TUTORIAL

Before you start your examination, an introductory tutorial to the computer and keyboard is provided on the computer screen. The time you spend on this tutorial, up to 15 minutes, DOES NOT count as part of your examination time. Sample questions are included following the tutorial so that you may practice using the keys, answering questions, and reviewing your answers.

TEST QUESTION SCREEN

The “function bar” at the top of the test question screen provides mouse-click access to the features available while taking the examination.

The screenshot shows a web-based test interface. At the top is a 'function bar' with icons and labels for 'Mark', 'Comments', 'Goto', 'Help', and 'End'. Below this is a status bar displaying 'Question: 3 of 40', 'Answered: 2', 'Unanswered: 1', 'Marked: 0', 'View: All', and 'Time Left(Min): 359'. The main area contains a question: '3. What do the stars on the United States of America's flag represent?'. Below the question is a prompt '(Choose from the following options)' and a list of four options, each with a checkbox: '1. - Take notes on what you study. Putting information in writing helps you commit it to memory and is also an excellent business practice. Underline or highlight key ideas that will help with a later review.
- Discuss new terms or concepts as frequently as you can with colleagues. This will test your understanding and reinforce ideas.
- Your studies will be most effective if you study frequently, for periods of about 45 to 60 minutes. Concentration tends to wander when you study for longer periods of time.
