this situation?

- A. Have the client sign a release to obtain treatment records that pertain to him
- B. Contact the previous therapist to request summary records of the client’s therapy
- C. Inform the client that the couple must each sign a release for previous treatment records (Key)
- D. Reassure the client that the records are not necessary because the treatment focus has changed

Answers: 1-A; 2-B; 3-B; 4-C; 5-A; 6-C

The exact number of items devoted to each content area or section may vary slightly from one examination version to another in accordance with the clinical features and key factors associated with the scenario presented. In addition, the items may apply to more than one content area. All multiple-choice items are equally weighted.

The following pages contain detailed information regarding examination content. The content areas, sections, and associated task and knowledge statements are provided. It is important for candidates to use this section as a study guide because each item on the LMFT Written Clinical is directly linked to this examination outline. Candidates are encouraged to use this section to consider their strengths and weaknesses in each area in preparing and studying for the examination.

I. Clinical Evaluation (20%) - This area assesses the candidate's ability to identify presenting problems and collect information to assess clinical issues and formulate a diagnostic impression.

<i>Section</i>	<i>Job Task</i>	<i>Associated Knowledge</i>
IA. Clinical Assessment (11%)	T1. Identify presenting problems by exploring client's initial concerns to determine purpose for seeking therapy.	K1. Knowledge of clinical interviewing techniques. K2. Knowledge of active listening techniques. K3. Knowledge of procedures used to gather intake information. K4. Knowledge of methods used to evaluate verbal and nonverbal cues.
	T2. Identify precipitating events related to client's presenting problems to determine impact on current level of functioning.	K3. Knowledge of procedures used to gather intake information. K55. Knowledge of the impact of psychosocial stressors on presenting problems and current functioning.
	T3. Identify unit of treatment (e.g., individual, couple, family) to determine the plan for therapy.	K5. Knowledge of factors influencing the choice of unit of treatment (e.g., individual couple, family).
	T4. Identify the family/couple's pattern(s) of interaction.	K18. Knowledge of the stages of the family life cycle. K19. Knowledge of the impact of disruption (e.g., divorce, loss) in the family life cycle. K20. Knowledge of patterns of interactions within couples. K21. Knowledge of patterns of interactions within families. K36. Knowledge of methods of collecting family history. K37. Knowledge of methods used to assess the impact of family history on family relationships.
	T5. Assess client's motivation for therapy by discussing client's expectations of therapeutic outcome.	K6. Knowledge of the role of client motivation in therapeutic outcome. K7. Knowledge of interventions used to facilitate engagement of involuntary clients in the therapeutic process. K33. Knowledge of methods used to gather information about client's values and beliefs.
	T6. Identify client's strengths to incorporate into the treatment plan.	K30. Knowledge of methods used to identify client's strengths. K31. Knowledge of link between client's strengths and coping skills.
	T7. Explore client's previous therapy experience(s) to determine impact on current therapeutic process.	K8. Knowledge of the effects of previous therapy on current therapeutic process. K12. Knowledge of cultural beliefs about therapy and mental health.
	T8. Assess for past/present addiction to determine how to proceed with treatment.	K13. Knowledge of the impact of addiction on physical, behavioral, affective, and cognitive functioning. K15. Knowledge of the effects of addiction on psychosocial functioning and family relationships. K62. Knowledge of assessment methods used to diagnose addiction.

I. Clinical Evaluation (20%) - This area assesses the candidate's ability to identify presenting problems and collect information to assess clinical issues and formulate a diagnostic impression.

<i>Section</i>	<i>Job Task</i>	<i>Associated Knowledge</i>
IA. Clinical Assessment, Cont. (11%)	T13. Explore impact of human diversity factors on client's presenting problems and treatment.	K10. Knowledge of the effects of human diversity factors on client's functioning. K11. Knowledge of the effects of level of acculturation on client's functioning. K12. Knowledge of cultural beliefs about therapy and mental health. K33. Knowledge of methods used to gather information about client's values and beliefs. K35. Knowledge of the implications of human diversity factors on client relationships. K39. Knowledge of the impact of diversity on family structure and values. K52. Knowledge of the impact of spirituality on the presenting problems and treatment.
	T15. Assess primary caregiver's willingness and ability to support dependent adult/minor client's treatment.	K43. Knowledge of methods used to identify the primary caregiver's level of involvement in therapy. K44. Knowledge of methods used to identify levels of influence of significant others on client's treatment. K45. Knowledge of methods used to identify support systems within social networks.
	T16. Assess influence of client's significant others to determine impact on treatment.	K36. Knowledge of methods of collecting family history. K37. Knowledge of methods used to assess the impact of family history on family relationships. K38. Knowledge of the effects of family structure and dynamics on the development of identity. K39. Knowledge of the impact of the cultural context on family structure and values. K44. Knowledge of methods used to identify levels of influence of significant others on client's treatment. K45. Knowledge of methods used to identify support systems within social networks.
	T17. Explore impact of the economic, educational, political, social, and work environment on client's presenting problems and treatment.	K45. Knowledge of methods used to identify support systems within social networks. K50. Knowledge of the impact of economic stressors on presenting problems and treatment. K51. Knowledge of the impact of sociopolitical climate on the therapeutic process. K55. Knowledge of the impact of psychosocial stressors on presenting problems and current functioning.
IB. Referral Services (2%)	T9. Evaluate client's medical history and current complaints to determine need for medical referral.	K24. Knowledge of the effects of physical condition on psychosocial functioning. K60. Knowledge of the impact of medication on physical and psychological functioning. K25. Knowledge of the relationship between medical conditions and psychosocial functioning. K26. Knowledge of factors or symptoms that indicate need for a medical evaluation.

I. Clinical Evaluation (20%) - This area assesses the candidate's ability to identify presenting problems and collect information to assess clinical issues and formulate a diagnostic impression.

<i>Section</i>	<i>Job Task</i>	<i>Associated Knowledge</i>
IB. Referral Services, Cont. (2%)	T10. Evaluate client's thought processes and behaviors that indicate a need for psychiatric referral.	K27. Knowledge of elements of a mental status examination. K29. Knowledge of application of mental status examinations. K32. Knowledge of psychological features or behaviors that indicate need for a psychiatric evaluation. K34. Knowledge of affective, behavioral, and cognitive factors that indicate the need for supplemental testing.
	T11. Evaluate client's affective, behavioral, and cognitive functioning that indicate a need for referral for testing.	K17. Knowledge of behavioral and psychological indicators of developmental disorders. K29. Knowledge of application of mental status examinations. K34. Knowledge of affective, behavioral, and cognitive factors that indicate need for supplemental testing.
	T12. Explore client's need for community resource referrals based on presenting problems and treatment.	K9. Knowledge of the effects of socioeconomic status on client's functioning. K46. Knowledge of community resources available to clients. K47. Knowledge of assessment methods used to identify client's need for community resources.
IC. Diagnosis (7%)	T18. Gather information from client about physical/psychosocial history to formulate a diagnostic impression.	K22. Knowledge of the stages of child/adolescent development. K23. Knowledge of the stages of adult development. K24. Knowledge of the effects of physical condition on psychosocial functioning. K25. Knowledge of the relationship between medical conditions and psychosocial functioning. K40. Knowledge of the impact of dynamics between the client and the work environment on presenting problem. K41. Knowledge of the impact of dynamics between the client and educational settings on presenting problem. K53. Knowledge of Diagnostic and Statistical Manual criteria used to identify diagnoses. K55. Knowledge of the impact of psychosocial stressors on presenting problems and current functioning. K61. Knowledge of criteria used to identify differential diagnoses.
	T19. Gather information from collateral sources about client to formulate a diagnostic impression.	K42. Knowledge of procedures used to gather information from professionals and other involved parties. K53. Knowledge of Diagnostic and Statistical Manual criteria used to identify diagnoses.
	T20. Administer standardized assessment instruments (e.g., depression/anxiety inventories, Mental Status Exam) to obtain diagnostic information.	K27. Knowledge of elements of a mental status examination. K28. Knowledge of methods used to administer a mental status examination. K29. Knowledge of the application of mental status examinations. K57. Knowledge of purposes of standardized assessment instruments. K58. Knowledge of methods of administration of standardized assessment instruments.

I. Clinical Evaluation (20%) - This area assesses the candidate's ability to identify presenting problems and collect information to assess clinical issues and formulate a diagnostic impression.		
<i>Section</i>	<i>Job Task</i>	<i>Associated Knowledge</i>
IC. Diagnosis, Cont. (7%)	T21. Formulate a diagnosis based on assessment information to use as a basis for treatment planning.	K53. Knowledge of Diagnostic and Statistical Manual criteria used to identify diagnoses. K54. Knowledge of procedures used to integrate assessment information with diagnostic categories. K55. Knowledge of the impact of psychosocial stressors on presenting problems and current functioning. K56. Knowledge of the influence of onset, frequency, intensity, and duration of symptoms to formulate a diagnosis. K61. Knowledge of criteria used to identify differential diagnoses.
	T22. Assess impact of addiction on client to develop a diagnostic impression.	K14. Knowledge of criteria used for differentiating addiction. K62. Knowledge of assessment methods used to diagnose addiction. K61. Knowledge of criteria used to identify differential diagnoses.
	T23. Assess impact of medication or physical condition to develop a diagnostic impression.	K25. Knowledge of the relationship between medical conditions and psychosocial functioning. K60. Knowledge of the impact of medication on physical and psychological functioning.

II. Crisis Management (12%) - This area assesses the candidate's ability to identify, evaluate, and manage crisis situations.		
<i>Section</i>	<i>Job Task</i>	<i>Associated Knowledge</i>
IIA. Crisis Assessment (6%)	T24. Assess severity of client's crisis to determine what immediate interventions are needed.	K63. Knowledge of methods used to identify crisis situations. K71. Knowledge of methods used to evaluate severity of client's symptoms. K83. Knowledge of the impact of previous trauma on current functioning. K85. Knowledge of the effects of current trauma on client's functioning.
	T25. Assess severity of client's addiction on the crisis to determine level of impairment.	K99. Knowledge of the indicators of being under the influence. K100. Knowledge of methods used to evaluate severity of client's addiction.
	T26. Evaluate client's potential for self-destructive and self-injurious behavior to determine level of intervention.	K63. Knowledge of methods used to identify crisis situations. K70. Knowledge of methods used to assess client's strengths and coping skills. K81. Knowledge of physical and psychological indicators of self-destructive and/or self-injurious behavior. K82. Knowledge of risk factors that indicate potential for self-destructive behavior.

II. Crisis Management (12%) - This area assesses the candidate's ability to identify, evaluate, and manage crisis situations.

<i>Section</i>	<i>Job Task</i>	<i>Associated Knowledge</i>
	T27. Assess for suicide potential by evaluating client's lethality to determine level of intervention.	K65. Knowledge of risk factors that indicate potential for suicide within age, gender, and cultural groups. K66. Knowledge of physical and psychological indicators of suicidality. K67. Knowledge of the effects of precipitating events on suicide potential. K81. Knowledge of physical and psychological indicators of self-destructive and/or self-injurious behavior. K82. Knowledge of risk factors that indicate potential for self-destructive behavior.
	T28. Evaluate severity of crisis situation by assessing the level of impairment to client's life.	K63. Knowledge of methods used to identify crisis situations. K64. Knowledge of crisis management protocols. K84. Knowledge of the impact of psychosocial stressors on client's functioning. K87. Knowledge of methods used to determine whether a client is gravely disabled.
	T29. Identify indicators of abuse/neglect by exploring client's situation to determine level of intervention.	K72. Knowledge of criteria used to determine situations that constitute high risk for abuse. K73. Knowledge of indicators of abuse. K77. Knowledge of indicators of neglect. K78. Knowledge of indicators of endangerment. K92. Knowledge of strategies used to address safety in situations of abuse.
	T30. Assess for domestic violence to determine level of intervention.	K63. Knowledge of methods used to identify crisis situations. K72. Knowledge of criteria used to determine situations that constitute high risk for abuse. K78. Knowledge of indicators of endangerment. K79. Knowledge of indicators of domestic violence. K92. Knowledge of strategies used to address safety in situations of abuse.
	T31. Evaluate level of danger client presents to others to determine need for immediate intervention.	K64. Knowledge of crisis management protocols. K80. Knowledge of risk factors that indicate client's potential for causing harm to others. K90. Knowledge of strategies used to deal with dangerous clients.
	T32. Explore client's trauma history to determine impact on current crisis.	K83. Knowledge of the impact of previous trauma on current functioning. K84. Knowledge of the impact of psychosocial stressors on client's functioning. K85. Knowledge of the effects of current trauma on client's functioning.
	T33. Explore the impact of human diversity factors on client's current crisis.	K97. Knowledge of the effects of human diversity factors on crises. K98. Knowledge of the effects of acculturation factors on crises.
IIB. Crisis Management (6%)	T35. Develop an intervention strategy to reduce potential for harm with/for client who has indicated thoughts of causing danger to self.	K86. Knowledge of strategies used to manage psychosocial stressors. K88. Knowledge of strategies used to reduce incidence of self-destructive/self-injurious behavior. K89. Knowledge of methods used to manage suicidality.
	T36. Develop an intervention strategy to reduce potential for harm with/for client who has indicated thoughts of causing danger to others.	K90. Knowledge of strategies used to deal with dangerous clients. K91. Knowledge of strategies used for anger management. K93. Knowledge of strategies used to manage situations dangerous to therapist. K95. Knowledge of referral sources used to manage crises.

II. Crisis Management (12%) - This area assesses the candidate's ability to identify, evaluate, and manage crisis situations.

<i>Section</i>	<i>Job Task</i>	<i>Associated Knowledge</i>
	T37. Develop an intervention strategy with/for a client in a potentially abusive situation to provide for safety of client and family members.	K92. Knowledge of strategies used to address safety in situations of abuse. K96. Knowledge of methods used to coordinate collateral services to manage crisis. K149. Knowledge of intervention methods used for treating abuse within families. K150. Knowledge of intervention methods used for treating the impact of violence.
	T60. Develop strategies to address the impact of crisis issues/psychosocial stressors on client's treatment.	K149. Knowledge of intervention methods used for treating abuse within families. K150. Knowledge of intervention methods used for treating the impact of violence. K151. Knowledge of interventions used for treating the impact of psychosocial stressors. K152. Knowledge of interventions used for treating the impact of trauma.
	T38. Provide referrals of viable resources to augment management of client's crisis.	K94. Knowledge of support systems used to manage crises. K95. Knowledge of referral sources used to manage crises. K96. Knowledge of methods used to coordinate collateral services to manage crisis.
	T39. Collaborate with involved parties to augment management of client's crisis.	K89. Knowledge of methods used to manage suicidality. K94. Knowledge of support systems used to manage crises. K95. Knowledge of referral sources used to manage crises. K96. Knowledge of methods used to coordinate collateral services to manage crisis.

III. Treatment Planning (20%) - This area assesses the candidate's ability to develop a comprehensive treatment plan and prioritize treatment goals based on assessment, diagnoses, and theoretical model.

<i>Section</i>	<i>Job Task</i>	<i>Associated Knowledge</i>
IIIA. Therapeutic Goals (2%)	T40. Establish collaborative treatment goals by integrating therapist and client perspectives about the presenting problems.	K101. Knowledge of strategies used to integrate client and therapist's understanding of the goals into treatment planning. K109. Knowledge of third party specifications (e.g., managed care, court-mandated, EAP) that impact treatment planning.
	T41. Prioritize treatment goals to develop course of treatment.	K102. Knowledge of factors that influence the frequency of therapy sessions. K103. Knowledge of strategies used to prioritize treatment goals. K104. Knowledge of methods used to formulate short-and long-term treatment goals.
	T57. Identify methods to monitor client's progress toward treatment goals and outcomes.	K105. Knowledge of criteria used to monitor therapeutic effectiveness. K106. Knowledge of procedures to measure therapeutic outcomes.
IIIB. Treatment Plan Development (8%)	T42. Formulate a treatment plan incorporating client's diversity to provide therapy sensitive to client's values, beliefs, and social environment.	K107. Knowledge of methods used to formulate a treatment plan within diverse populations. K108. Knowledge of theoretical modalities used to formulate a treatment plan. K111. Knowledge of adjunctive services within community/culture used to augment therapy.
	T52. Determine need for referral for adjunctive services to augment client's treatment.	K110. Knowledge of methods used to identify need for adjunctive services. K111. Knowledge of adjunctive services within community/culture used to augment therapy.

III. Treatment Planning (20%) - This area assesses the candidate's ability to develop a comprehensive treatment plan and prioritize treatment goals based on assessment, diagnoses, and theoretical model.

<i>Section</i>	<i>Job Task</i>	<i>Associated Knowledge</i>
Treatment Plan Development, Cont. (8%)	T53. Integrate community resources into treatment plan to support client's therapeutic goals.	K111.Knowledge of adjunctive services within community used to augment therapy. K112.Knowledge of methods used to integrate available community resources into treatment planning. K127.Knowledge of strategies to develop professional and community contacts to facilitate treatment.
	T54. Integrate information obtained from medical/mental health providers to formulate treatment plan.	K113.Knowledge of methods used to integrate information obtained from medical/mental health providers into treatment planning.
	T55. Integrate information obtained from involved parties to formulate a treatment plan.	K112.Knowledge of methods used to integrate available community resources into treatment planning. K114.Knowledge of methods used to integrate information obtained from collateral sources into treatment planning.
	T48. Formulate a treatment plan within a group therapy setting to provide a framework for client's therapy.	K122.Knowledge of the assumptions, concepts, and methodology associated with group therapy.
	T49. Formulate a treatment plan within a child/adolescent therapy context to provide a framework for client's therapy.	K123.Knowledge of the assumptions, concepts, and methodology associated with child/adolescent therapy.
	T50. Formulate a treatment plan with an evidence-based context to provide a framework for client's therapy.	K125.Knowledge of the assumptions, concepts, and methodology associated with evidence-based approaches.
	T51. Formulate a treatment plan with consideration of third party provisions (e.g., managed care, court mandated, EAP) to meet client's needs.	K109.Knowledge of third party specifications (e.g., managed care, court-mandated, EAP) that impact treatment planning.
	T56. Coordinate a treatment plan by collaborating with a multidisciplinary team.	K113.Knowledge of methods used to integrate information obtained from medical/mental health providers into treatment planning. K114.Knowledge of methods used to integrate information obtained from collateral sources into treatment planning. K115.Knowledge of factors associated with the use of a multidisciplinary team approach to treatment. K116.Knowledge of the impact of combining treatment modalities in treating problems or disorders.
IIIC. Theoretical Orientation (10%)	T43. Formulate a treatment plan within a cognitive-behavioral (e.g., REBT, CT) orientation to provide a framework for client's therapy.	K117.Knowledge of the assumptions, concepts, and methodology associated with a cognitive-behavioral approach.
	T44. Formulate a treatment plan within a humanistic/existential (e.g., gestalt, client-centered, experiential) orientation to provide a framework for client's therapy.	K118.Knowledge of the assumptions, concepts, and methodology associated with a humanistic-existential approach.
	T45. Formulate a treatment plan within a postmodern (e.g., narrative, solution-focused) orientation to provide a framework for client's therapy.	K119.Knowledge of the assumptions, concepts, and methodology associated with a postmodern approach.

III. Treatment Planning (20%) - This area assesses the candidate's ability to develop a comprehensive treatment plan and prioritize treatment goals based on assessment, diagnoses, and theoretical model.

<i>Section</i>	<i>Job Task</i>	<i>Associated Knowledge</i>
	T46. Formulate a treatment plan within a psychodynamic (e.g., attachment, depth psychology, object relations, self-psychology) orientation to provide a framework for client's therapy.	K120. Knowledge of the assumptions, concepts, and methodology associated with a psychodynamic approach.
	T47. Formulate a treatment plan within a systems (e.g., structural, strategic, multigenerational, communications) orientation to provide a framework for client's therapy.	K121. Knowledge of the assumptions, concepts, and methodology associated with a systems approach.

IV. Treatment (20%) - This area assesses the candidate's ability to implement, evaluate, and modify clinical interventions consistent with the treatment plan and theoretical orientation, including treatment outcomes and diversity factors.

<i>Section</i>	<i>Job Task</i>	<i>Associated Knowledge</i>
IVA. Therapeutic Intervention (8%)	T58. Maintain a therapeutic relationship with client to facilitate treatment.	K128. Knowledge of the components needed to maintain the therapeutic relationship. K129. Knowledge of strategies used to maintain a therapeutic relationship. K130. Knowledge of the impact of value differences between therapist and client on the therapeutic process. K201. Knowledge of strategies to promote client's autonomy within the therapeutic relationship.
	T59. Provide psychoeducation as it relates to client's treatment needs.	K167. Knowledge of use of psychoeducation as it relates to client's treatment needs.
	T64. Implement interventions consistent with child/adolescent therapy theories to facilitate client's treatment.	K144. Knowledge of the use of interventions associated with child/adolescent therapy. K145. Knowledge of the role of the therapist in child/adolescent therapy approach.
	T67. Implement interventions consistent with developmental stages to facilitate client's treatment.	K153. Knowledge of the use of interventions associated with developmental stages. K154. Knowledge of methods used to assist client to adjust to cognitive, emotional, physical, and spiritual changes associated with the life cycle. K155. Knowledge of methods used to address variations in the family life cycle process. K159. Knowledge of methods to address end of life issues. K160. Knowledge of methods used to address elder issues.
	T68. Implement interventions sensitive to client's diversity to enhance treatment outcomes.	K130. Knowledge of the impact of value differences between therapist and client on the therapeutic process. K156. Knowledge of approaches used to address diversity issues. K157. Knowledge of approaches used to address acculturation issues.
	T70. Implement interventions consistent with addiction models to facilitate client's treatment.	K148. Knowledge of intervention methods used for treating addiction.
	T71. Implement interventions consistent with group therapy theories to facilitate client's treatment.	K142. Knowledge of the use of interventions associated with group therapy. K143. Knowledge of the role of therapist from a group therapy approach.

IV. Treatment (20%) - This area assesses the candidate's ability to implement, evaluate, and modify clinical interventions consistent with the treatment plan and theoretical orientation, including treatment outcomes and diversity factors.

<i>Section</i>	<i>Job Task</i>	<i>Associated Knowledge</i>
	T72. Implement interventions consistent with evidence-based outcomes to measure therapeutic effectiveness.	K168. Knowledge of methods used to measure therapeutic outcomes.
	T73. Evaluate therapeutic effectiveness by monitoring client's progress to determine need for treatment plan revision.	K131. Knowledge of strategies used to monitor treatment progress. K168. Knowledge of methods used to measure therapeutic outcomes.
	T118. Develop strategies to address the impact of issues/psychosocial stressors in treatment.	K151. Knowledge of interventions used for treating the impact of psychosocial stressors. K152. Knowledge of interventions used for treating psychosocial stressors.
IVB. Theoretical Orientation Interventions (7%)	T61. Implement interventions consistent with cognitive-behavioral theories (e.g., REBT, CT) to facilitate client's treatment.	K132. Knowledge of the role of therapist from a cognitive-behavioral approach. K133. Knowledge of the use of interventions associated with cognitive-behavioral theories.
	T62. Implement interventions consistent with humanistic-existential theories (e.g., gestalt, client-centered, experiential) to facilitate client's treatment.	K134. Knowledge of the role of therapist from a humanistic-existential approach. K135. Knowledge of the use of interventions associated with humanistic-existential theories.
	T63. Implement interventions consistent with postmodern theories (e.g., narrative, solution-focused) to facilitate client's treatment.	K136. Knowledge of the role of therapist from a postmodern approach. K137. Knowledge of the use of interventions associated with postmodern theories.
	T65. Implement interventions consistent with psychodynamic theories (e.g., attachment, depth, object relations, self-psychology) to facilitate client's treatment.	K138. Knowledge of the role of therapist from a psychodynamic approach. K139. Knowledge of the use of interventions associated with psychodynamic theories.
	T66. Implement interventions consistent with systems theories (e.g., structural, strategic, multigenerational, communications) to facilitate client's treatment.	K140. Knowledge of the role of therapist from a systems approach. K141. Knowledge of the use of interventions associated with systems theories.
IVC. Adjunctive Services (2%)	T74. Implement referral for adjunctive services to augment client's treatment.	K169. Knowledge of referrals for adjunctive services.
	T75. Provide client with case management services (e.g., linkage to resources, monitor progress, advocate to reduce barriers to treatment) to enhance treatment results.	K170. Knowledge of the components of case management.
	T76. Advocate on behalf of the client for community resources to improve client's level of functioning.	K169. Knowledge of referrals for adjunctive services. K171. Knowledge of the principles of the Mental Health Services Act as related to the practice of therapy. K172. Knowledge of the application of the Mental Health Services Act principles as related to client treatment. K173. Knowledge of when consultation with other professionals is necessary to manage client's treatment.

IV. Treatment (20%) - This area assesses the candidate's ability to implement, evaluate, and modify clinical interventions consistent with the treatment plan and theoretical orientation, including treatment outcomes and diversity factors.

<i>Section</i>	<i>Job Task</i>	<i>Associated Knowledge</i>
IVD. Termination (3%)	T77. Determine client's readiness for termination by evaluating whether treatment goals have been met.	K161.Knowledge of changes in functioning that indicate readiness to terminate therapy. K162.Knowledge of issues related to the process of termination. K164.Knowledge of interventions used to initiate termination.
	T78. Develop a termination plan by assessing client's needs within framework of third-party specifications (e.g., managed care, court-mandated, EAP).	K165.Knowledge of the impact of third-party specifications (e.g., managed care, court-mandated, EAP) on termination.
	T79. Develop a termination plan with client to maintain therapeutic gains after treatment has ended.	K164.Knowledge of interventions used to initiate termination. K166.Knowledge of methods used to maintain therapeutic gains. K169.Knowledge of referrals for adjunctive services.
	T80. Integrate community resources to provide ongoing support to client following termination of treatment.	K162.Knowledge of issues related to the process of termination. K166.Knowledge of methods used to maintain therapeutic gains.

V. Ethics (16%) - This area assesses the candidate's ability to identify, apply, and manage ethical standards and principles in clinical practice.

<i>Section</i>	<i>Job Task</i>	<i>Associated Knowledge</i>
VA. Informed Consent/ Confidentiality (4%)	T81. Address client's expectations about therapy to promote understanding of the therapeutic process.	K174.Knowledge of ethical standards used to address expectations of the therapeutic process.
	T82. Evaluate client's ability to benefit from therapy to determine appropriateness of treatment.	K175.Knowledge of methods and ethical standards used to evaluate the client's ability to benefit from therapy.
	T83. Discuss management of fees and office policies to promote client's understanding of the treatment process.	K176.Knowledge of methods used to explain management of fees and office policies.
	T84. Inform client of parameters of confidentiality to facilitate client's understanding of therapist's responsibility.	K177.Knowledge of methods used to explain parameters of confidentiality. K178.Knowledge of methods used to explain mandated reporting. K180.Knowledge of confidentiality issues in therapy. K195.Knowledge of confidentiality issues related to couple/family therapy. K196.Knowledge of confidentiality issues related to group therapy. K202.Knowledge of the potential impact of the dissemination of client information through electronic media.
	T85. Inform parent/legal guardian and minor client about confidentiality issues and exceptions.	K179.Knowledge of minor client's right to confidentiality. K180.Knowledge of confidentiality issues in therapy.
	T88. Manage the impact of legal mandates (e.g., mandated reporting) on the therapeutic process.	K210.Knowledge of processes used to manage impact of mandated reporting.
	T94. Manage confidentiality issues to maintain integrity of the therapeutic relationship.	K179.Knowledge of minor client's right to confidentiality. K180.Knowledge of confidentiality issues in therapy. K181.Knowledge of strategies used to manage therapeutic relationship.

V. Ethics (16%) - This area assesses the candidate's ability to identify, apply, and manage ethical standards and principles in clinical practice.

<i>Section</i>	<i>Job Task</i>	<i>Associated Knowledge</i>
VB. Therapeutic Boundaries (4%)	T89. Assess for client's concurrent therapeutic relationships with other providers (e.g., counselors, therapists, psychologists, physicians) to evaluate impact on treatment.	K182. Knowledge of effects of concurrent therapeutic relationships on treatment.
	T95. Manage countertransference reaction to maintain integrity of the therapeutic relationship.	K181. Knowledge of strategies used to manage therapeutic relationship. K186. Knowledge of the impact of transference on countertransference dynamics. K192. Knowledge of strategies necessary to maintain therapeutic boundaries.
	T96. Manage potential dual relationships to avoid loss of therapist objectivity or exploitation of client.	K189. Knowledge of business, personal, professional, and social relationships that create a conflict of interest within the therapeutic relationship. K192. Knowledge of strategies necessary to maintain therapeutic boundaries.
	T97. Manage overt/covert sexual feelings within the therapeutic relationship to maintain integrity of treatment.	K181. Knowledge of strategies used to manage therapeutic relationship. K190. Knowledge of the implications of sexual feelings/contact within the context of therapy. K191. Knowledge of the impact of physical contact on the therapeutic process.
VC. Competency (3%)	T90. Manage clinical issues outside the therapist's scope of competence to meet client needs.	K184. Knowledge of criteria used to identify limits of therapist's scope of competence. K199. Knowledge of referrals used to provide continuity of treatment if the therapist is unable to continue therapeutic relationship. K200. Knowledge of methods used to facilitate transfer of client for continuity of treatment.
	T91. Determine therapist's scope of competence regarding treatment factors in client diversity.	K184. Knowledge of criteria used to identify limits of therapist's scope of competence. K185. Knowledge of areas of practice requiring specialized training.
	T92. Determine competency to provide professional services to client by assessing therapist's own cognitive, emotional, or physical impairment.	K187. Knowledge of effects of therapist's own cognitive, emotional, or physical impairments on the therapeutic process. K188. Knowledge of strategies used to manage therapist's own cognitive, emotional, or physical impairments on the therapeutic process.
VD. Therapeutic Relationship (5%)	T87. Manage therapist's own potential biases regarding human diversity factors.	K183. Knowledge of diversity factors that may affect the therapeutic relationship. K206. Knowledge of implications of the therapist's potential biases toward clients based on diversity. K207. Knowledge of the impact of diversity on client's functioning. K208. Knowledge of methods to manage therapist's feelings about client's treatment objectives that are outside the therapist's value system, beliefs, and attitudes.
	T86. Manage client's safety by evaluating risk factors.	K204. Knowledge of risk factors that indicate potential harm to self or others. K205. Knowledge of methods used to assess the severity of client's risk factors.
	T93. Manage the impact of ethical responsibilities on the therapeutic relationship.	K181. Knowledge of strategies used to manage therapeutic relationship(s). K193. Knowledge of the impact of ethical responsibilities on the therapeutic relationship.
	T98. Document treatment in client records according to standard of practice to facilitate continuity of care.	K194. Knowledge of standards of practice regarding content of client records.
	T99. Assist client in obtaining further treatment when therapist is unable to continue therapeutic relationship.	K198. Knowledge of ethical considerations for interrupting or terminating therapy. K199. Knowledge of referrals used to provide continuity of treatment if the therapist is unable to continue therapeutic relationship. K200. Knowledge of methods used to facilitate transfer of client for continuity of treatment.

V. Ethics (16%) - This area assesses the candidate's ability to identify, apply, and manage ethical standards and principles in clinical practice.

<i>Section</i>	<i>Job Task</i>	<i>Associated Knowledge</i>
	T100.Manage the termination process to maintain client's safety.	K203.Knowledge of ethical issues related to client abandonment.

VI. Law (12%) - This area assesses the candidate's ability to identify, apply, and manage legal standards and mandates in clinical practice.

<i>Section</i>	<i>Job Task</i>	<i>Associated Knowledge</i>
VI.A. Confidentiality, Privilege, and Exceptions (7%)	T102.Obtain client's written authorization to exchange confidential information.	K211.Knowledge of conditions and requirements for disclosing or obtaining confidential information.
	T104.Maintain limits of client confidentiality as required by law.	K211.Knowledge of conditions and requirements for disclosing or obtaining confidential information. K212.Knowledge of laws pertaining to mandated reporting of suspected or known abuse. K214.Knowledge of exceptions to confidentiality pertaining to mandated reporting requirements. K218.Knowledge of laws pertaining to mandated reporting of client's intent to harm others.
	T105.Initiate evaluation (e.g., involuntary hospitalization) after determining that the client is gravely disabled or a danger to self or others.	K226.Knowledge of legal criteria for initiating involuntary hospitalization.
	T106.Report client's intent to harm others as defined by mandated reporting requirements.	K218.Knowledge of laws pertaining to mandated reporting of client's intent to harm others.
	T107.Report cases of abuse as defined by mandated reporting requirements.	K212.Knowledge of laws pertaining to mandated reporting of suspected or known abuse. K197.Knowledge of the impact of exploitation of the client.
	T108.Comply with legal standards pertaining to treatment of minors.	K222.Knowledge of laws regarding consent to treat a minor. K223.Knowledge of methods used to ascertain who can consent to treat a minor when parental custody is in question. K224.Knowledge of laws pertaining to minor's rights to confidentiality.
	T109.Respond to client's requests for records as mandated by law.	K227.Knowledge of laws regarding client's requests for records.
	T110.Maintain security of client records as mandated by law.	K215.Knowledge of laws regarding security of client records.
	T111.Maintain treatment records as required by law.	K211.Knowledge of conditions and requirements for disclosing or obtaining confidential information. K213.Knowledge of laws regarding documentation of clinical services. K215.Knowledge of laws regarding to security of client records.

VI. Law (12%) - This area assesses the candidate's ability to identify, apply, and manage legal standards and mandates in clinical practice.

<i>Section</i>	<i>Job Task</i>	<i>Associated Knowledge</i>
	T112. Assert client privilege about requests for confidential information as mandated by law.	K219. Knowledge of laws regarding holder of privilege. K220. Knowledge of laws regarding exceptions to privilege. K221. Knowledge of laws regarding privileged communication. K228. Knowledge of laws regarding therapist's response to subpoenas. K229. Knowledge of laws regarding therapist's response to court orders for confidential information.
VIB. Professional Conduct (5%)	T101. Disclose fee structure for professional services to client as mandated by law.	K225. Knowledge of laws pertaining to disclosing fees for professional services.
	T103. Comply with legal standards pertaining to scope of practice to promote client's safety and welfare.	K217. Knowledge of laws that define scope of practice. K239. Knowledge of methods to maintain scope of practice when participating on a multidisciplinary team.
	T113. Comply with legal standards about sexual contact, conduct, and relations with client.	K216. Knowledge of laws regarding sexual conduct between therapist and client. K231. Knowledge of situations requiring distribution of the State of California, Department of Consumer Affairs' pamphlet entitled, Professional Therapy Never Includes Sex.
	T114. Comply with legal standards regarding advertising when informing the public of therapist's qualifications and services.	K230. Knowledge of laws regarding advertisement and dissemination of information pertaining to professional qualifications and services.
	T115. Comply with legal standards related to the Health Information Portability and Accountability Act (HIPAA).	K232. Knowledge of the application of HIPAA requirements. K202. Knowledge of the potential impact of the dissemination of client information through electronic media.
	T116. Comply with legal standards related to the practice of telemedicine.	K233. Knowledge of laws related to confidentiality of telemedicine. K234. Knowledge of methods to obtain informed consent prior to engaging in telemedicine. K235. Knowledge of laws related to the practice of telemedicine.
	T117. Comply with legal standards related to intern practice.	K236. Knowledge of disclosure requirements for interns. K237. Knowledge of legal requirements for supervisors of interns. K238. Knowledge of laws regarding payment for services related to interns.
